REGULAR ORDER OF BUSINESS.

By direction of the President pro tem. of the Senate, the Secretary of the Senate read sections of the Constitution of the State of California, and sections of the Political Code of the State, which provide for the two branches of the Legislature meeting in joint convention for the purpose of canvassing the votes cast for Governor and Lieutenant-Governor, as follows:

Of Article V of the Constitution:

Section 4. The returns of every election for Governor shall be sealed up and transmitted to the seat of government, directed to the Speaker of the Assembly, who shall, during the first week of the session, open and publish them in the presence of both houses of the Legislature. The person having the highest number of votes shall be Governor; but in case any two or more have an equal and the highest number of votes, the Legislature shall, by joint vote of both houses, choose one of such persons so having an equal and the highest number of votes for Governor.

Section 15. A Lieutenant-Governor shall be elected at the same time and places, and in the same manner, as the Governor, and his term of office and his qualifications of eligibility shall also be the same. He shall be President of the Senate, but shall have only a casting vote therein. If, during a vacancy of the office of Governor, the Lieutenant-Governor shall be impeached, displaced, resign, die, or become incapable of performing the duties of his office, or be absent from the State, the President pro tempore of the Senate shall act as Governor until the vacancy be filled or the disability shall cease. The Lieutenant-Governor shall be disqualified from holding any other office, except as specially provided in this Constitution, during the term for which he shall have been elected.

Of the Political Code:

Section 1292. When an election has been held to fill the office of Governor or Lieutenant-Governor, the Clerk of each county, in addition to the abstract made for transmission to the Secretary of State, must, as soon as the statement of the vote of his county is made out and entered upon the records of the Board of Supervisors, make two certified abstracts of so much thereof as relates to the vote given for such officers.

Section 1293. The Clerk must seal up each abstract separately, and indorse thereon "Election Returns for Governor and Lieutenant-Governor."

Section 1294. He must at once direct one copy to "The Speaker of the Assembly next to meet," address it to Sacramento, California, and deposit it, postpaid, in the postoffice.

Section 1295. The other copy he must direct and address in the same manner, and at once deliver it to a member-elect of the Legislature, or to a Senator who holds over; and the person to whom it is so directed must deliver it to the Speaker on or before the second day next after his election.

Section 1296. The returns for election for Governor and Lieutenant-Governor must, during the first week of the session, be opened, canvassed, and the result declared by the Speaker of the Assembly in presence of both houses.

Section 1297. No declaration of the result, commission or certificate must be withheld on account of any defect or informality in the return of any election, if it can with reasonable certainty be ascertained from such return what office is intended and who is elected thereto.

MESSAGE FROM THE GOVERNOR.

STATE OF CALIFORNIA, EXECUTIVE DEPARTMENT, }
SACRAMENTO, CAL., January 3, 1899. }

To the Assembly of the State of California

I herewith transmit to your honorable body my second biennial message; also, report of the State Board of Capitol Commissioners. Other reports this day reported to the Senate will be transmitted by that body to the Assembly.

JAMES H. BUDD, Governor.

SECOND BIENNIAL MESSAGE OF GOVERNOR JAMES H. RUDD.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
January 3, 1899. }

To the Senate and Assembly.

GENTLEMEN: I yield to my successor, with greater pleasure than I received from my predecessor, the Governorship of the State of California. When I was inaugurated, the financial condition of the State was deplorable; and the task before me, with a Legislature composed of political opponents, was a formidable one.

For a number of years the State had been under a financial cloud, and had pursued a slipshod, down-at-the-heel, borrow-from-Peter-to-pay-Paul policy.

Payments of its debts were delayed, and its warrants were at a discount on the street—a condition of affairs disgraceful at home and disastrous abroad.

Its institutions were under neither systematic nor uniform laws, the asylums were filling with those not entitled to shelter, and deficiencies were the order of the day.

Bounties were paid on coyote scalps and the indigent laws made the basis of gross frauds.

The Controller's estimates continued to increase from report to report, and the Legislatures augmented the amounts beyond all reason.

State property was at loose ends; no account was taken thereof; and no inventories given or required.

Imitations of food filled the markets, to the detriment of the real products of the State.

Adulterations abounded everywhere, and the laws of health were openly ignored.

Our roads were a disgrace, and the money spent upon them largely wasted through ignorance of the art of road-building.

County governments existed by permission only, as there was no constitutional law regulating them.

Tax-sharks thrived on the distress of the people.

Our Codes were practically shapeless, and my predecessor had urged the creation of a commission to put them in form.

The University of California suffered from lack of funds, and proper buildings had twice been denied the Affiliated Colleges.

Needless taxation was placed on the people for the useless institutions that had sprung up.

This was, in part, the condition of the State when I assumed the responsibilities of this office. As I relinquish them, I am glad to say that all these conditions have undergone a radical and permanent change.

FINANCES.

Of the many State funds there are four which derive their revenue, in whole or in part, from a tax on real and personal property. These are:

1. The University Fund, for which the law provides annually two cents on every hundred dollars of value of property in the State. This is a fixed charge and a "continuing" appropriation.

2. The Interest and Sinking Fund, which provides \$141,435 annually for interest on certain bonds of 1873, held by the State Treasury in trust for the State School Fund and University Fund—and for interest on moneys belonging to the Endowment Fund of the University. The amount to be raised for this fund is also fixed by law.

3. The State School Fund. This is the fund from which the State's portion of the expenses of our common schools is apportioned.

4. The General Fund. This is the fund from which the ordinary expenses of the State Government, other than for school purposes, are paid.

The only three of these funds which are included in the Tax Levy Bill and law are:

1. The Interest and Sinking Fund.

2. The School Fund.

3. The General Fund.

The first of these (the Interest and Sinking Fund) has but one source of revenue—taxes. The second (the School Fund) has several minor sources of revenue, but the principal one is the ad valorem tax on real and personal property. The amount to be raised for the School Fund does not depend upon the action of the Legislature, nor the Governor, for it is fixed on the basis of each census child between the ages of five and seventeen. Its expenditure is in no manner controlled by either the Legislature or Governor, nor do its accounts pass the scrutiny of the State Board of Examiners. It is apportioned "by the Superintendent and paid out upon the Controller's warrants."

The third fund (the General Fund) is made up principally from a tax on real and personal property, fixed by the tax levy law at each session of the Legislature. It is the fund from which appropriations, claims against the State, and ordinary expenses are usually paid. The amount included in the tax levy bill for this fund determines whether we will have high or low taxes. All the others—the Interest, the University, and School Funds—are fixed by existing laws and determined by established conditions.

It is the theory of the Government that the amounts included in the Tax Levy Bill for that fund shall be sufficient, with money on hand, to pay off all appropriations made during the session.

Whether or not the amount of the vetoed items or bills be included in the Tax Levy

Bill, the veto itself is a saving to the people, for, but for it, the amounts vetoed must be paid.

As its name indicates, the General Fund is the all important one. This has been recognized by Governors, by Treasurers, and by Controllers, and the condition of this fund has excited their utmost care and solicitude, because when it is exhausted the credit of the State is impaired, and the claims against it go unpaid. To maintain this fund, to pay the creditors of the State as their debts accrue, and to prevent the hawking of the Controller's warrants on the street, are things most desirable. Yet so careless has the State been in the past, so intent its officials in straining every energy to gain what is called a low tax rate (a thing of no particular significance, unless related to a fixed valuation of property, as will be shown hereafter) that the State has, year by year, willfully permitted the General Fund to become exhausted, and its creditors—the merchants and mechanics, the contractors and laborers, doing business with the State—to wait for months at a time for their money, or has compelled the Controller to make transfers of hundreds of thousands of dollars annually to save its credit.

CONDITION OF THE GENERAL FUND WHEN I BECAME GOVERNOR.

When I became Governor the balance in the General Fund was so small, and the demands against it so large, that its exhaustion long prior to the commencement of my first fiscal year was a certainty. The fund became exhausted in May, 1895; it became exhausted again in July, 1895, and so remained until December, 1895, when the first installment of taxes for the forty-seventh fiscal year was paid into the General Treasury.

This condition of affairs was the usual one. Against it a previous Governor had protested, the retiring State Treasurer in 1894 had detailed with much feeling the dishonor in this conduct of the State, and the State Controller, in his report of December 15, 1894, said:

"On June 9, 1893, the General Fund became exhausted, and at the close of the fiscal year, June 30th, it had been overdrawn to the extent of \$136,012 06, as is shown in the foregoing summary. Cash payments were not resumed until the first of January following, at which time this amount of outstanding warrants was over \$1,500,000."

This statement the Legislature should ponder, for the spectacle of a great State like California having its warrants in the streets to the amount of \$1,500,000 at a time is most discreditably. This occurred in December, 1893. Further and properly the Controller said:

"That such a condition of affairs should exist at any time is to be deplored, but it was especially unfortunate at that particular time, as the State was suffering greatly from the general financial distress then prevailing, and to have the State suspend payment subjected numbers of contractors, merchants, and employes of the State to great inconvenience and no small pecuniary loss. This condition of the General Fund is not unusual. It has been exhausted, with few exceptions, ever since the foundation of the State, but it can and should be guarded against in the future, and I cannot impress too strongly upon your Excellency and the Legislature the necessity of so doing."

In 1894 the Controller was compelled to make a transfer of \$860,000 from other funds with which to meet the demands against the General Fund. (See Controller's letter, Appendix A.)

The matter was so serious that I made this condition of the General Fund my special care, and determined to remedy the evil during my term of office.

To that end I required appropriation bills (concerning which I conferred with the Legislature) to contain a clause making the appropriations not available until the January following. I made it clear to the Chairmen of the Finance Committees of the two houses that the Tax Levy Bill for the forty-seventh fiscal year must provide sufficient to pay the debts, deficiencies, overdrafts, and outstanding warrants of previous administrations, and such claims as might legitimately come against the fund; that a one-twenty-fourth clause should be inserted in the General Appropriation Act to prevent deficiencies in the future; and that a sufficient surplus must be provided to leave a balance with which to pay demands between the beginning of a fiscal year and the payment of the first installment of taxes.

My requests were cheerfully followed.

Two millions of appropriations made by the Legislature were vetoed, and the expenditures from the fund were lessened by some half million of dollars a year by laws.

Through these matters combined, and with \$427,533 less in the Tax Levy Bill for the General Fund than in the bill for the two years ending June 30, 1891, the State has been placed upon a firm cash basis.

As the Controller said in his report of December 15, 1896:

"The General Fund is now in a most healthy condition, and should not be allowed to again become exhausted. As is shown in the foregoing summary, the balance in the fund on June 30th last was \$2,557,290 10, and at writing there still remains a heavy balance."

And in his report of December 15, 1898, only a few days ago, he says:

"During the two fiscal years covered by this report there has been no deficiency in this fund. The balance on June 30, 1898, as shown in the foregoing summary, was \$2,001,093 71. At this writing (December 1, 1898) there is a balance of \$665,538 06, and this will be largely increased during the present month by the incoming first installment of State taxes."

Here, certainly, are changes in the financial affairs of the State of great benefit to it,

accomplished under and by this administration. At the same time expenditures from the General Fund have been reduced hundreds of thousands of dollars annually.

The results of attempting to conduct this State on overdrafts and transfer funds is shown in the following table:

Tax levy for support of the Government General Fund, showing the date each year when the General Fund was exhausted, and when payment resumed.

July 1, 1889, to June 30, 1890.....	\$1,822,970 00

Resumed payment January, 1890.

On September 1, 1894, transferred from other funds to General Fund, \$710,000, and again on November 6, 1894, an additional \$150,000, in order to carry the General Fund on a paying basis until the December settlements of that year. But for this action the fund would have been exhausted on September 7, and before payments could have been resumed the General Fund would have been overdrawn to the extent of about \$895,000.

January 1, 1899, amount in State Treasury to credit of General Fund	2,184,189 23

GENERAL FUND RECEIPTS.

The balance of January 1, 1895, was only \$1,145,016 34. Against which was \$1,766,563 32 of available appropriations (demands), not including the estimated expenditures for orphans, indigents, etc. (Controller Colgan's letter of March 11, 1895. Appendix B.) Nor were the debts, deficiencies, etc., of the past included.

GOVERNOR MARKHAM'S TRUE BALANCE FROM GOVERNOR WATERMAN.

Governor Waterman during the entire first half of the fiscal year from July 1, 1890, to January 1, 1891, received from property taxes only \$187,218 94 in the General Fund, and left therein when his term expired, about January 1, 1891, \$125,019 82, to which was added during the month of January, 1891, the first month of Governor Markham's term, the sum of \$1,819,711 57, which makes \$1,944,731 39, the true balance chargeable to Governor Markham.

CHANGE OF LAW IN 1891, AND CONSEQUENT EXCESSIVE RECEIPTS.

The law providing for the payment of taxes in two installments did not take effect until July 1, 1891, so my predecessor received *all* the taxes paid into the General Fund for the entire year covered by the last six months of Governor Waterman's, and the first six months of his own, administration, as also the taxes for the last six months he served, which were paid in the month of December, 1894. By reason of this law he received during his first six months in office \$3,180,197 91, being the entire tax levy for the full forty-first year, of which he served but six months, and the sum of \$2,198,775 21 for the last six months he served. Making, with the taxes he received during the other years of his term, \$15,187,175 78.

TAX RECEIPTS.

Since my first fiscal year the amount of the Tax Levy Bill for the General Fund has been smaller than for any year since the forty-third fiscal year. The causes of the smallness of that year's fund are stated in the Controller's Report of 1892. The attempt

to make the Tax Levy Bill for the forty-third and forty-fourth fiscal years low was followed by consequences which might have been foreseen, *i e*, that the General Fund in 1892 and 1893 was overdrawn and exhausted to the extent of \$1,971,113 00, a condition commented upon by the Controller in his Report of 1894 as most deplorable and leaving the creditors of the State to hawk their warrants on the public streets. (See Controller's letter of December 8, 1897, appended; also Controller's Report of December 15, 1894.)

The Tax Bill of 1895 for the General Fund was nearly half a million dollars less than the Tax Levy Bill for the same fund for the two years ending June 30, 1891.

The Tax Levy Bill for the last two years of my administration for this fund is \$5,107,204, or less than for any preceding period during eight years.

The appendix shows the levy for this fund during the periods from July 1, 1891, to and including June 30, 1899, both by legislative periods and by years, as well as the overdrafts or the immense transfers necessary to make the appropriation sufficient.

RECEIPTS FROM ALL SOURCES INTO GENERAL FUND.

January 1, 1891, to January 1, 1895	\$16,046,958
January 1, 1895, to January 1, 1899	14,188,245
Difference	\$1,858,713

Or nearly two million dollars less received into this fund during this than during the preceding administration. (Balances not included for reasons given above, and because the balance turned over by me to Governor (Ige is far greater than that turned over to me by my predecessor, and it is not mortgaged to such an extent.)

The receipts in which the taxpayer is most deeply interested are the tax receipts. Hence I give them separately.

TAX RECEIPTS 1891 TO 1899.

January 1, 1891, to January 1, 1895, total tax receipts	\$15,187,175 78
January 1, 1895, to January 1, 1899, total tax receipts	13,654,411 97
	\$1,532,763 81

Or one million and a half less during the last four years, notwithstanding the increase of State institutions, payment of past debts, deficiencies, etc.

EXPENDITURES FROM GENERAL FUND FROM 1891 TO 1899.

From January 1, 1891, to January 1, 1895, the expenditures from the General Fund were \$15,025,961 06. From January 1, 1895, to January 1, 1899, the expenditures from the General Fund are \$13,257,144 07, or less expenditures in favor of this administration by \$1,768,816 99.

This is shown by the Controller's figures, Appendix D; *i e*, there was expended during the past four years, with its increased institutions and inmates thereof, and not deducting any debts of the former four years, nearly two million dollars less.

But as the expenditures from this fund for this administration include the Affiliated Colleges and other buildings, the expenditures for the previous four years ought to include, as they do not, certain buildings constructed from tax funds made special and thus prevented from being subject to drafts on the General Fund, costing in all \$585,000.

In order to arrive at a true difference between the cost of the previous administration and this, from this fund, we must deduct from this administration the amount it paid for the former one, and add to the former one the debts paid for it by this.

By so doing and assuming the least possible claimed expenditure for deduction, we have—

Expenditures January 1, 1891, to January 1, 1895	\$15,025,961 06
Paid by this for past administration	1,000,000 00
Total	\$16,025,961 06
Expenditures January 1, 1895, to January 1, 1899	\$13,257,144 07
Deducting for expenditures for past administrations	1,000,000 00
Total	\$12,257,144 07

Thus making the cost from the General Fund properly chargeable to this administration \$3,768,816 99 less than for the preceding administration.

I give in Appendix D by years and half-years the Controller's figures for the expenditures from this fund.

Should we include buildings above mentioned, the difference would be over \$4,000,000.

BALANCES IN GENERAL FUND AT END OF EACH YEAR.

The balances on hand in this fund at the beginning of each of the fiscal years for several years past have been:

	Overdrawn.	Balance.
For the year ending June 30, 1893	\$136,012 96	
For the year ending June 30, 1894		\$777,062 00
For the year ending June 30, 1895		227,247 00
For the year ending June 30, 1896		2 257,290 00
For the year ending June 30, 1897		2,232,927 00
For the year ending June 30, 1898		2,001,093 00
For the year ending June 30, 1899 (estimated)		2,000,000 00

The balance was \$227,247 at the beginning of my first fiscal year. Since then it has been yearly over two million dollars. Nor has there been a single deficiency in the General Fund since December, 1895. And the balance at the beginning of Governor Gage's first fiscal year, July 1, 1899, should be over \$2,000,000.

With the Governor and both branches of the Legislature of the same political faith, it will be easy to keep this large balance in the General Fund and to maintain the credit of the State as we have established it.

But if either endeavor to economize by lessening the amount of the School Fund apportionment, it will have to be done by reducing the amount to be raised each year for each school census child, a crippling of the schools and a reduction of the salaries of the teachers. This is a proposition that has been advanced heretofore, but has not found favor, nor should it.

The number of State institutions and inmates maintained during the past four years largely exceed those maintained in former years, as the following table shows:

	Institutions	Average Population
1880	11	5,479
1890-93	13	6,536
1894	16	7,175
1895-98	16	8,078

Thus with more institutions and more inmates, the general cost to the State has been much less than during the former administrations.

THE CONTROLLER'S ESTIMATES AND RECOMMENDATIONS.

The laws of this State make the Controller its bookkeeper and the superintendent of its finances. His functions and responsibilities are greater than those of any other officer, the Governor excepted, and his recommendations entitled to the most profound consideration.

It is largely because of the lack of consideration given to the recommendations of Controllers that the affairs of this State, during the eight years preceding this administration, became so tangled and expensive, and the deficiencies of the General Fund so great. While the State has now been established on a cash basis and there is a very large sum in the General Fund, it may be easily dissipated if the present legislators disregard the Controller's recommendations. To show to what extent his estimate of the expenses of the Government has been ignored, I call your attention to the following brief table:

	Estimated	Tax Levy.
Dec. 1888—For two years ending June, 1891	\$4,144,520 00	\$8,022,010
Dec. 1890—For two years ending June, 1893	4,332,870 00	5,379,638
Dec. 1892—For two years ending June, 1895	5,660,890 00	7,575,145
Dec. 1894—For two years ending June, 1897	7,076,066 66	7,594,477
Dec. 1896—For two years ending June, 1899	6,027,164 16	5,107,204

The estimate for 1896 (after I had been in office two years) was less by over a million of dollars than the estimate of 1894, and the Tax Levy Law cut this down by nearly a million more. It was the first reduction in the estimate since 1888, although the State is now on a cash basis and has more institutions and many more wards to maintain.

SAVING BY MY VETOES OVER \$4,000,000.

In accordance with my avowed policy, I have vetoed a large number of appropriation bills and items. This was necessary to keep the expenses of the State within a certain limit, to provide for proper past claims, to place the State on a cash basis, and to prevent the constant exhaustion of the General Fund.

While the veto of items may or may not have been included in the Tax Levy Bill, still each appropriation, and each item—had it been allowed—would finally have become a claim against the Treasury and been paid by a tax upon the people.

The vetoes for the sessions of 1895 and 1897, inclusive, amounted to \$4,421,216 73, of which four millions is a saving to the people.

Yet when we consider the liberality with which appropriations have been allowed during this administration—the Debris Fund, \$250,000; improvements of our channels and rivers, \$300,000, the establishment of a Normal School at San Diego, additional buildings elsewhere, a University tax of two cents in place of one, and an increase of revenue sufficient to place the State on a cash basis and pay off the deficiencies and debts of previous administrations—it cannot be claimed that the veto power was too

severely used, although the amounts exceeded the combined vetoes of all other Governors of the State of California.

This saving of over four millions of dollars by vetoes in two sessions, or an amount sufficient to conduct the ordinary expenses of the State, other than schools, for one full year, is a matter of no little satisfaction to myself, and of material benefit to the taxpayers of this State.

TAX LEVY AND APPROPRIATION BILLS.

At the close of each session of the Legislature, and usually upon the last day, it passes what is known as the Tax Levy Bill. This bill provides that the Board of Equalization shall raise: For the General Fund, a certain amount named; for the Interest and Sinking Fund, a certain amount named; for the School Fund, a certain amount named. It further provides that five per cent shall be allowed for defaults. The theory of our Government is that the tax levy shall raise a sufficient amount to pay the ordinary expenses of the Government and the appropriations made by the Legislature.

Appropriation bills do not usually provide for raising the amount appropriated, but they direct that such sums shall be paid from any moneys "in the General Fund not otherwise appropriated." Usually appropriations have been largely in excess of the amount of the Tax Levy Law. This is a vicious practice. It requires the Governor to either use the veto power liberally, or allow of appropriations that will quickly exhaust available moneys in the Treasury. To stop such conditions, and to lessen the burdens of the taxpayers, I vetoed upwards of \$4,421,216 73.

And I also, by special message of March 20, 1897, demanded a reduction of the Tax Levy Bill, stating that unless reduced it would be vetoed by me, and in this manner saved nearly one million of dollars.

When the Tax Levy Bill is pending, the Legislature and the Executive calculate a tax levy of so many cents upon the hundred dollars, assuming that the valuation of property in a growing State will not fall. The tax rate, however, is a matter with which the Legislature has little to do, although a high rate is always charged against it as a sin of commission. The tax rate is fixed by the Board of Equalization and fixed largely in an arbitrary manner.

During the four years prior to my inauguration, the value of property in California was fixed by the Board of Equalization at never less for any one year than \$1,200,000,000. (See Controller's Report for 1896.) Yet the first year after my inauguration the Board dropped the valuation to \$1,134,282,013, in consequence of which the rate per one hundred dollars of valuation was 68½ cents, though under the least valuation for the preceding four years it would have been much lower than this.

The year following, owing to differences in the Board, the valuation was restored to its normal figure, being \$1,266,593,065, and the tax rates sunk to 42½ cents on the hundred dollars, the lowest tax rate ever reached in the State of California.

The following year the valuation of property was dropped again, and the rate forced to 51 cents upon the one hundred dollars.

This year certain members of the Board of Equalization telegraphed to Boards of Supervisors suggesting they ask for a reduction in the valuation in their counties, and many counties were reduced. This kind of equalization is very injurious to the State.

A high tax rate is injurious to any State, because people abroad, seeking investment, ask the rate, and do not understand the causes that have led a Board of Equalization to play battledore and shuttlecock with State values. They do not understand the combinations of equalizers. They do understand, however, that the constant shrinkage of values would ordinarily indicate a retrograding instead of a progressing State, and that low tax rates destroy property as a basis for loans.

The amount provided to be raised for the forty-ninth fiscal year by the Tax Levy Law was \$5,010,000. The tax rate was 51 cents. The amount provided by the same law to be raised for the fiftieth fiscal year is \$5,010,000, exactly the same as that for the forty-ninth fiscal year, and yet the rate is 48½ cents. Thus, to raise the same amount, a change of value makes a difference of 2½ cents in the tax rate.

I hope the Legislature may find some means of correcting this evil.

I desire, in passing, to state that the amounts of the last three Tax Levy Bills are over a million three hundred thousand dollars less than the pledge of my party.

TAXATION.

On this subject, I call attention to my former recommendation:

"To equally and fairly provide for and collect the revenue necessary for the support of the Government is always the most serious duty of the State. The burden of taxation so easily falls upon the material and tangible things, the real and personal property of a community, that the tendency is to levy upon such property-holding class an unjust share of taxation. Another numerous class of our people, in addition to such property, and often almost exclusive of it, are granted and enjoy under our laws an extremely valuable possession in the nature of corporate rights, privileges, and immunities. Such corporate advantages are always beneficial, and often the source of great profit. This class of property is very difficult to assess or value, and it generally fails to contribute its just share of revenue for the support of that Government by the sanction of which alone it enjoys its existence. Our Constitution-makers undoubtedly contemplated that this class should be taxed for the benefit of the State. I would, therefore, recommend that, under Section 11, Article XIII of the Constitution, you

formulate and impose upon all corporations in this State doing business for profit, a graduated income tax, so adjusted that they be required to pay only such sums as are strictly just and fair, and that equal justice be done among them."

The deeper one investigates, the more is he impressed with the need for some change in our system of taxation, and the sooner political parties make their State campaigns solely on State issues and matters of local concern during an election for State officers, the sooner will the matter be solved.

The extent to which personal property of a peculiar kind escapes taxation is shown by reference to seventy-one estates in California, and by a comparison of the appraised value of this class of property with its assessed valuation for taxation.

One decedent paid taxes on \$19,279 of personal property, whereas his personal estate was appraised shortly afterwards at \$6,844,914 28. Another paid taxes on \$5,875, while his estate was appraised at \$1,492,209 82.

And of the seventy-one estates the appraisement of personalty was \$11,945,205 30, as against an assessed value for taxation of \$188,414, and nearly a million of the personalty escaped assessment entirely.

There are two States in the Union, New Jersey and Pennsylvania, which do not tax, lands or the improvements thereon at all for State purposes; their taxation laws have been in operation for many years and have stood the tests of State and National courts. They place the burden where it belongs.

THE BOARD OF EXAMINERS.

This is the most important board of the State. Under its eye must pass every item of expenditure from the General Fund, except those of the National Guard.

A hurried glance at the proceedings before any Board of Examiners during the past eight years will prove the importance of this body.

One of the first acts of this administration was to endeavor to have passed a bill enlarging the powers of this Board. The bill passed the House, but was defeated in the Senate. I succeeded, however, in having grafted upon the General Appropriation Bill a clause known as the "one-twenty-fourth clause," by which all institutions and departments, unless excepted therefrom expressly, should expend one-twenty-fourth part only of the two years' appropriation during any one month. This gave to the Board absolute control over these expenditures, and concerning the clause the report of the present Board says:

"Section 4, General appropriation, and the one-twenty-fourth proviso. In years prior to the adoption of the one-twenty-fourth clause, State institutions frequently overdraw their accounts, and toward the end of the fiscal year the Board of Examiners would be compelled to grant them deficiencies, as prisons and insane asylums could not be closed and inmates turned out. These grants ranged from five thousand to ninety thousand dollars for each institution. This year not one institution asked for a deficiency, as the Board kept strict watch on their monthly demands and they are kept within their limit."

The session of 1895 allowed over one hundred thousand dollars deficiencies to institutions alone, not including officers. This year not a single institution has applied for a deficiency. The financial condition of State institutions in this regard from the forty-fifth to the fiftieth year is shown by the following table:

For the two fiscal years ending June 30, 1895, Agnews and Napa saved	\$19,992 15
For the two fiscal years ending June 30, 1897, the State institutions saved.....	80,230 96
At the present rate there will be saved for the forty-ninth and fiftieth years ending June 30, 1899.....	60,877 81
A total saving of.....	\$161,100 92

The Board has passed on claims amounting to \$7,519,256; has rejected claims amounting to \$46,840 79, has cut off claims and items amounting to \$102,932 24, being a total saving of \$149,773 02 during the past two years, not including the saving in deficiencies. And if we take the disallowances of the Board of Examiners for the two previous years ending December, 1896, it makes a total of rejections of \$898,769 29 during the four years. I commend a careful perusal of these reports of this Board.

RECOMMENDATION FOR A RECONSTRUCTION OF THE BOARD.

I make the following recommendation:

State officers should not be compelled to serve as members of the Board of Examiners, but if the Legislature decides that it must consist of them, then the officers should be the Controller, the Secretary of State, and the Governor. The one State officer who might, in any case, advantageously serve on the Board is the Controller, because of his position as superintendent of finance.

A CENTRAL BOARD.

I would recommend that the Governor and two State officers, to be designated by him, shall constitute a Central State Board, with full powers to advertise and let contracts for all State supplies, with the right of accepting all bids, or any parts thereof, for one or all of them. That all State buildings, if the cost is to exceed the sum of five

thousand dollars, he planned and constructed under the provisions of an Act with all the guarding clauses of the Building Act of 1876, the Governor and other members of the Board to be the officers who shall approve the plans and specifications thereof and changes therein, and they shall also finally approve the letting of any contract to any bidder for the construction of said building or any part thereof. In this connection I wish to state that the San Francisco Board of Harbor Commissioners have not acted under the Act of 1876. In 1895 I endeavored, as Governor, to have the Harbor Commissioners proceed under said Act, and urged that they do so. The Attorney-General of the State, W. F. Fitzgerald, also gave his opinion that the Act of 1876 was the one under which they should proceed. They refused to comply with the Act of 1876, either as to the original plans or the specifications thereof. As Governor I further objected to members of the Board expending on that building, foundation, and superstructure an amount in excess of \$600,000, which I deemed the full amount contemplated by the people for that purpose. Acting under legal advice, the then Board, not being of my appointees, again failed to comply with my desires, and the harbor building, foundations, and superstructure were contracted for and constructed at a cost of about \$1,000,000, and not in any manner under the Act of 1876. I brought the matter to the attention of the Legislature in my Biennial of 1897, but it declined to interfere with the action of the Board (which were not of my appointment) or to change the laws. Modifications of the original plans were made by a resolution of the Board in January, 1897, which modifications are the basis of the changes made thereafter. The construction of this building, from the time it was authorized by law to the time it was completed, was done in direct disregard and opposition to my opinion, expressed to the Commissioners themselves and to the Legislature of the State of California.

The proposed Central Board should also have the power to regulate the salaries, wages, and number of employes of all State institutions, and it should be required to equalize such wages so that equal services shall receive equal pay by those employed in conducting the State's business. It cannot now be done, because there is no General Board with full powers, and the local pressure is often too great for the local officials to withstand. In this connection, I desire to say that I appealed to the Legislature in my biennial message to permit the State Board of Examiners to limit the number of employes on the waterfront of San Francisco, and to regulate their wages. I recognized that when, in March, 1890, a Democratic Board of Harbor Commissioners turned the offices over to their successors, they had massed for the State, and there was in the treasury the sum of \$190,000, and that such moneys which had formerly been collected would not be saved under the system in vogue. The Legislature again refused to allow the Board of Examiners to interfere with the employes of the Republican Harbor Commissioners, as they had done two years before.

The Central Board should have the power of adopting a uniform system of book-keeping for the institutions of the State. It is one of our most needed reforms.

The Central Board should be given enlarged powers of inquiry, general and supervisory powers over all the institutions of the State, and appellate powers over the action of any board. The Legislature will recognize, as I said in my Inaugural, that the Governor is held responsible in the eye of the people for the conduct of the State, and especially of his appointees, and therefore should have some power over them.

It is also a fact that it is the duty of the Legislature to legislate for, and of the Executive branch of the Government to carry on, its institutions, and the sooner this is clearly considered and defined, the better for the State it will be in many respects.

ADULTERATIONS.

People who, to profit themselves, send fruit or wine or other products of the State abroad in either a diseased or an adulterated condition, should be most severely punished. The fruit products of this State have advanced within the last few years beyond all hope of home consumption; and unless a foreign market can be obtained the trees or vines, as the case may be, will have to be cut down and the lands used for other purposes.

At a meeting of the Board of Regents, on the 13th of last December, one of its most careful and conservative members, Regent Hallidie, stated that of our fruits shipped abroad much was infested with scale, and for these reasons was rejected. If publications be correct, the markets of the Old World are being closed against us by reason of this same lack of care, or worse, on the part of our shippers. Within the last month a report came from Mexico of the seizure of California wines because of their injurious adulteration. When the battleship "Wisconsin" was launched in San Francisco recently, a prejudice against our wine made itself manifest, as the people from the East who christened the ship did so with wines of foreign production.

At the Peace Jubilee, our wines were excluded from the list. During the last session of the Legislature, a pure wine law bill was passed, which I could not approve because of its manifest imperfections. I would recommend that a law be enacted making it a felony or a misdemeanor—in the discretion of the trial court—for any person to ship to a foreign market, either intentionally or through criminal negligence, diseased fruits or adulterated wine or food.

PURE FOOD LAW.

No improvement can be made on the Pure Food Law of March 26, 1895. The law is short and comprehensive. It has accomplished great good since its passage, and should

this Legislature impose on the State and local boards of health the enforcement of the same, it will accomplish all that can be desired by the most enthusiastic advocates of food regulations.

CATTLE AND QUARANTINE.

Your honorable body should certainly consider the passage of some proper quarantine law for cattle. This subject has been the cause of much hard work on the part of State officials and boards. Twice have eminent physicians been sent to Washington, D. C., in the hope of bettering our condition. Twice has it been necessary to request District Attorneys to enforce strictly the criminal statute of 1893, and almost constantly the Executive of the State, or the Secretary of the State Board of Health, has been engaged in correspondence and investigations on the subject. The present quarantine law is insufficient. Under the opinion of the Attorney-General of this State, the Contagious Disease Fund is applicable to contagious or infectious diseases of human beings only. A law should be passed giving full power to the State Board of Health to employ such assistance as may be necessary, and the moneys in the Contagious Disease Fund should be made to apply in cases of cattle quarantine in the same manner and to the same extent that they now do in cases of human quarantine.

The Department of Agriculture has relieved our condition. Its agents, with those of the State, have worked diligently. The quarantine lines, to meet the varying conditions, have been changed, but we have no proper laws to protect these lines. During the dry season, I was compelled to appeal to the Governors of other States for permission to transport and feed inspected cattle in their States. Had the cattlemen of California seen the necessity for action in this matter sooner, and aided the efforts of the Executive to secure the passage of a proper law as recommended, they would not have suffered so severely during the last dry season.

It may seem peculiar that a State which has spent on agricultural societies, within a few years, \$1,054,229, should not have on the statute books a proper law to protect its cattle, horses, sheep, or other animals or fowls; yet such is the fact, and, under the law, public funds cannot be directly used for such protection.

HEALTH.

During the administration, the subject of health has been much discussed in the State, owing to the passage of pure food laws by the Legislature, and the energetic and untiring efforts of the San Francisco Board of Health, who have established and enforced the best sanitary regulations in that city.

NUISANCE AT FOLSOM.

I again call attention to the nuisance at Folsom. The State Board of Health has pronounced against it, and called attention to the unhealthy condition of affairs existing there. The last Legislature failed to provide means to remedy the evil, though it was recommended. A deficiency was allowed in June, 1898, by the State Board of Examiners for this purpose. It has not been used, as the Board preferred to lay the matter before the Legislature. This evil should be remedied, for there is no reason why the waters of a stream from which the people of the Capital pump water for domestic purposes should be polluted in this manner.

OUR STATE INSTITUTIONS.

Prior to 1889, there were in California but eleven State institutions. The population of these was but 5,479. With inexpensive additions to the buildings and a few more attendants, the State could have handled the natural increase of inmates for twenty years. The Legislature passed laws increasing the asylums from three to five, although it had been reported two years previous by the Superintendent of the Stockton Asylum that that institution had carried on its records for many years a large number of inmates not entitled to admission thereto. If we must retain this class in State institutions, it should be in one not designated as an insane asylum.

As an example of economical and efficient management of a public institution of this class, I call attention to the San Francisco City and County Almshouse, under the supervision of Capt. E. A. Reddy, where the inmates, averaging 961, cost but 29 ¹/₁₀ cents per day, included in which amount are numerous and valuable improvements which have been made for the benefit and welfare of the city's wards.

I call attention to recommendations on this subject in my first Biennial, as I believe the State should be conducted on business principles.

THE STATE UNIVERSITY.

This institution has been specially favored during the past four years, and is now in a flourishing condition. In 1895, the Legislature passed an Act appropriating \$250,000 for the construction of Affiliated College Buildings in San Francisco. The site, a magnificent one, was donated by the late Mayor Sutro, and a series of buildings have been erected and opened without the Regents calling on the State for one dollar beyond the actual appropriation, the Regents having regarded the request of the Executive that the construction be under the provisions of the Building Act of 1876.

The liberality of the Legislature is appreciated by the people of this State. It was a proud occasion when one of the first graduates of the University of California could,

as its Governor, sign such a law, and as President of its Regents assist in putting it into effect. Besides this, the session of 1897, finding the University crippled for funds, passed a bill providing that two cents should be raised for the University in place of the one cent it had had before. This bill passed unanimously, and, where so many aided manfully in the good cause, it would be impossible to give special credit, but—as every member of the Legislature will recognize—the unanimity with which the bill was passed was largely due to the efforts of Assemblyman Wright, of Alameda. Since these two generous acts, the strides of the University have been powerful, and with the new vigor instilled and the younger blood to be infused, we may expect this institution, so long conducted with such care and propriety, soon to take its place among the great Universities of the world. For its material, systematic, and harmonious growth, we are largely indebted to our private citizens.

In the name of the State, I desire to publicly thank Mrs. Phoebe Hearst, Miss Jennie Flood, Louis Sloss, the Alaska Seal Company, and others, for their munificent gifts to this great institution during my administration.

OUR NORMAL SCHOOLS.

Our normal work has greatly improved under the new laws. Each institution is better and stronger than ever before, and its attendance much larger. The presidents all commend the new law, which has enabled them to work in so much unison and to such great advantage. I cannot better express my opinion on this subject than in the language of the reports herewith transmitted.

OUR STATE PRISONS.

For the reasons stated in my Biennial, the State prisons should be consolidated. The Legislature should close San Quentin, enlarge Folsom, and turn one of our reform schools into a prison for first-termers. In any event, one of our reform schools should be turned into a prison for first-termers, work given to fit them for honest employment, and ten per cent of their earnings laid aside with which to start in life when their terms have expired.

The long sentences prevalent in this State are matters for severe condemnation. The practice not only fills our prisons, but shuts out hope from the offenders. When we make a comparison with other States of the Union, we find our sentences for first-termers to be far greater than the average of other States. The youth of the offender should be considered, and Judges should be compelled to inquire into the circumstances, to which I alluded in my Biennial:

“I would advise that all Judges be required to inquire as to the habits, the bringing-up, the business, character, and antecedents of all persons convicted, and as to all facts tending to influence the person to commit crime, which could not be in evidence on the trial, and that a record be kept thereof and transmitted to the prisons themselves, for preservation and confirmation.”

The law as to burglary should be divided into more degrees, and the entry of out-houses, barns, sheds, chicken-houses, and the like, should not be punished with the severity meted out for the entry of a dwelling-house, with felonious intent, which cannot be too severely punished. So, the stealing of animals should be grand or petty larceny, according to the value of the animal stolen, and not in accordance with its kind.

DEAF, DUMB, AND BLIND.

Nothing can be added to what I said of the Deaf, Dumb, and Blind Institute in my first Biennial, and the same might well be repeated, except as to figures. I am still of the opinion that well-to-do parents who have children in this institution should be compelled to pay for their clothing, board, and tuition, instead of requiring the State to maintain them, as it does to-day.

GLEN ELLEN.

I consider this one of the best conducted and most useful institutions in the State. Here minds not strong enough to follow the teachings of our common schools are brought out, improved and developed by a system novel and interesting. Under a law passed in 1897, it has been placed in better condition than ever before. I refer to the abstract of the report of said committee, transmitted herewith, and fully indorse the same.

YOSEMITE COMMISSION.

The work of this Commission has continued excellent, as is shown by the synopsis of the report herewith transmitted. A larger appropriation should be allowed the Commissioners than heretofore. A building of stone, one and a half stories high, should be constructed on Glacier Point, which rivals any place in the world for scenic effects.

DISTRICT AGRICULTURAL SOCIETIES.

I have twice vetoed appropriations for these societies because the Legislature granted too much, and for too many.

The persistence with which they refused a proper reorganization, after the findings of two administrations against their number and their methods, is unreasonable. It has been the desire of this administration to see them reorganized into three, five, seven, or even nine societies, as might best serve the interests of the various sections.

The benefit they might be to the State and to each other, if organized, is apparent; but taking \$150,000 of the people's money each two years, and giving it to these societies, half to be spent in violation of law, is unjust and improper. I well understand how easy it is to receive the applause of those who desire the benefit of these gifts, and how severe is the abuse for refusing to pillage the treasury, but I now repeat that the appropriations claimed are outrages upon the taxpayers of the State.

In these vetoes alone, I have saved the State nearly three hundred thousand dollars.

ORPHANS.

In view of the recommendations of the Controller to change the laws relating to orphans and half-orphans, because of the large amounts expended therefor, I desire to call the attention of this Legislature to the fact that, in the past, we have expended large sums for much less worthy purposes.

In this connection, I desire to state that we should extend the period for which orphans and half-orphans are cared for, from fourteen to sixteen years of age. There should not be any reduction in the sum allowed for the maintenance of these children. A child of fourteen is ordinarily unable to care for itself.

HOSPITAL FOR THE INSANE.

The lunacy laws of California were amended during the year 1897, and the arrest and treatment of insane persons as criminals was stopped. The new law has worked well and economically thus far, but not to the extent possible. I would recommend that the Superintendents of the five hospitals and the General Superintendent be examined and their views obtained as to the workings of the law and the changes needed.

COUNTY CHARGE FOR MAINTENANCE.

A law should be passed making a fixed charge upon counties for each person sent therefrom to an insane asylum. In two classes of institutions such a charge has been imposed by recent laws, and in each case the law has worked to the benefit of the State. It creates little friction when once inaugurated, and compels the county officials to exercise the greatest care in looking into the antecedents of applicants, as well as into their ability to pay for accommodations. Such a plan would prevent many impositions. It is impossible for an officer in a State institution hundreds of miles from the patient's home to inquire into the matters as effectually or as cheaply as could the home county officials. How a similar law has worked in the reform schools is told by Superintendent Banks in his report of 1896. He said:

"By this time the law passed in 1895 (which put half the burden of expense upon the county) came into effect, and the courts became very careful in making commitments, and since that time the average number of admissions per month has been reduced."

The effect is shown in the following statement as to the population of the following institutions:

	1896	1898
Whittier, population	407	316
Ione, population	202	141

The Superintendent of Ione notes this decrease in population, and correctly ascribes the cause to the law. At Glen Ellen, a similar plan has been adopted with remarkable success.

GOVERNOR'S RESPONSIBILITIES.

I leave State institutions in far better condition and under better laws than they were when I became Governor. It is impossible, however, that some of the seventeen State institutions shall not be disturbed occasionally by some outbreak or petty quarrel among officials. The correction of these is not possible until the Legislature grants more powers to the Governor. Now when a trustee is appointed the Governor's power ceases entirely.

As I said to the Trustees of Preston School of Industry in my published letter of November 16, 1897:

"Gentlemen: You were appointed under the Act of February, 1893, to manage the Preston School of Industry, and charged by said Act 'with the general government and supervision of said school.'"

"The Governor of the State is neither a member of your Board nor has he authority to manage said institution; his powers are merely supervisory and advisory, to which end he may require information from you upon any subject relating to your duties. (Article V, Sec. 5, Civil Code)"

But, as I said in my message to the Legislature, "If the Governor is to be held responsible for the conduct of the departments whose incumbents he names, he should be given control of those functionaries," etc. Such control has not been given.

I appealed to the last two Legislatures to pass some law empowering the Governor to control the institution, and pointed out how much I had been embarrassed by the lack of such laws. Both Legislatures refused to pass the requisite bills, and I found myself helpless when occasion arose for severe and determined treatment.

If abuses exist they are the direct result of such failure to pass the bills recommended. I again recommend that "for cause and upon a hearing" the Governor be given the power to remove his own appointees.

What little power a Governor now has was exemplified by the matters connected

with the San Francisco waterfront until it became Democratic. I have discussed the subject in my remarks concerning a Central Board.

SCHOOL MATTERS.

There have been a number of suggested attacks on the State School Fund lately.

This fund is made up by a tax of a certain amount for each school census child. I have little doubt that some persons, economically mad, may attempt to lower the same in the interest of a claimed economy.

They will begin by attacking the amount apportioned by an administration as excessive. The Controller says: "The amount to be raised for the State School Fund by an ad valorem tax is seven dollars for each census child between the ages of five and seventeen years, which census is reported to the Controller by the Superintendent of Public Instruction on or before the tenth day of August of each year." And again: "The census returns of 1898 made by the County Superintendents and reported by the Superintendent of Public Instruction, give the aggregate number of school children of the requisite age as 374,624. The amount necessary to be raised by the tax levy for each of the fifty-first and fifty-second fiscal years is \$2,622,368." (Report of 1898.) Previous reports are to the same effect, showing that the amount raised is a matter of calculation merely.

The fact that my second year required only \$2195,459, while my successor's first year will require for this fund \$426,909 in excess of this amount, or nearly a million more in the next two years, is a matter of calculation only, with which he has no more to do than with the increase of census children. Neither can he thereby be charged with extravagance, because the same is not included in the general cost of the Government. If any one objects to the increased amount paid into the School Fund, he must reduce the amount per scholar—or reduce the scholars.

I am proud of the fact that the only tax funds of my term that have in any way equaled those of my predecessor's term are the School Fund, where of necessity and without my cooperation the expenditure has been over a million more than his, and the University Fund, where we have increased the tax one cent. The other two tax funds, the Interest and the General, have been much lower.

THE STATE PRINTER.

In his report of 1896, the State Printer said the Legislature of 1897 could easily save \$20,000 in its printing bills. The same Legislature's experts pointed out how from \$15,000 to \$20,000 more, also, might be saved. Neither suggestion was acted on. The Legislature appropriated for the State Printing Office:

First—\$40,000 for the School Book Fund. This was not needed. The Revolving Fund was sufficiently full for all practical purposes. The Controller had stricken this item from his estimates as unnecessary, and this year omits a recommendation in its favor. My veto of this item was a saving of \$40,000, which, added to the above admitted possible savings, would aggregate nearly \$40,000, had there been any desire to economize.

Second—The Legislature also included an item of \$275,000 for the Printing Office. This amount was sufficient to conduct the office until the session of the present Legislature only. This appears from the report of the State Printer of 1896, page 11.

The Legislature of 1895 had appropriated for the Printing Office \$250,000 originally, and the session of 1897 added to this \$82,500 for completing the work to June 30, 1897, a total of \$332,500—an immense sum, the benefits of which are not so easily seen. To this was added \$40,000 more for the School Book Fund, or \$372,500 for this office. With all this appropriation, marvelous as it may seem, the office did not finish its work that year.

I vetoed this last item of \$275,000 appropriated by the Legislature of 1897. It was excessive. Since July 1, 1897, we have had no State printing, and there has been no great inconvenience. All the necessary printing of the different tax departments of the State, and all that is necessary to be printed of the reports, could have been done during this period for less than \$50,000. Of course, printing cannot be done cheaply if the Printer be compelled, as now, to do all kinds of work requested by the various offices and institutions, nor if they are able to make of the printing office a stationery establishment, nor, yet, if legislators can carry their friends on the Printer's list, or interfere with his appropriations in case he refuses to comply with their requests.

The Printer should do none of the work for institutions like the State Library, the Harbor Commissioners, the Bank Commissioners, the Building and Loan Commissioners, and the numerous other boards which are not supported by a tax on the people. They have their sources of revenue separate and apart from ordinary State revenues, and should pay for their printing and binding therefrom.

Each institution or officer accorded printing privileges should have charged to his appropriation, the printing, as he now has charged any other article he buys. My veto has demonstrated the cheapness with which the work can be done in this manner.

In passing, I would say that the State Printer was willing to print in advance work for the Legislature that could not regularly be ordered for it prior to its organization, except by common consent. He was willing to print also, for the use of other officials, certain reports, none of which, under the law, are for delivery to your honorable bodies. In both of these matters he was supported by the State Board of Examiners, but some members of your body did not wish it so.

A STATE ROAD SYSTEM.

The Legislature of 1895 accepted the road leading from Placerville to Lake Tahoe. The Legislature of 1897 made a proper appropriation, and we now have one of the finest public roads in the mountains. I had hoped before this to have seen completed the model road from Sacramento to Folsom, thus leaving a gap of but thirty miles, which the State and counties could have closed during the next two years. In establishing a rock-crusher at Folsom and approving the Good Roads Commission law, I had in view a nucleus for a great system of highways for this State.

Road-building has been so crude that the money spent thereon annually (about one million seven hundred thousand dollars) appeared largely lost. To start upon a road system in all directions would be too great an undertaking; but to begin with a well-planned road like the Tahoe one; to establish a rock-crusher that could force down the price of rock values in Sacramento, Stockton, Marysville, and elsewhere; to, later, build a model road to Folsom, join it with the Placerville road; and to add to this, in time, one from Sacramento to Stockton, thence down the valley, then from Sacramento north, would establish the backbone of a road system with great possibilities.

As Sacramento County cannot vote bonds for its share of the road to Folsom under a Supreme Court decision, the State should build the road itself.

OUR NAVIGABLE RIVERS AND HARBORS.

The improvement of the navigable rivers and harbors of a State is a matter for the National Government. For years, however, the appropriations for the improvement of the navigable waters of the Sacramento, San Joaquin, and other channels leading to the bays of San Francisco, Suisun, and San Pablo, have been so small as not to meet requirements. For this reason in my first biennial message I recommended:

"This State has in recent years expended millions of dollars in the construction and furnishing of buildings and in their maintenance for the benefit of the wards of the State. It has expended thousands of dollars under a Commissioner of Public Works, under the Act of 1893, and in 1893 passed a law providing for the expenditure, by a Debris Commissioner, of a quarter of a million of dollars for the protection of the sources of our rivers, while upon the navigable portion of those rivers themselves they have not expended, for years past, one dollar. Our rivers are the natural arteries of the State for commerce. South of the Tehachapi the southern harbors have and will receive millions of dollars from the National Government. To the north, Humboldt harbor has received large sums for its improvement from the same source. For the mining interest Congress voted \$250,000 and our State \$250,000, or half a million. Yet these great arteries of commerce remain practically neglected. The great valleys of the State contain of available land 25,000,000 arable acres, and through them flow these mighty rivers, daily being ruined by neglect. The improvement of these rivers should be by the National Government, but where it hesitates, nay, halts, when it should begin, the State ought to step in and do the work itself. The entire State is deeply interested in this subject, and I recommend to your honorable bodies that you consider this matter carefully, devise ways and means of giving our interior the relief it needs, and enact a law carrying a proper appropriation for that purpose."

The Legislature, by the Act of 1897, appropriated \$300,000, which was expended as follows. I cannot give better results than in the concise language of the Board:

"It is estimated that to complete the work now under contract will bring the total expenditure up to \$125,000, leaving a balance in the appropriation of \$175,000.

"The jurisdiction of this department should be extended so as to include all of the Sacramento, San Joaquin, Feather, and Tuolumne rivers, and Petaluma, Alviso, and Napa creeks. The State should take upon itself the responsibility of improving these streams, as well as completing the work already recommended by this Department. The improvements suggested would involve an expenditure not to exceed \$200,000, and would result in a great saving in the cost of transportation and a material improvement in the commercial and industrial conditions of the State."

I indorse the recommendations and approve the work, and am pleased that a start has been made in the right direction. All navigable waters entering into the bays of San Francisco, San Pablo, and Suisun should be included. Ten per cent of the receipts of harbor dues of San Francisco should be paid into a State fund to be expended in improving the navigable waters leading into San Francisco Bay.

CIVIL SERVICE.

In my Biennial I said:

"I favor placing the insane asylums and other similar institutions of the State absolutely upon a civil service basis, and will cooperate with your honorable bodies to that end," etc.

I advocated the clause placing our hospitals for the insane under civil service.

It is now a part of the asylum laws of the State.

The State Normal Schools have been placed on even a better basis.

My request to the Board of Prison Directors is shown by their report:

"Among the praiseworthy acts of your administration, we are confident that you will look back with more satisfaction to none than the effort you have made to remove the prisons of this State from politics. At the outset you advised the members of our Board that it was your wish that no official that was performing his duties acceptably should be disturbed in his position. This rule it has been our pleasure to enforce. As

a result, we can report that the efficiency of the service at both prisons has never before reached so high a point, and that this is due to the fact that subordinates understand that their tenure of office depends entirely on their own trustworthiness, there can be no manner of doubt. Having some personal knowledge on the subject, we unhesitatingly assert that the prisons are the last institutions in which the official lists should be held out as prizes for political service. Men who are capable of dealing with the complex problems of convict life are rare, and when found should not be displaced."

Whenever spoken to on this subject by trustees of State institutions, I have insisted that none but competent persons be employed, and that wherever an incompetent person was found working for the State that person should be discharged, no matter by whom recommended. I have refrained, except in a few instances, from making recommendations for positions in such institutions.

THIS ADMINISTRATION.

In accordance with the declaration of my Inaugural I have made a careful study of our institutions. I have devoted the full time of my entire term to the duties of my office, and am one of the few Governors of this State who has given up his occupation to serve it.

I had two legislative sessions, both Republican, with which to work in changing old, and framing new laws.

When the last Legislature adjourned in 1897, my functions as a part of the law-making power ceased, and my duties became solely executive, largely of detail, and as easily performed from Stockton and San Francisco as at Sacramento. Until the close of the session of 1897 my time was devoted to studying State institutions, their needs, the laws governing them, and the manner in which other laws could benefit the people. During this period I passed every hour possible—both day and night—in Sacramento on State affairs.

At the sessions of 1895 and 1897 many bills of my suggesting and my devising were passed.

Of the seventeen State institutions, thirteen were beneficially affected thereby and ten were reorganized.

Laws affecting pure food, our dairies, good roads, requiring inventories of State property, advancing the interests of the University and appropriating money for its colleges, placing asylums and the Normal Schools under systematic laws, Glen Ellen and the Reform Schools under tax-saving laws, repealing the Coyote Bill and the Indigent fraud, reducing the expenses of the Government and placing it on a cash basis, and improving the Sacramento and San Joaquin rivers, are a few of those that received my active support.

How ill I became is a matter of general knowledge. When, and only when, the session of 1897 closed, did I obey the peremptory orders of my physician. Sacramento remained my official residence, as it is the official residence of all State officers, but as late laws provided, my home, like the home and voting place of other officers, was elsewhere.

I have devoted my strength to the welfare of the State, and although, on account of illness, granted a leave of absence, I remained to discharge my duties in answering the call of the President of these United States for volunteers.

I lay down the office without health or practice. I hope my successor may not be compelled to hew each step of his four years through adverse Legislatures to maintain his pledges to the people.

JAMES H. BUDD, Governor.

APPENDIX A.

The following is a letter from the Controller in response to my request, showing the exhaustions of the General Fund and the transfers of moneys alluded to:

CONTROLLER'S DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, December 8, 1897. }

HON. JAMES H. BUDD, *Sacramento, Cal.*

DEAR SIR: Replying to your favor of yesterday, in which you request me to furnish you "with a tabulated statement showing per year, for the past ten years:

"First—The date each year when the General Fund was exhausted.

"Second—The amount of warrants drawn against same while so exhausted."

Following is the statement I have prepared:

May	1, 1887, General Fund exhausted.	
Jan.	1888, Resumed payment, overdrawn.....	\$1,482,703 19
Aug.	23, 1888, General Fund exhausted.	
Jan.	1889, Resumed payment, overdrawn	679,316 67
Aug.	17, 1889, General Fund exhausted	
Jan.	1890, Resumed payment, overdrawn	942,132 48
Oct.	14, 1892, General Fund exhausted.	
Dec.	1892, Resumed payment, overdrawn.....	359,758 77
June	9, 1893, General Fund exhausted	
Dec.	1893, Resumed payment, overdrawn	1,611,754 63
April	10, 1894, General Fund exhausted	
May	1894, Resumed payment, overdrawn	45,028 88
July	22, 1895, General Fund exhausted	
Dec.	1895, Resumed payment, overdrawn	928,973 51

On the 11th of April, 1893, I transferred from other funds to the General Fund \$300,000 to prevent the latter from becoming exhausted until after the May settlements. Again, on September 1, 1894, I transferred \$710,000 from other funds, and on November 16, 1894, an additional \$150,000 in order to carry the General Fund on a paying basis until the December settlements of that year. But for this action the fund would have become exhausted on the 7th of September, and before payments could have been resumed the fund would have been overdrawn to the extent of about \$895,000.

Very truly,

E. P. COLGAN, Controller.

It will be noticed that the small balance left by my predecessor caused the fund to be exhausted twice before my first tax moneys came in.

APPENDIX B.

March 11, 1895.

HON. J. H. BUDD, Governor.

DEAR SIR: In reply to your verbal inquiry of to-day, the following statement shows the estimated condition of the General Fund of the State Treasury as it will exist on July 1st next—not taking into account the appropriations made and to be made by the present Legislature:

Balance in available appropriations January 1, 1895.....	\$1,766,563 32
Deficiency salary of Superior Judges	3,166 65
Estimated expenditure for orphans	300,000 00
Estimated expenditure for indigents.....	200,000 00
Expenditure for veterans, two quarters	22,500 00
Salary of Débris Commissioner, 6 months	1,800 00
Salary of Secretary of Commissioner, 6 months	750 00
Salary of Keeper of Archives, 6 months	1,000 00

Total estimated expenditures..... \$2,295,779 97

Balance in General Fund January 1, 1895.....\$1,146,016 34

Estimated Receipts.

Amount of property tax, second installment.....	\$983,855 76
Second installment R. R. tax, 1893	61,338 17
Second installment R. R. taxes, reassessment 1886 ..	39,062 29
Receipts from State officers.....	15,000 00
Received from R. R. tax suits in February.....	23,566 37

Excess of expenditures over revenue

\$76,941 04

From the foregoing it will be seen that a deficiency of \$76,941 04 will exist in the fund on the date mentioned. To the amount must be added all appropriations made by the present Legislature which take effect prior to July 1st. Bills have already been passed carrying appropriations aggregating \$861,000, which take effect immediately. Of these appropriations you have approved \$289,248 59, and this amount has already been or will be disbursed.

It is important that as few appropriations as possible be made immediately available, as revenue to meet them cannot be collected until January 1st next, and they will only add to the amount of the deficiency already existing.

On January 19th I addressed a communication to the Ways and Means and the Finance Committees, calling their attention to this matter, and particularly requested that all bills carrying appropriations for purposes other than the payment of deficiencies already created be amended so as to render the appropriations effective after January 1, 1896.

Respectfully,

E. P. COLGAN, Controller.

As to the work done, the efficient Gardener, Mr. M. H. Dunn, reports that the winter of 1897-98, all the flower-beds (sixty-three in number) were planted to bulbs, assorted pansies, daisies, cinerarias, etc., and as fast as they finished blooming these beds were replenished by summer and fall plants, about 2,200 of which were propagated by him in

the hothouse on the grounds. In June a fine lot of chrysanthemums (over 3,000 plants), also propagated by the Gardener, were set out on the grounds, and made a fine showing. A large assortment of dahlias, of infinite variety and beautiful coloring, also added much to the beauty of the garden.

At present the force of employés are busy pruning the rose hedges, respading the beds, spreading fertilizer, and clearing off the plants cut down by the frost.

The Gardener suggests as necessary work the finishing of the walks in the grounds east of Thirteenth, and the grading and macadamizing of Thirteenth Street, in such a manner as to remove the divided appearance of the garden as it now stands, with the unfinished street across it; also, the grading and planting of the corner next to the Pavilion and facing on Fifteenth and M Streets.

Great credit is due Mr. Dunn for his work, and the Board feels that the result fully justifies its request that four more men be employed for the care of the grounds, in addition to the twelve now employed, one of whom shall be a skilled gardener and propagator. The lack of training in the men employed by the Board is a great drawback to the accomplishment of efficient work.

The Board recommends for the permanent improvement of the State Capitol grounds, and to enable visitors and residents to enjoy this beautiful park, that the driveway planned when the grounds were originally laid out, be completed in conformity with said plans. This driveway is a continuation of the one around the Capitol building, and as designed, should follow the line of palms and elms, now grown to a fine size, that wind down through the garden below the line of Fourteenth Street, and back toward the driveway already constructed.

A fine bituminous road could be constructed, at an estimated cost of \$17,000. From this driveway a terrace should be laid out, similar to those skirting the drives in Golden Gate Park, San Francisco. This terrace to be planted with lawn and flower-beds.

A four-foot bicycle path, constructed of decomposed granite rock from Folsom Prison, to be had for the cost of hauling, should follow the line of the roadway above the terrace. To execute this plan it will be necessary to remove the greenhouse, which stands in the line of the proposed roadway. This building should be moved to the lower end of the grounds, and at a cost of about \$100, and not over \$200 will be necessary for building a new foundation. Should this be done, a piece in the lower grounds should be selected that will give sufficient room to permit of a nursery being added, to be hidden with a rose or cypress hedge. A fountain, with a basin twenty feet in diameter, filled with broken granite, and covered with growing plants, placed so as not to interfere with the erection in the future of a Governor's mansion, in the center of the grounds, east of Twelfth Street, would cost but little, be a very attractive feature, and add much to the beauty of the grounds.

When two or more members shall rise at once, the Speaker shall name the member who is first to speak.

Said motion of reconsideration shall have precedence over every other motion, except a motion to adjourn. No notice of reconsideration shall be in order on the day preceding the last day of the session.

LIX.—ELECTIONS BY HOUSE.

In all cases of election by the House the vote shall be taken *viva voce*.

LX.—CALLING AYES AND NOES.

In taking the ayes and noes, and upon call of the House, the names of the members shall be taken alphabetically, and the Clerk shall enter on the Journal the names of those demanding the ayes and noes.

In the absence of a quorum, a majority of the members present may order a call of the House and compel the attendance of absentees in the manner above provided.

LXVI.—SUSPENDING AND CHANGING RULES.

No standing rule or order of the House shall be rescinded or changed without a vote of two thirds, and one day's notice being given, of the motion therefor; *provided*, that the Committee on Rules and Regulations may at any time, except during a roll call, report a temporary rule providing for the consideration of any bill on the files of the House belonging to either of the following classes:

1. Bills affecting the State government, its revenue, its various departments or commissions, or appropriations therefor.
2. Bills affecting county and township governments, or roads and highways.
3. Bills affecting town, city, city and county governments, or the municipal affairs of the same.
4. Amending election laws.
5. Bills recommended by the Code Commission.

It shall always be in order to call up for consideration such report. The same shall be subject to amendment by the House.

On the adoption of such temporary rule by the House by a two-thirds vote thereof, if the bill be on third reading, and by a majority vote of the members elected to the House, if otherwise, such bill shall thereupon be made the special order for the time fixed therein.

Resolved by the Senate and Assembly, jointly, That we hereby recognize the great necessity of having all those afflicted with leprosy confined within and upon the said island of Molokoi, both because of its isolated condition and equable climate, and also because it will be a great financial saving to our State and to the municipalities therein; and be it

Resolved, That we call upon our representatives in Congress to use every honorable effort to have every leper found within this State, or hereafter to be found herein, sent to the said island of Molokoi for care and treatment; and be it

ASSEMBLY JOINT RESOLUTION NO. 6.

WHEREAS, The construction of the Nicaragua Canal would be of immense value to the people of the State of California, as it would afford greater protection to this coast in time of war, open new lines of trade and commerce in time of peace, tend to cheapen transportation to foreign and Atlantic seaboard markets, build up new enterprises everywhere within our State, and largely tend to maintain old ones, greatly increase our population, and thus enhance our wealth and multiply our resources, and establish a shorter line of oceanic communication between the United States and its possessions in the Orient; and

WHEREAS, There is now pending in the Congress of the United States a measure providing for the construction of the Nicaragua Canal by, or under the auspices of, the United States Government;

Resolved by the Assembly of the State of California, the Senate concurring, That our Senators in Congress be instructed, and our members of the House of Representatives of the United States be requested, to earnestly support the passage of this measure, and be it further

Resolved, That we favor the absolute ownership and control of the said Nicaragua Canal by the United States Government, if within the power of said Government to own and control the same;

Resolved. That His Excellency the Governor is hereby requested to forward to each of our Senators and Representatives in Congress a copy of this resolution.

LEGISLATIVE DEPARTMENT.

Chapter I.—The Board of Supervisors.

SEC. 1. The legislative power of the City and County of San Francisco shall be vested in a legislative body, which shall be designated the Board of Supervisors. Such body is also designated in this charter, the Supervisors.

SEC. 2. The Board of Supervisors shall consist of eighteen members, all of whom shall hold office for two years and be elected from the city and county at large. Each one must be at the time of his election an elector of the city and county, and must have been such for at least five years next preceding his election. Each Supervisor shall receive an annual salary of twelve hundred dollars.

Every person who has served as Mayor of the city and county, so long as he remains a resident thereof, shall be entitled to a seat in the Board of Supervisors and to participate in its debates, but shall not be entitled to a vote nor to any compensation.

SEC. 3. A majority of all the members of the board shall constitute a quorum, but a less number may adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the board may prescribe.

SEC. 4. The board shall:

1. Appoint a clerk, sergeant-at-arms and, when authorized to do so by ordinance, such additional clerks and other assistants as may be deemed necessary.

2. Establish rules for its proceedings.

3. Keep a journal of its proceedings, and allow the same to be published. The ayes and noes shall on demand of any member be taken and entered therein.

4. Have authority to punish its members for disorderly or contemptuous behavior in its presence.

SEC. 5. The Mayor shall be the presiding officer of the Board of Supervisors. In the absence of the Mayor the board shall appoint a presiding officer pro tempore from its own members, who shall have the same right to vote as other members.

SEC. 6. The board shall meet on Monday of each week, or if that day be a legal holiday, then on the next day. The board shall not adjourn to any other place than to its regular place of meeting, except in case of great necessity or emergency. The meetings of the board shall be public.

SEC. 7. The clerk of the board, when requested to do so, shall administer oaths and affirmations, without charge, in all matters pertaining to the affairs of his office, and shall perform such services as may be prescribed by the board. He shall have the custody of the seal, and of all leases, grants and other documents, records and papers of the city and county. His signature shall be necessary to all leases, grants, and conveyances of the city and county.

SEC. 8. Every legislative act of the city and county shall be by ordinance. The enacting clause of every ordinance shall be in these words: "Be it ordained by the People of the City and County of San Francisco as follows." No ordinance shall be passed except by bill, and no bill shall be so amended as to change its original purpose.

SEC. 9. No bill shall become an ordinance, nor resolution be adopted, unless finally passed by a majority of all the members of the board and the vote be taken by ayes and noes and the names of the members voting for and against the same be entered in the journal.

SEC. 10. No ordinance shall be revised, reenacted or amended by reference to its title; but the ordinance to be revised or reenacted, or the section thereof amended, shall be reenacted at length as revised and amended.

SEC. 11. An ordinance shall embrace but one subject, which subject shall be expressed in its title. If any subject be embraced in an ordinance and not expressed in its title, such ordinance shall be void only as to so much thereof as is not expressed in its title.

SEC. 12. When a bill is put upon its final passage in the board and fails to pass, and a motion is made to reconsider, the vote upon such motion shall not be acted upon before the expiration of twenty-four hours after adjournment. No bill for the grant of any franchise shall be put upon its final passage within ninety days after its introduction, and no franchise shall be renewed before one year prior to its expiration. Every ordinance shall, after amendment, be laid over for one week before its final passage.

SEC. 13. Every bill or resolution providing for any specific improvement, or the granting of any franchise or privilege, or involving the lease, appropriation or disposition of public property, or the expenditure of public money, except sums less than two hundred dollars, or levying any tax or assessment, and every ordinance providing for the imposition of a new duty or penalty, shall, after its introduction, be published in the official newspaper, with the ayes and noes, for at least five successive days (Sundays and legal holidays excepted) before final action upon the same. If such bill be amended, the bill as amended shall be advertised for a like period before final action thereon. But in cases of great necessity the officers and heads of departments may, with the consent of the Mayor, expend such sums of money, not to exceed two hundred dollars, as shall be necessary to meet the requirements of such necessity.

SEC. 14. If any bill be presented to the Mayor containing several items appropriating money or fixing a tax levy, he may object to one or more items separately, while approving other portions of the bill. In such case he shall append to the bill at the time of

signing it a statement of the item or items to which he objects and the reasons therefor, and the item or items so objected to shall not take effect unless passed notwithstanding the Mayor's objection. Each item so objected to shall be separately reconsidered by the Board in the same manner as bills which have been disapproved by the Mayor.

Sec. 15. No ordinance shall take effect until ten days after its passage unless otherwise provided in such ordinance.

Sec. 16. Every bill and every resolution as hereinbefore provided, which shall have passed the board, and shall have been duly authenticated, shall be presented to the Mayor for his approval. The Mayor shall return such bill or resolution to the board within ten days after receiving it. If he approve it he shall sign it and it shall then become an ordinance. If he disapprove it he shall specify his objections thereto in writing. If he does not return it with such disapproval within the time above specified, it shall take effect as if he had approved it. The objections of the Mayor shall be entered at large in the journal of the board, and the board shall, after five and within thirty days after such bill or resolution shall have been so returned, reconsider and vote upon the same. If the same shall, upon reconsideration, be again passed by the affirmative vote of not less than fourteen members of the board, the presiding officer shall certify that fact on the bill or resolution, and when so certified, the bill shall become an ordinance with like effect as if it had been approved by the Mayor. If the bill or resolution shall fail to receive the vote of fourteen members of the board it shall be deemed finally lost. The vote on such reconsideration shall be taken by ayes and noes and the names of the members voting for and against the same shall be entered in the journal.

Sec. 17. All ordinances and resolutions shall be deposited with the clerk of the board, who shall record the same at length in a suitable book.

Sec. 18. No ordinance shall be repealed except by ordinance adopted in the manner hereinbefore set out, and such ordinance shall be presented to the Mayor for his approval as hereinbefore provided.

Sec. 19. Except as provided in Chapter III of Article III of this charter, all demands payable out of the treasury must, before they can be approved by the Auditor or paid by the Treasurer, be first approved by the Board of Supervisors. All demands for more than two hundred dollars shall be presented to the Mayor for his approval, in the manner hereinbefore provided for the passage of bills or resolutions. All resolutions directing the payment of money other than salaries or wages, when the amount exceeds five hundred dollars, shall be published for five successive days (Sundays and legal holidays excepted) in the official newspaper.

Sec. 20. Whenever there shall be presented to the Board of Election Commissioners a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding state or city and county election, asking that an ordinance to be set forth in such petition, be submitted to a vote of the electors of the city and county, the Board of Election Commissioners must submit such proposed ordinance to the vote of the electors at the next election.

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The tickets used in such election shall contain the words "For the Ordinance" (stating the nature of the proposed ordinance) and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the votes cast upon such ordinance shall be in favor of the adoption thereof, the Board of Election Commissioners shall within thirty days from the time of such election, proclaim such fact; and upon such proclamation such ordinance shall have the same force and effect as an ordinance passed by the Supervisors and approved by the Mayor, and the same shall not be repealed by the Supervisors. But the Supervisors may submit a proposition for the repeal of such ordinance, or for amendments thereto, for vote at any succeeding election; and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly.

Sec. 21. Except as otherwise provided in the Constitution of the State, or as otherwise provided in this charter, every ordinance involving the granting by the city and county of any franchise for the supply of light or water, or for the lease or sale of any public utility, or for the purchase of land of more than fifty thousand dollars in value, must be submitted to the vote of the electors of the city and county at the election next ensuing after the adoption of such ordinance.

The tickets used at such election shall contain the words "For the Ordinance" (stating the nature of the proposed ordinance) and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the votes cast upon such ordinance shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact; and upon such proclamation such ordinance shall have the same force and effect as an ordinance passed by the Supervisors and approved by the Mayor.

No such franchise, or lease or sale of any public utility, or purchase of land, shall be of any force or effect except it be made by ordinance, and such ordinance be adopted by the people as in this section provided.

SEC. 22. Whenever there shall be presented to the Supervisors a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding state or municipal election, asking that an amendment or amendments to this charter, to be set out in such petition, be submitted to the people, the board must submit to the vote of the electors of the city and county the proposed amendment or amendments.

The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements made therein are true and that each signature to such paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The Board of Election Commissioners must make all necessary provision for submitting the proposed amendment or amendments to the electors at a special election to be called by it, and shall canvass the vote in the same manner as in other cases of election.

All the provisions of the Constitution of the State embracing the subject in this section provided for are hereby expressly made applicable to such proposed amendment or amendments. But if at any time there shall be no constitutional provision or provisions under which this charter may be amended, then the aforesaid amendment or amendments must be submitted by the Board of Election Commissioners to the vote of the electors of the city and county at the election which next ensues after such petition is filed with the Supervisors, if any such election is not to be held within sixty days after the filing of such petition.

The tickets used at such election shall contain the words "For the Amendment" (stating the nature of the proposed amendment) and "Against the Amendment" (stating the nature of the proposed amendment).

If a majority of the votes cast upon such amendment or amendments shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact, and thereupon this charter shall be amended accordingly.

Such report shall specify each bond with the sureties, and the amounts for which each surety is bound, and state whether or not they are sufficient and solvent. Any police officer shall execute the process and orders of the committee.

SEC. 5. No exclusive franchise or privilege shall be granted for laying pipes, wires or conduits.

SEC. 6. The Board of Supervisors shall have power to grant authority for a term not exceeding twenty-five years to construct and operate street railways upon, or over, or under, the streets or parts of streets of the city and county not reserved for boulevards or carriage driveways, upon the following conditions and in the following manner, and none other:

Upon application being made to the board for any such franchise, it shall by resolution determine whether such franchise or any part thereof should be granted, and at said time shall determine on what conditions the same shall be granted additional to those conditions provided in this chapter. After such determination, it shall cause notice of such application and resolution to be advertised in the official newspaper of the city and county for ten consecutive days. Such advertisement must be completed not less than twenty nor more than thirty days before any further action is taken by the board on such application. The advertisement must state the character of the franchise sought, the term of its proposed continuance, and the route to be traversed; that sealed bids will be received up to a certain hour on a day to be named in the advertisement; and a further statement that no bids will be received of a stated amount, but that all bids must be for the payment to the city and county in lawful money of the United States of a stated percentage of the gross annual receipts of the person, company or corporation to whom the franchise may be awarded, arising from its use, operation, enjoyment or possession.

Every bidder shall file with his bid a bond executed to the city and county, with at least two good and sufficient sureties to be approved by the Mayor in a penal sum prescribed by the Supervisors, and set forth in such advertisement, conditioned that such bidder will well and truly observe, fulfill and perform each and all of the conditions, terms and obligations of the franchise for which said application was made in case the same shall be awarded to him, and that in case of the breach of any of the conditions of such bond, the whole amount of the penal sum therein named shall be taken to be liquidated damages, and that as such shall be recoverable from the principal and sureties on such bond.

At the next regular session after the expiration of the time stated in such advertisement up to which such bids will be received, the board must open such bids and award the franchise to the person, company or corporation offering to pay the highest stated percentage of the gross receipts arising from the use, operation, possession or enjoyment of the franchise for which such application was made. But no award shall be made, nor any such application granted, unless the stated percentage offered to be paid for the franchise shall be at least three per centum of such gross receipts during the first five years of the period for which the franchise is to be granted, four per centum of the gross receipts during the next succeeding ten years, and five per centum of the gross receipts during the next succeeding ten years.

Except as in this section otherwise provided, bidding for such franchises must be in accordance with the provisions of this charter in relation to bids made to the Board of Public Works, so far as such provisions may be applicable. The Supervisors may reject any and all bids, and may refuse to grant a franchise for any part of the route

for which application was made. Every ordinance making such grant shall require the concurrence of three fourths of all the members of the Board of Supervisors, as shown by the ayes and noes, and the approval of the Mayor, and at least ninety days shall intervene between the introduction and final passage of any such ordinance. It shall require a vote of five sixths of all the Supervisors to pass the ordinance notwithstanding the objections of the Mayor.

If any bid be accepted, the franchise must be granted upon the express condition, in addition to the conditions required by this charter, and such other conditions as may be prescribed by the Supervisors, that the per centum of the gross receipts of the railway shall be paid into the treasury on or before the tenth day of the next ensuing month after such gross receipts shall have been earned; and upon the further condition that the whole of the railway shall be continuously operated, and that at the end of the term the road-track and bed of such railway and all its stationary fixtures upon the public streets, shall become the property of the city and county; and that the grantees will, within one hundred days after the date of such grant, commence the construction of such railway, and continuously thereafter, in each and every month until the completion thereof, expend in such construction at least the sum of three thousand dollars.

The failure to comply with any of said conditions shall work an immediate forfeiture of such franchise and the road or track constructed thereunder. There shall be no power in the Supervisors to relieve from such forfeiture or from any of said conditions. On or before the tenth day of each month after said receipts shall have been earned, the president and secretary of said railway company shall make and file with the clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

In granting any such franchise the Board of Supervisors shall impose such other lawful conditions as it may deem advisable, and must expressly provide that the franchise shall not be renewed or regranted, and that the board shall at all times have the power to regulate the rates of fare to be charged by those using, operating, possessing or enjoying the franchise, and that the Finance Committee of the board shall at all times be permitted to examine and expert their books as to such gross receipts. All moneys received for such franchises and in payment of the said per centum shall be credited to the General Fund.

SEC 7. The Supervisors shall have no power to grant franchises or privileges to erect poles or wires for transmitting electric power or for lighting purposes along or upon any public street or highway of the city and county except upon all the conditions and in the manner, including competitive bidding and payment of a percentage of gross receipts, hereinbefore set out, and upon the further condition that the board shall at all times have the right to regulate the charges of any person, company or corporation suing, enjoying or possessing such franchise or privilege.

When, on the expiration of any street railroad franchise, it shall be deemed inexpedient by the board to use any of the property reverting to it by reason of such expiration in the operation of a street railroad, then the board shall have power to lease such property to any person, company or corporation, after the notice, on the terms, and in the manner above provided as to the granting of street railroad franchises, as far as the same may be applicable. But no ordinance authorizing such lease shall be passed prior to ninety days next preceding the expiration of such franchise.

Any ordinance granting a franchise or authorizing a lease under the provisions of this section shall be in force from and after the expiration of thirty days from the date of its signature by the Mayor, or from and after the expiration of thirty days from the date of its passage by the Supervisors over his objections, unless within said thirty days a petition signed by a number of the electors of the city and county equal to fifteen per centum of the votes cast at the last preceding election shall have been filed with the Supervisors, asking that said ordinance be submitted to the vote of the people. In such case said ordinance shall be submitted at the next election to the vote of the electors of the city and county, and unless said ordinance shall at said election receive in its favor a majority of the votes cast thereon it shall have no force or effect for any purpose. If a majority of the votes be in favor of such ordinance, the Board of Election Commissioners shall, on the conclusion of the canvass of the vote thereon, proclaim such fact, and upon such proclamation said ordinance shall have full force and effect as of the date aforesaid. Said petition and submission shall be made in accordance with the provisions of section twenty of Chapter 1 of this Article.

SEC 8 All claims for damages against the city and county must be presented to the Board of Supervisors and filed with the clerk within six months after the occurrence from which the damages are claimed to have arisen; otherwise there shall be no recovery on any such claim.

Chapter III.—Contracts.

SECTION 1. All contracts for goods, merchandise, stores, supplies, subsistence or printing for the city and county, as well as for all subsistence, supplies, drugs, and other necessary articles for hospitals, prisons, public institutions and other departments not otherwise specifically provided for in this charter, must be made by the Supervisors with the lowest bidder offering adequate security, after publication for not less than ten days in the official newspaper; and no purchase thereof or liability therefor shall be made or created except by contract.

Except as otherwise provided in this charter, the board must determine annually

what goods, merchandise, stores, supplies, drugs, subsistence and other necessary articles will be needed by the city and county for the ensuing year and it shall have no power to purchase or to pay for the same unless the provisions in this charter provided as to competitive bidding for supplies are strictly followed, and no contract shall be made for any of the same unless upon such competitive bidding.

All proposals shall be accompanied with a certificate of deposit or certified check on a solvent bank in the city and county of ten per centum on the amount of the bid, payable at sight to the order of the Clerk of the Supervisors. If the bidder to whom the contract is awarded shall for five days after such award fail or neglect to enter into the contract and file the required bond, the clerk shall draw the money due on such certificate of deposit or check and pay the same into the treasury; and under no circumstances shall the certificate of deposit or check or the proceeds thereof be returned to such defaulting bidder.

Notices for proposals for furnishing the aforesaid articles shall mention said articles in general and shall state that the conditions and schedule may be found in the office of the Clerk of the Board of Supervisors; and shall also state that such articles are to be delivered at such times, in such quantities, and in such manner, as the Supervisors may designate. Any bidder may bid separately for any article named. The award as to each article shall in all cases be made to the lowest bidder for such article, and where a bid embraces more than one article the Supervisors shall have the right to accept or reject such bid or the bid for any one or more articles embraced therein. In the case of contracts for subsistence of prisoners the advertisement for proposals shall specify each article required, the quality thereof, the quantity for each person, and the existing and probable number of persons to be supplied. No article or articles provided for in this section shall have been made in any prison. The Supervisors shall require bonds with sufficient sureties for the faithful performance of every contract. The Clerk of the Supervisors shall furnish printed blanks for all such proposals, contracts and bonds.

All bids shall be sealed and delivered by the bidder to the Clerk of the Supervisors, and opened by the board at an hour and place to be stated in the advertisement for proposals, in the presence of all bidders who attend, and the bidders may inspect the bids. All bids with alterations or erasures therein shall be rejected. All articles so supplied shall be subject to inspection and rejection by the Supervisors and by the person in charge of the office, institution or department for which the same are supplied. Every contract for work to be performed for the city and county must provide that in the performance of the contract eight hours shall be the maximum hours of labor on any calendar day, and that the minimum wages of laborers employed by the contractor in the execution of his contract shall be two dollars a day. Any contract for work to be performed for the city and county which does not comply with the provisions of this section shall be null and void, and any officer who shall sign the same shall be deemed guilty of misfeasance and upon proof of such misfeasance shall be removed from office.

SEC. 2. All contracts for official advertising shall be let annually in like manner by the Supervisors to the lowest responsible bidder publishing a daily newspaper in the city and county which has a bona fide daily circulation of at least eight thousand copies, and has been in existence at the time of letting such contract for at least two years. In inviting proposals therefor, such advertising shall not be classified and no proposal shall be acted upon which offers to do such advertising at different rates for different portions thereof.

Such advertising shall be construed to mean the advertising and publication of all official reports, orders, ordinances, messages, resolutions, notices inviting proposals and all notices of every nature relating to city work. No part or kind of such advertising shall be charged or contracted for at a higher rate than any other part or kind of the same is charged or contracted for, except in the case of the delinquent tax list.

The newspaper to which the award of such advertising is made shall be known and designated as the "official newspaper."

The advertising of the delinquent tax list shall be let to the lowest responsible bidder on a separate bidding from all other official advertising.

No board, department or officer shall make any publication which is not expressly authorized by this charter or by the Supervisors.

SEC. 3. The Clerk of the Supervisors shall annually, under the direction of the Supervisors, advertise for proposals for supplying the various departments, officers and offices of the city and county with all stationery and supplies in the nature of stationery, assessment books, minute books, blank books and the printing of blanks. The contracts for stationery shall be separate from those for printing.

Notice for proposals for supplies shall require a greater or less quantity to be delivered at such times and in such manner as the Supervisors may designate. The advertisement for bids for paper shall state the weight, quality and size of the various kinds required, and that for printing shall enumerate the various letter heads, tax bills, tax receipts, court notices, and all blanks, papers and documents now used or hereafter required in any and all departments of the city and county, including the forms, papers and blanks now used or hereafter required by the courts of the city and county.

The forms for all printing shall be consecutively numbered, and each form and blank shall be known as No. — (specifying the number). Such advertisement shall be published for at least ten days, and shall require the bidders to state the price at which each article will be furnished, printed or manufactured, as the same may be required from time to time during such period, and the amount of the bond that will be required as security for the performance of the contract.

No stationery furnished to any officer or department shall contain the name or names of the officer or officers constituting the head of the department or board. The contract or contracts must be made with the lowest bidder offering adequate security, quantity and quality being considered. The Clerk of the Supervisors shall have rooms in the City Hall for the custody of such stationery, and when purchased the same shall be delivered to him, and he shall issue and distribute the same to the various departments as required.

He shall keep accounts in detail, charging himself with all goods received, and crediting himself with the goods delivered upon order or requisition as hereinafter provided. When any of such supplies are required for any department, the Clerk of the Supervisors shall issue the same after the requisition for such articles has been made by the head of such department and approved by the Mayor.

All requisitions for printing shall be made in a similar manner. The clerk shall report monthly in writing to the Supervisors, in detail, the amount of all paper, blanks, books, stationery and printing ordered by and delivered to any department or officer.

SEC. 4. Any officer of the city and county, or of any department thereof, who shall aid or assist a bidder in securing a contract to furnish labor, material or supplies, at a higher price or rate than that proposed by any other bidder, or who shall favor one bidder over another, by giving or withholding information, or who shall willfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to that called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kinds of material or supplies than has been actually received, shall be deemed guilty of misfeasance and shall be removed from office.

SEC. 5 All contracts provided for in this chapter must be in writing and executed in the name of the city and county by the Mayor. All such contracts must be countersigned by the Clerk of the Supervisors, and registered by number and date in a book kept by him for that purpose. When a contractor fails to enter into the contract awarded to him or to perform the same, new bids must be invited and a contract awarded as provided herein in the first instance. When the Supervisors believe that the prices bid are too high, or that bidders have combined to prevent competition, or that the public interest will be subserved thereby, they may reject any and all bids, and cause the notice for proposals to be re-advertised.

SEC. 6 No contract for lighting streets, public buildings, places or offices, shall be made for a longer period than one year, nor shall any contract to pay for gas, electric light or any illuminating material at a higher rate than the minimum price charged to any other consumer, be valid. Demands for lighting public buildings shall be presented monthly to the board or department using or having charge thereof, and shall specify the amount of gas, electric light or illuminating material consumed in such building during the month.

ARTICLE III.

FINANCE AND TAXATION.

Chapter I.—Levying of Taxes.

SECTION 1 On or before the first Monday of April in each year the heads of departments, offices, boards, and commissions of the city and county shall send to the Supervisors an estimate, in writing, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, offices, boards, and commissions, including a statement of the salaries of their subordinates. Duplicates of these estimates shall be sent at the same time to the Auditor.

SEC. 2 On or before the first Monday of May in each year the Auditor shall transmit to the Supervisors an estimate of the probable expenditures of the city and county government for the next ensuing fiscal year, stating the amount required to meet the interest and sinking funds for all outstanding funded debts, and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be apportioned to each fund in the treasury; also an estimate of the amount of income from fines, licenses, and other sources of revenue, exclusive of taxes upon property and the probable amount required to be levied and raised by taxation.

SEC. 3. The Supervisors shall meet annually between the first Monday of May and the first Monday of June, and by vote of a majority of all the members thereof make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the city and county for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board, or commission as the Supervisors shall deem advisable.

Before finally determining upon the budget, the Supervisors shall fix such sufficient time or times as may be necessary to allow the taxpayers to be heard in regard thereto, and the Supervisors shall attend at the time or times so appointed for such hearing.

SEC. 4 Any item in said budget may, within ten days, be vetoed in whole or in part by the Mayor, and it shall require fifteen votes of the Supervisors to overcome such veto. Action thereon must be taken before the last Monday of June.

After the final estimate is made in accordance herewith, it shall be signed by the Mayor and the Clerk of the Supervisors, and the several sums shall then be appropriated for the ensuing fiscal year to the several purposes and departments therein named. The estimate shall be filed in the office of the Auditor.

Sec. 5. The Supervisors must cause to be raised annually according to law, and collected by tax, the amounts so appropriated, less the amounts received from fines, licenses and other sources of revenue.

Sec. 6. Except as otherwise provided in this charter, no money shall be drawn from the treasury unless in consequence of appropriations made by the Supervisors and upon warrants duly drawn thereon by the Auditor.

Sec. 7. No warrant shall be drawn except upon an unexhausted specific appropriation.

Sec. 8. The Supervisors may appropriate thirty-six thousand dollars a year for urgent necessities not otherwise provided for by law. No money shall be paid out of this appropriation unless authorized by a five-sixths vote of all the members of the Board of Supervisors and approved by the Mayor.

Sec. 9. It shall not be lawful for the Supervisors, or for any board, department, officer or authority having power to incur, authorize or contract liabilities against the treasury, to incur, authorize, allow, contract for, pay or render payable in the present or future, in any one month, any expenditure, demand or demands, against any appropriation, which, taken with all other expenditures, indebtedness or liability made or incurred up to the time in such month of making or incurring the same, shall exceed one twelfth part of the amount of the appropriation for the fiscal year.

When any board, department or officer having power to incur liabilities against the treasury shall make any agreement for obtaining supplies or having labor performed, such department, officer or board shall register such agreement by number and date, and all demands arising under such agreement shall be payable in the order of such registration. Such department, board or officer must inform the person with whom it is proposed to make such agreement of the amount of money available or likely to be available in the fund from which such demands are payable.

If, at the beginning of any month, any money remains unexpended in any appropriation which might lawfully have been expended during the preceding month, such unexpended sum or sums, except so much thereof as may be required to pay all unpaid claims upon such appropriation, may be carried forward and expended in any succeeding month of such fiscal year; but not afterwards, except in payment of claims lawfully incurred during such fiscal year. Appropriations provided to meet the expense of elections, for the support and maintenance of the Assessor's and Tax Collector's departments, and for urgent necessities, shall be exempt from the provisions of this section.

Sec. 10. No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessments upon the property benefited, shall be binding or of any force, unless the Auditor shall indorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same. This provision shall not apply to work done, or supplies furnished, involving the expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The Auditor shall make such indorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount so specified by the officer making the contract, and thereafter shall hold and retain such sum to pay the expense incurred until the contract shall be fully performed. The Auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation for his department.

Sec. 11. On or before the last Monday of June in each year the Supervisors shall levy the amount of taxes for city and county purposes required to be levied upon all property not exempt from taxation. The amount shall be sufficient to provide for the payment during the fiscal year of all demands upon the treasury authorized to be paid out of the same; but such levy, exclusive of the State tax and the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the city and county, and exclusive of the tax to pay for the maintenance and improvement of the parks, squares and public grounds of the city and county, shall not exceed the rate of one dollar on each one hundred dollars' valuation of the property assessed. The Supervisors in making the levy shall apportion the taxes to the several funds.

Sec. 12. In making the apportionment, the Supervisors shall take into account and apportion to the several funds the income and revenue estimated to arise during the fiscal year from licenses, fees and other sources; but the income to pay the interest on the bonded indebtedness and provide for the sinking funds shall always be provided for out of the tax on property.

Sec. 13. The limitation in section eleven of this chapter upon the rate of taxation shall not apply in case of any great necessity or emergency. In such case the limitation may be temporarily suspended so as to enable the Supervisors to provide for such necessity or emergency. No increase shall be made in the rate of taxation authorized to be levied in any fiscal year, unless such increase be authorized by ordinance passed by the unanimous vote of the Supervisors and approved by the Mayor. The character of such necessity or emergency shall be recited in the ordinance authorizing such action, and be entered in the Journal of the Board. Nothing in this section shall authorize

the incurring of liabilities against the treasury not allowed by law, or which cannot be paid out of the income and revenue provided, collected and paid into the proper fund as its proportion of the same for such fiscal year, or permit liabilities or indebtedness incurred in any one fiscal year to be a charge upon or paid out of the income or revenue of any other fiscal year.

SEC. 14 The Supervisors shall fix the amount of municipal revenues and provide for the collection thereof. They shall from time to time provide for the payment of the interest and principal of the bonds for which the city and county is liable.

SEC. 15 The Supervisors shall authorize the disbursement of all public moneys except as otherwise specifically provided in this charter.

SEC. 16 At the close of each fiscal year, if all demands against each fund have been paid or satisfied, and all disputed or contested demands finally adjudicated, the Supervisors shall direct the Treasurer to transfer all surplus moneys to a fund to be called the Surplus Fund, except such surplus moneys as are in the several interest and sinking funds, in the Common School Fund, in the Park Fund, the Library Fund, the Police Relief and Pension Fund, in the Firemen's Relief and Pension Fund, and in such other funds the disposition of whose surplus moneys is in this charter otherwise provided for.

Chapter II.—The Several Funds.

SECTION 1. The income and revenue paid into the treasury shall be at once apportioned to and kept in separate funds. It shall not be lawful to transfer money from one fund to another or to use the same in payment of demands upon another fund. The provisions of this section shall not apply to fees paid into the treasury and placed temporarily to the credit of the Unapportioned Fee Fund under the provisions of Chapter III of this article.

SEC. 2. The several funds in the treasury authorized by law at the time this charter takes effect, or provided for by this charter, shall continue therein so long as there shall be occasion therefor; and the moneys therein, or which may belong thereto, shall not be used for any purpose other than that for which the same were raised, except as otherwise provided in this charter.

The General Fund shall consist of moneys received into the treasury and not specially appropriated to any other fund.

The Park Fund shall consist of the moneys annually apportioned to said fund by virtue of the tax provided for in this charter for the maintenance, preservation, and improvement of the parks, squares, avenues, and public grounds of the city and county; of all moneys accruing from rents of buildings under the jurisdiction of the Park Commissioners; and of all moneys coming into the hands of said commissioners whether from donations or otherwise. Out of said fund shall be paid all the expenses of every kind for the preservation, maintenance, and improvement of the parks, squares, avenues, and public grounds of the city and county.

The Library Fund shall consist of the moneys annually apportioned to said fund by virtue of the tax provided for in this charter for the maintenance of library and reading-rooms, and the purchase of books therefor. Out of said fund shall be paid all the expenses necessary to the maintenance of such library and reading rooms and the purchase of books therefor.

SEC. 3 The Surplus Fund shall consist of the moneys remaining at the end of any fiscal year in any other funds (except the Common School Fund and the other funds by this charter otherwise expressly provided for) after all valid demands, indebtedness and liabilities against said funds incurred within such fiscal year have been paid and discharged, *provided*, that all disputed or contested claims payable out of such funds have been finally adjudicated.

The Surplus Fund shall be used for the purposes and in the order following:

1. In payment of any final judgment against the city and county.
2. In liquidation and extinguishment, under such regulations as the Supervisors may adopt, of any outstanding funded debt of the city and county.

3 To be carried over and apportioned among the funds and used in the ensuing fiscal year as part of the income and revenue thereof.

SEC. 4 The Special Deposit Fund shall consist of:

1. All moneys paid into court and deposited with the Treasurer by the County Clerk.

2. All moneys received by the Public Administrator and deposited by him with the Treasurer.

3. All moneys deposited with the Treasurer on special deposit.

The moneys in the Special Deposit Fund shall be paid out in the manner prescribed by law.

SEC. 5 Except as otherwise provided in this charter any moneys remaining at the end of any fiscal year in any interest and sinking fund or a fund provided by a special bond issue for a specific purpose, the Common School Fund, the Park Fund, the Library Fund, the Firemen's Relief and Pension Fund, Police Relief and Pension Fund, and the Public Building Fund shall be carried forward and apportioned to said respective funds for the ensuing fiscal year.

SEC. 6. Any demand against the treasury or against any fund thereof remaining unpaid at the end of the fiscal year for lack of money applicable to its payment, may be paid out of any money which may subsequently come into the proper fund from delinquent taxes or other uncollected income or revenue for such year. Such demands shall be paid out of such delinquent revenue, when collected, in the order of their registration.

SEC. 7. When there shall be to the credit of any sinking fund in the treasury a sum not less than twenty thousand dollars which may be applied to the redemption of any outstanding bonds to which such fund is applicable, which are not redeemable before their maturity, it shall be the duty of the Mayor, Auditor and Treasurer to advertise for thirty days, inviting proposals for the surrender and redemption of the bonds.

After such advertisement the money in such sinking fund, or such portion thereof as may be required therefor, shall be awarded to the person or persons offering to surrender said bonds for the lowest price. Upon such award, when duly audited, the Treasurer shall, upon the surrender of the bonds, pay the amount to the person or persons to whom the same was awarded. No bid for the surrender of any of the bonds shall be accepted, which shall require a greater sum of money for their redemption than the then worth of the principal and interest of the bonds, calculated with interest not exceeding four per centum per annum.

Chapter III.—The Custody of Public Moneys.

SECTION 1. All moneys arising from taxes, licenses, fees, fines, penalties, and forfeitures, and all moneys which may be collected or received by any officer of the city and county or any department thereof, in his official capacity, for the performance of any official duty, and all moneys accruing to the city and county from any source, and all moneys directed by law or this charter to be paid or deposited in the treasury, shall be paid into the treasury. All officers or persons collecting or receiving such moneys must pay the same into the treasury. No officer or person other than the Treasurer shall pay out or disburse such moneys, or any part thereof, upon any allowance, claim, or demand.

SEC. 2. Salaried officers shall not receive nor accept any fee, payment, or compensation, directly or indirectly, for any services performed by them in their official capacity, nor any fee, payment, or compensation for any official service performed by any of their deputies, clerks, or employes, whether performed during or after official business hours. No deputy, clerk, or employe of such officers shall receive or accept any fee, compensation, or payment, other than his salary as now or hereafter fixed by law, for any work or service performed by him of any official nature, or under color of office, whether performed during or after official business hours.

SEC. 3. Every fee, commission, percentage, allowance, or other compensation authorized by law to be charged, received, or collected by any officer for any official service, must be paid by the officer receiving the same to the Treasurer, in the manner herein provided.

SEC. 4. It shall be the duty of every officer authorized by law to charge, receive, or collect any fee, commission, percentage, allowance, or compensation for the performance of any official service or duty of any kind or nature, or rendered in any official capacity, or by reason of any official duty or employment, to deliver the same to the Treasurer at the expiration of each business day. The Treasurer shall thereupon deliver to such officer a receipt for the money so paid, which shall show the amount of money received, the day and hour when paid, the name of the officer paying the same, the nature of the service performed, and the name and official designation of the person by whom the service was performed; and like entries shall be made upon the stub of such receipt, which shall be kept by the Treasurer. The Treasurer shall place all such moneys in a fund to be designated the "Unapportioned Fee Fund," which is hereby created, and shall keep such fund as other funds in the treasury are kept, and shall be liable on his official bond for all money so received.

SEC. 5. The Auditor or other proper officer must prepare and deliver from time to time to the Treasurer, and to every officer authorized by law to charge any fee, commission, percentage, allowance, or compensation, for the performance of any official service or duty, as many official receipts as may be required, charging therewith the Treasurer or other officer receiving them. Such official receipts must be bound into books containing not less than one hundred such receipts, and numbered consecutively, beginning with number one in each class required for each officer for each fiscal year, and provided with a stub corresponding in number with receipt. When the books containing receipts are exhausted by the officer receiving them, he shall return the stubs thereof to the Auditor or other proper officer, in whose custody they shall remain thereafter.

SEC. 6. When a receipt as herein provided is issued by the Treasurer he must state therein the date of payment, the name of the person making the payment, the amount of such payment, the nature of the service for which the charge is made, and the name and official designation of the officer performing the service, and shall make corresponding entries on the stub of each receipt.

SEC. 7. When any receipt is issued by any officer other than the Treasurer as herein provided, he shall state therein the day and hour of the delivery to him of the Treasurer's receipt, the nature of the service therein described, and the amount charged therefor, and the name of the person by whom such receipt is delivered to him, and shall make corresponding entries on the stub to which such receipt is attached.

SEC. 8. On the first day of each month the Treasurer must make to the Auditor a report under oath of all moneys received by him during the preceding month, showing the date and number of the receipt on which the money was received, the amount of each payment, by whom paid, the nature of the service, and the name and official designation of the officer performing the service. At the same time, or oftener, if required by the Auditor, the Treasurer shall exhibit to the Auditor all official receipts received by him during the previous month, and all official receipts remaining in his hands, unused or not issued, at the close of business on the last day of the preceding month.

SEC. 9. On the first day of each month every officer authorized by law to charge any fee, commission, percentage, allowance or compensation, must make to the Auditor a report under oath of all official receipts issued by him during the preceding month, showing the date and number of each receipt, to whom issued, the nature of the service for which the charge was made, and the amount of such charge; and must at the same time, or oftener, if required, exhibit to the Auditor, or other proper officer, all the Treasurer's receipts deposited with him during the preceding month, and all receipts remaining in his hands, unused or not issued, at the close of business on the last day of each preceding month.

SEC. 10. Upon receiving the reports prescribed by sections eight and nine of this chapter, the Auditor shall examine and settle the accounts of each officer, and apportion such moneys to the fund or funds to which they are appropriated by law, and certify such apportionment to the Treasurer, who shall thereupon transfer from the "Unapportioned Fee Fund" the amounts so certified, and credit each fund entitled thereto with the proper amount so apportioned.

SEC. 11. Every officer who is by law allowed to charge and collect mileage for the service of process, or other like service, shall at the end of each month prepare and deliver to the Auditor a statement showing each process served, the title of the cause, the name of the deputy or other subordinate officer who made the service, the number of miles actually traveled in making such service, the exact day when such service was made, and between what hours of the day, and such statement shall be verified by the oath of such officer. The Auditor shall examine such statement, and issue his warrant upon the Treasurer for such amount of money as will reimburse such officer for his lawful expenses in making such service. Such warrant shall be paid by the Treasurer, without further approval, out of the "Unapportioned Fee Fund." No extra mileage shall be charged or allowed for service of two or more processes served on the same trip by the same deputy or deputies, except for extra mileage actually traveled in serving additional process. All mileage charged in violation of this section shall be disallowed by the Auditor, and all amounts disallowed for any reason shall be apportioned as other moneys in the "Unapportioned Fee Fund."

SEC. 12. When an officer, legally organized to employ a person other than one of his deputies or assistants at a stated compensation fixed by law, has employed such person, and in pursuance of such employment such person has rendered the service for which he was employed, such officer shall, at the end of each month, prepare and deliver to the Auditor a statement verified by the oath of such officer, showing the case or instance in which such service was performed, for whom performed, the name of the person so employed, by whom the service was performed, the amount of the charge therefor, the time actually employed in performing such service, and the dates of the beginning and ending of the period during which such person was so employed. The Auditor shall thereupon examine such statement, and if he finds the same correct, he shall audit and allow the verified demand of such person so employed and performing the service for the sum or sums so earned by him for such service, and the Treasurer shall pay such demand so audited and allowed, without further approval, out of the "Unapportioned Fee Fund."

SEC. 13. The demand of the Auditor for his monthly salary shall be audited and allowed by the Mayor. All other demands on account of salaries fixed by law, ordinance, or this charter, and made payable out of the treasury, may be allowed by the Auditor without any previous approval. All demands payable out of the Common School Fund must, before they can be allowed or paid, be previously approved by the Board of Education. Demands payable out of the treasury for salaries, wages, or compensation of deputies, clerks, assistants, or employés, in any office or department, must, before they can be audited or paid, be first approved in writing by the officer, board, department or authority under whom, or in which, such demand originated. All other demands payable out of any funds in the treasury, must, before they can be allowed by the Auditor, or recognized, or paid, be first approved by the department, board or officer, in which the same has originated, and in all such cases must be approved by the Supervisors.

Every demand against the city and county shall, in addition to the other entries and indorsements upon the same required by this charter show:

1. The ordinance or authorization under which the same was allowed.
2. The name of the board, department or authority authorizing the same.
3. The fiscal year within which the indebtedness was incurred.
4. The appropriation provided to meet the demand.
5. The name of the specific fund out of which the demand is payable.

Each demand shall have written or printed upon it a statement that the same can only be paid out of the income and revenue provided, collected and paid into the proper specific fund in the treasury for the fiscal year within which the indebtedness was incurred, and shall refer to Chapter II of this article, and be numbered with reference to the fund out of which it is payable.

SEC. 14. Whenever any person has, or has received, moneys or other personal property belonging to the city and county, or has been intrusted with the collection, management or disbursement of any moneys, bonds, or interest accruing therefrom, belonging to or held in trust by the city and county, and fails to render an account thereof to, and make settlement with, the Treasurer within the time prescribed by law; or, when no particular time is specified, fails to render such account and make such settlement, or who fails to pay into the treasury any moneys belonging to the city and

county upon being required to do so by the Auditor, within twenty days after such requisition, the Auditor must state an account with such person, charging twenty-five per centum damages, and interest at the rate of ten per centum per annum from the time of such failure.

A copy of such account in any suit therein is prima facie evidence of the things therein stated. In case the Auditor cannot for want of information state an account, he may in any action brought by him aver that fact, and allege generally the amount of money or other property which is due to or which belongs to the city and county. The City Attorney must prosecute all actions that may be brought under this section within ten days after notification by the Auditor.

Chapter IV.—Payment of Claims.

SECTION 1. The salaries and compensation of all officers, including policemen and employes of all classes, and all teachers in the public schools, and others employed at fixed wages, shall be payable monthly. Any demand upon the treasury accruing under this charter shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or, if it be a demand which must be passed and approved by the Supervisors or Board of Education, or by any other board, then within one month after the first regular meeting of the proper board held next after the demand accrued; or, unless the Supervisors shall, within six months after the demand accrued as aforesaid, on a careful examination of the facts, resolve that the same is in all respects just and legal, and the presentation of it, as above required, was not in the power either of the original party interested or his agent, or the present holder; in which case they may by ordinance revive such claim; but it shall be barred in the same manner unless presented for payment within twenty days thereafter. No valid demand arising subsequent to the claim which may be revived as aforesaid shall be rendered invalid by reason of such revival exhausting the fund out of which subsequent claims might otherwise be paid. Such revived claim shall take rank as of the day of its revival.

ARTICLE IV.

EXECUTIVE DEPARTMENT.

Chapter I.—The Mayor.

SECTION 1. The chief executive officer of the city and county shall be designated the Mayor. He shall be an elector of the city and county at the time of his election, and must have been such for at least five years next preceding such time. He shall be elected by the people and hold office for two years. He shall receive an annual salary of six thousand dollars. He may appoint a secretary, who shall receive an annual salary of twenty-four hundred dollars; an usher, who shall receive an annual salary of nine hundred dollars; and a stenographer and typewriter, who shall receive an annual salary of nine hundred dollars. All of said appointees shall hold their positions at the pleasure of the Mayor.

SEC. 2. The Mayor shall vigilantly observe the official conduct of all public officers and the manner in which they execute their duties and fulfill their obligations. The books, records and official papers of all departments, officers and persons in the employ of the city and county shall at all times be open to his inspection and examination. He shall take special care that the books and records of all departments, boards, officers and persons are kept in legal and proper form. When any official defalcation or willful neglect of duty or official misconduct shall come to his knowledge, he shall suspend the delinquent officer or person from office pending an official investigation.

The Mayor shall from time to time recommend to the proper officers of the different departments such measures as he may deem beneficial to public interest. He shall see that the laws of the State and ordinances of the city and county are observed and enforced. He shall have a general supervision over all the departments and public institutions of the city and county, and see that they are honestly, economically and lawfully conducted, and shall have the right to attend the meetings of any of the boards provided for in this charter, and offer suggestions at such meetings. He shall take all proper measures for the preservation of public order and the suppression of all riots and tumults, for which purpose he may use and command the police force. If such police force is insufficient, he shall call upon the Governor for military aid in the manner provided by law, so that such riots, or tumults, may be promptly and effectually suppressed.

SEC. 3. The Mayor shall see that all contracts and agreements with the city and county are faithfully kept and fully performed. It shall be the duty of every officer and person in the employ or service of the city and county, when it shall come to his knowledge that any contract or agreement with the city and county, or with any officer or department thereof, or relating to the business of any office, has been or is about to be violated by the other contracting party, forthwith to report to the Mayor all facts and information within his possession concerning such matter. A willful failure to do so shall be cause for the removal of such officer or employé. The Mayor shall give a certificate on demand to any person reporting such facts and information that he has done so, and such certificate shall be evidence in exoneration from a charge of neglect of duty.

The Mayor must institute such actions or proceedings as may be necessary to revoke, cancel, or annul all franchises that may have been granted by the city and county to

any person, company, or corporation which have been forfeited in whole or in part or which for any reason are illegal and void and not binding upon the city. The City Attorney on demand of the Mayor must institute and prosecute the necessary actions to enforce the provisions of this section.

The Mayor shall have power to postpone final action on any franchise that may be passed by the Supervisors until such proposed franchise shall be ratified or rejected by a majority of the votes cast on the question at the next election.

SEC. 4. The Mayor shall appoint all officers of the city and county whose election or appointment is not otherwise specially provided for in this charter or by law. When a vacancy occurs in any office, and provision is not otherwise made in this charter or by law for filling the same, the Mayor shall appoint a suitable person to fill such vacancy, who shall hold office for the remainder of the unexpired term.

SEC. 5. The Mayor shall be president of the Board of Supervisors by virtue of his office. He may call extra sessions of the board, and shall communicate to them in writing the objects for which they have been convened; and their acts at such sessions shall be confined to such objects.

SEC. 6. When and so long as the Mayor is temporarily unable to perform his duties, a member of the board shall be chosen president pro tempore, who shall act as such Mayor. When a vacancy occurs in the office of Mayor, it shall be filled for the unexpired term by the Supervisors.

Chapter II.—The Auditor.

SECTION 1. The head of the Finance Department of the city and county shall be designated the Auditor. He shall be an elector of the city and county at the time of his election and must have been such for at least five years next preceding such time. He shall be elected by the people and hold office for two years. He shall receive an annual salary of four thousand dollars. The Auditor must always know the exact condition of the treasury and every demand upon it. He shall be in personal attendance at his office daily during office hours. He shall be the general accountant of the city and county, and shall receive and preserve in his office all accounts, books, vouchers, documents and papers relating to the accounts and contracts of the city and county, its debts, revenues and other financial affairs. He shall give information as to the exact condition of the treasury and of every appropriation and fund thereof, upon demand of the Mayor, the Supervisors, or any committee or members thereof.

SEC. 2. The Auditor shall appoint a Deputy Auditor, who shall possess the qualifications required of the Auditor, and who shall receive an annual salary of twenty-four hundred dollars. The Auditor may also appoint two assistant deputies, who shall each receive an annual salary of fifteen hundred dollars, and two clerks, who shall each receive an annual salary of twelve hundred dollars. He may employ such number of extra clerks during the time their services may be necessary for the lawful discharge of his official duties, as the Board of Supervisors may designate. Such extra clerks shall each receive a salary not to exceed one hundred dollars a month for the time they shall be actually employed. The Auditor shall be allowed to expend not exceeding eighteen hundred dollars a year for counsel and attorney's fees.

SEC. 3. The Auditor shall keep an account of all moneys paid into and out of the treasury, and the Treasurer shall pay no money out of the treasury except upon demands approved by the Auditor. Any ordinance or law providing for the payment of any demand out of the treasury or any fund thereof (whether from public funds or from private funds deposited therein) shall always be construed as requiring the auditing of such demand by the Auditor before the same be paid.

SEC. 4. He shall number and keep an official record of all demands audited by him, showing the number, date, amount, name of the original holder, on what account allowed, against what appropriation drawn, out of what fund payable, and if previously approved or allowed, by what officer, department or board it has been so approved or allowed. It shall be misconduct in office for the Auditor to deliver a demand with his official approval until this requirement shall have been complied with.

SEC. 5. The Auditor shall approve no demand unless the same has been allowed by every officer, board, department and committee required to act thereon.

SEC. 6. No demand shall be allowed by the Auditor in favor of any corporation or person in any manner indebted to the city and county, except for taxes not delinquent, without first deducting the amount of any indebtedness of which he has notice, nor in favor of any person having the collection, custody or disbursement of public funds, unless his account has been presented, passed, approved and allowed as herein required; nor in favor of any officer who has neglected to make his official returns or reports in the manner and at the time required by law, ordinance, or the regulations of the Supervisors; nor in favor of any officer who has neglected or refused to comply with any of the provisions of law regulating his duties, nor in favor of any officer or employé for the time he shall have absented himself without legal cause from the duties of his office during office hours. The Auditor must always examine on oath any person receiving a salary from the city and county touching such absence.

The Auditor may require any person presenting for settlement an account or claim for any cause against the city and county to be sworn before him touching such account or claim, and when so sworn, to answer orally as to any facts relative to the justice of such account or claim. Moneys placed in the Special Deposit Fund shall not be subject to the provisions of this section.

SEC. 7. Every demand upon the Treasurer, except the salary of the Auditor, must, before it can be paid, be presented to the Auditor, who shall satisfy himself whether

the money is legally due, and its payment authorized by law, and against what appropriation payable and out of what fund it is payable. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, and the date of such allowance, and sign his name thereto. No demand shall be approved, allowed, audited or paid unless it specify each special item, date and amount composing it, and refer by chapter and section to the provisions of this charter authorizing the same.

Sec. 8. The Auditor shall keep a register of warrants, showing the funds upon which they are drawn, the number, in whose favor, for what service, the appropriation applicable to the payment thereof, when the liability accrued, and a receipt from the person to whom the warrant is delivered. He shall not allow any demand out of its order, nor give priority to one demand over another drawn upon the same specific fund, except for the purpose of determining its legality.

Chapter III.—The Treasurer.

SECTION 1. There shall be a Treasurer of the city and county, who shall be an elector of the city and county at the time of his election and who must have been such for at least five years next preceding such time. He shall be elected by the people and hold his office for two years. He shall receive an annual salary of four thousand dollars, which shall be in full compensation for all his services. He may appoint a chief deputy, who shall receive an annual salary of twenty-four hundred dollars; two assistant deputies, who shall each receive an annual salary of eighteen hundred dollars, and one clerk, who shall receive an annual salary of twelve hundred dollars.

Sec. 2. The Treasurer shall receive and safely keep all moneys which shall be paid into the treasury. He shall not lend, exchange, use, nor deposit the same, or any part thereof, to or with any bank, banker or person; nor pay out any part of such moneys, nor allow the same to pass out of his personal custody, except upon demands authorized by law or this charter, and after they shall have been approved by the Auditor. At the close of business each day he shall take an account of and enter in the proper book the exact amount of money on hand. At the end of every month he shall make and file with the Mayor and publish quarterly in the official newspaper a statement of the condition of the treasury, showing the amounts of receipts into and payments from the treasury, and on what account, and out of what fund. If he violate any of the provisions of this section, he shall be guilty of misconduct in office, and be liable to removal therefrom, and be proceeded against accordingly.

He shall keep the accounts belonging to each fund separate and distinct, and shall in no case pay demands chargeable against one fund out of moneys belonging to another. He shall be in personal attendance at his office each day during office hours. No fees of any kind shall be retained by him, but the same, from whatsoever source received or derived, shall be paid by him into the treasury.

Sec. 3. For the better security of the moneys in the treasury, there shall be provided a joint custody safe in which shall be kept the moneys of the city and county. Said safe shall have two combination locks, neither one of which alone will open the safe. The Treasurer shall have the knowledge of one combination and the Auditor of the other. The Auditor shall be joint custodian with the Treasurer of all funds in the joint custody safe; but shall have no control over them except to open and close the safe in conjunction with the Treasurer, when requested to do so in his official capacity, and shall not be held responsible on his official bond for any shortage which may occur in the treasury.

The gold shall be kept in bags containing twenty thousand dollars each, and the silver in bags containing one thousand dollars each. To each bag shall be attached a tag showing the nature and amount of coin contained therein. Each bag shall be sealed with the seal of each custodian.

There shall be kept in the safe a joint custody book, showing the amount and description of all funds in the safe, and whenever any amounts are withdrawn, the Auditor and Treasurer shall make the proper entry in the joint custody book and initial the same. If on account of sickness or urgent necessity the Auditor is unavoidably absent the Deputy Auditor shall perform his duties. The estimated amount of money required daily for the payment of demands against the treasury shall be taken from the joint custody safe and kept in another safe, and the money therein shall be balanced daily at the close of business hours.

Sec. 4. The Treasurer, on receiving any money into the treasury, shall make out and sign two receipts for the money. Such receipts shall be alike, except upon the face of one of them shall appear the word "original," and upon the face of the other shall appear the word "duplicate." Such receipts shall be numbered and dated, and shall specify the amount, on what account and from what person or officer received, and into what fund or on what account paid. The Treasurer shall enter upon the stubs of such receipts a memorandum of the contents thereof, and deliver the receipt marked "original" to the person or officer paying such money into the treasury, and forthwith deliver the receipt marked "duplicate" to the Auditor, who shall write upon its face the date of its delivery to him, and charge the Treasurer with the amount specified therein, and file the receipt in his office.

Sec. 5. No demand shall be paid by the Treasurer unless it specify each several item, date and amount composing it, and refer by title, date and section to the law, or ordinance or provision of this charter authorizing the same; but the allowance or approval of the Auditor, or of the Supervisors, or of any department, board or officer, of any demand which is not authorized by law or this charter, and which upon its face

appears not to have been expressly made payable out of the funds to be charged therewith, shall afford no warrant to the Treasurer for paying the same.

SEC. 6. Every lawful demand upon the treasury, audited and allowed as in this charter required, shall in all cases be paid upon presentation, if there be sufficient money in the treasury applicable to the payment of such demand, and on payment canceled with a punch, cutting the word "Canceled" therein, and the proper entry thereof made. If, however, there be not sufficient money so applicable, then it shall be registered in a book kept for that purpose by the Treasurer. Such register shall show the special number given by the Supervisors or other authority, and also by the Auditor to each demand presented, also when presented, the date, amount, name of original holder, and on what account allowed and against what appropriation drawn, and out of what specific fund payable. All demands shall be paid in the order of their registration. Each demand upon being so registered shall be returned to the party presenting it, with the indorsement of the word "Registered," and dated and signed by the Treasurer, but the registration of any demand shall not operate to recognize or make valid such demand if incurred contrary to any of the provisions of this charter.

Chapter IV.—The Assessor.

SECTION 1. There shall be an Assessor of the city and county, who shall be an elector of the city and county at the time of his election, and who must have been such for at least five years next preceding such time. SEC. 2. The Tax Collector must collect all licenses which may at any time be required by law or ordinance to be collected within the city and county. He shall be charged with all taxes levied upon real and personal property within the city and county, upon the final settlement to be made by him according to law, or this charter. He shall pay into the treasury, without any deduction for commissions, fees, or charges of any kind or on any account, the full amount of all taxes, assessments, and moneys received by him, and not previously paid over, including all moneys paid under protest, and money received for taxes paid more than once, and for street assessments. He shall also be charged with, and be debtor to the city and county for the full amount of all taxes due upon the delinquent tax list delivered to him for collection, unless it appear to the satisfaction of the Supervisors, expressed by resolution, that it was out of his power to collect the same by levy and sale of property liable to be seized and sold therefor.

SEC. 3. The Tax Collector may appoint an attorney to prosecute actions for the collection of delinquent taxes, and may agree on paying him as compensation therefor a stated percentage out of the amounts recovered; but such percentage shall in no case exceed fifteen per centum of the amounts recovered.

SEC. 4. He shall examine all persons liable to pay licenses, and see that licenses are taken out and paid for. In the performance of their official duties, he and his deputies shall have the same powers as police officers in serving process and making arrests. He may demand the exhibition of any license for the current term from any person, firm or corporation engaged or employed in the transaction of any business for which a license is required; and if such person, firm, or corporation shall refuse or neglect to exhibit such license, the same may be revoked forthwith by the Tax Collector.

SEC. 5. The Auditor shall from time to time deliver to the Tax Collector such city and county licenses as may be required, and sign the same and charge them to the Tax Collector, specifying in the charge the amounts thereof named in such licenses respectively and the class of licenses, and take receipts therefor, and the Tax Collector shall sign and collect the same. The Tax Collector shall once in every month, and oftener when required by the Auditor, make to the Auditor a report under oath of all licenses sold and on hand, and of all amounts paid to the Treasurer, and shall also in that

regard comply with the regulations which may be prescribed by the Supervisors. At the time of making such report, the Tax Collector shall exhibit to the Auditor all licenses on hand and the Treasurer's receipts for all moneys paid into the treasury.

The court shall be divided into departments known as Department Number One, Department Number Two, Department Number Three, and Department Number Four. The Judges of such court may hold as many sessions of the court at the same time as there are Judges thereof. The Judges who shall be elected at the first election under this charter shall so classify themselves by lot that two of them shall go out of office in two years and two of them in four years.

They shall choose from their number a Presiding Judge, who shall serve for one year. The Presiding Judge shall assign the Judges to their respective departments; but any of the Judges may preside in any of the departments in the absence or inability of the Judge regularly assigned thereto.

The judgments, orders and proceedings of any session of the court held by any one or more of the Judges shall be equally effectual as if all the Judges had presided at such session.

SEC. 2. The Police Court of the City and County of San Francisco shall have:

First—Exclusive jurisdiction of all prosecutions for the violation of ordinances of the Board of Supervisors.

Second—Concurrent jurisdiction with the Superior Court of all other misdemeanors and of the examination of all felonies committed in the city and county.

Third—Said court, or any Judge thereof, shall have the same powers in all criminal actions, cases, examinations and proceedings as are now or may hereafter be conferred by law upon Justices of the Peace.

SEC. 3. Proceedings in said court shall be conducted in accordance with the laws of this State regulating proceedings in Justices' and Police Courts and appeals to the Superior Court; and said court, or any Judge thereof, shall have the same power in all criminal actions, cases and proceedings as are now or may be hereafter conferred by the general law of this State upon Justices of the Peace; *provided*, that:

First—No case shall be dismissed or fine imposed until the testimony for the prosecution shall be taken.

Second—Any defendant who neglects to file his statement on appeal within ten days after sentence shall lose his right to appeal, unless good cause for the delay be shown by affidavit. Press of business on the part of defendant's attorney shall not be deemed good cause for delay. Unless the District Attorney shall file amendments to the proposed statement on appeal within five days after the same shall have been filed and served, the proposed statement on appeal shall be the statement on appeal. The Judge before whom the case was tried shall settle the statement on appeal within five days after the District Attorney shall have filed his amendments to the proposed statement.

Third—Any person who shall solicit or importune any of said Judges, either before or after judgment, to dismiss a case, or mitigate a sentence, unless the same be done in open court, shall be guilty of a contempt of court.

Fourth—A complaint may be demurred to on the ground that it does not set forth the offense charged with such particularities of time, place, person and property as to enable the defendant to understand distinctly the character of the offense complained of, and the complaint may be amended by permission of the court after a demurrer is sustained.

Fifth—A defendant in custody shall have the right to be tried before a defendant on bail, and felonies shall be heard before misdemeanors.

Sixth—The Judges of said court shall try all cases as speedily as possible, and must refuse continuances after the first calling of a case for trial except upon affidavit showing good cause therefor.

Seventh—Other than lawfully authorized surety companies, no person shall be eligible to be a bondsman for any defendant on trial in the Police Court, or on appeal from a judgment therein, except he take an oath that the property specified in the undertaking is in the City and County of San Francisco, and that he is worth the amount specified exclusive of property exempt from execution, and exclusive of all demands for which he may become liable by reason of the forfeiture of any appeal or bail bonds for which he is surety.

SEC. 4. The District Attorney, either in person or by his assistants, must be present at the sessions of the court and attend to the prosecution of all cases coming before it, and make out all complaints and warrants for the arrest of persons charged with crime to be prosecuted in said court.

SEC. 5. The District Attorney shall appoint a warrant and bond clerk, who shall receive a salary of twenty-four hundred dollars a year, and three assistant warrant and bond clerks, each of whom shall receive a salary of fifteen hundred dollars a year. No person shall be appointed a warrant and bond clerk who is not at the time of his appointment qualified to practice in all the courts of this State. The warrant and bond clerk shall keep his office open continuously night and day for the transaction of business; shall draw complaints in actions in the Police Court, and approve the same with his written signature; shall have the custody of all bail bonds and appeal bonds taken in the Police Court; shall examine the sufficiency of every bail bond and appeal bond taken in the Police Court and make a return thereon, within forty-eight hours after such bond shall have come into his possession, in the following form:

"I, -----, Warrant and Bond Clerk of the City and County of San Francisco, have examined the within bond and find it good in law. I have examined the records of the City and County of San Francisco, and find the property, its owners and incumbrances herein described, to be correct according to said records. (Signed -- --, Warrant and Bond Clerk)".

The warrant and bond clerk shall indorse upon the bond the time when it was issued by him, or when it came into his possession. He may issue bail bonds and appeal bonds when the liability thereof does not exceed two thousand dollars, and order the discharge from custody of the persons for whom the bonds are issued, and he may take cash bail to the extent in any one case of one thousand dollars. He must account for and pay to the Treasurer all moneys received as bail in the manner that the County Clerk is required by law to account for and pay moneys received as fees. No clerk of the Police Court shall ever take bail or order the release of any one charged with an offense.

SEC. 6. In the matter of fixing bail and ordering the release of prisoners the warrant and bond clerk shall be subject to the Judges of the Police Court, and any violation of a valid order of any of said Judges shall be a contempt of court.

SEC. 7. For any failure to keep the office of the warrant and bond clerk open continuously he shall be immediately removed from office by the District Attorney or by the Mayor.

SEC. 8. It shall be a misdemeanor for any person other than a Judge of some court in the city and county, or other than said warrant and bond clerk, to receive bail money for defendants or to order their discharge.

SEC. 9. All demurrers to complaints, notices of motion, statements and bills of exception on appeal to the Superior Court, must be served upon the Assistant District Attorney acting in the department of the court in which the case is set for hearing, or heard or tried.

SEC. 10. The County Clerk shall be the clerk of the Police Court, and he must be present either in person or by deputy, at all sessions of the court in the departments thereof; call the daily calendar of the departments, and keep full and complete records of all cases in the court and the disposition made thereof by the court.

SEC. 11. The Police Judges may appoint not more than two competent stenographers, who shall attend the sessions of the court and take notes of all preliminary examinations made at the sessions, and transcribe into typewritten long-hand all evidence taken by either of them where the parties charged have been held for trial, and deliver one copy of the same to the clerk and one copy to the District Attorney. Each of such stenographers shall be paid for all his services, including transcription and all stationery used by him, an annual salary of twenty-four hundred dollars.

SEC. 12. The Mayor may, in writing, appoint any Justice of the Peace to act as Judge of the Police Court, or any department thereof, during the temporary absence or inability of the Judge to act.

SEC. 13. The Chief of Police shall cause to be made out and delivered to each of the clerks of the court at or before nine o'clock in the forenoon of each day a calendar of arrests in which the cases shall have been assigned to the departments of the court in accordance with the rules and regulations established by the Police Judges. The calendar shall state "the offense charged"; whether the defendant is "in custody" or "on bail"; "the amount of bail"; "whether cash or bond," and "the name of the arresting officer."

SEC. 14. The Chief of Police shall appoint one or more police officers to attend the sessions of the Police Court in each department thereof to preserve order and execute the orders of the court.

SEC. 15. The Police Judges shall adopt all necessary rules and regulations for conducting the business of the court.

SEC. 16. No attorney shall appear in said court to prosecute or defend persons charged with offenses unless at the time of his appearance he be qualified to practice law in all the courts of this State.

SEC. 17. The term of office of the Police Judges elected at the general election held in the year eighteen hundred and ninety-eight shall terminate at the hour of noon on the first Monday after the first day of January in the year nineteen hundred, and they shall at said time be succeeded by the Police Judges provided for in this chapter; and all proceedings pending in said court shall be transferred to the Police Court created under this charter, and the Judges elected as herein provided shall have and obtain jurisdiction of the same.

Chapter IX.—The San Francisco Law Library.

SECTION 1. The Supervisors must provide, fit up and furnish, with fuel, lights, stationery, and all necessary conveniences, attendants and care, rooms convenient and accessible to the judges and officers of the courts and of the municipal government sufficient for the use and accommodation of the San Francisco Law Library, established under an Act of the Legislature of this State entitled: "An Act to provide for increasing the law library of the corporation known as the San Francisco Law Library, and to secure the use of the same to the courts held at San Francisco, the bar, the city and county government and the people of the City and County of San Francisco," approved March 9, 1870. The Supervisors must appropriate, allow, and order paid out of the proper fund such sums as may be necessary for the purposes aforesaid; and all sums lawfully appropriated and expended pursuant hereto shall be paid out of the proper fund on demands duly audited, in the mode prescribed by this charter for auditing other demands upon the treasury. The County Clerk must pay monthly to the treasurer of the San Francisco Law Library such moneys as he shall collect under the Act referred to for the benefit of said law library.

ARTICLE VI.

DEPARTMENT OF PUBLIC WORKS.

Chapter I.—The Board of Public Works.

SECTION 1. There shall be a Department of Public Works under the management of three commissioners, who shall constitute the Board of Public Works, and who shall give all their time during official business hours to the duties of their office. The members of said board shall be appointed by the Mayor. Of those first appointed he shall appoint one for one year, one for two years, and one for three years. Each year thereafter he shall appoint for three years one person as the successor of the commissioner whose term of office expires in that year. All such appointments shall be so made that not more than one member shall at any one time belong to the same political party. No person shall be eligible for appointment as such commissioner unless he is, and has been for at least five years next preceding his appointment, an elector of the city and

county. Each of said commissioners shall receive an annual salary of four thousand dollars.

SEC. 2. Of the commissioners first appointed under this charter, one shall be designated by the Mayor to serve as president for one year. All subsequent presidents of the board shall be elected by the members thereof for terms to be fixed by said board. The president of the board shall in each case hold office until his successor has been elected or until his membership on the board expires.

SEC. 3. The board may appoint a secretary, who shall receive an annual salary of eighteen hundred dollars. The board may employ such clerks, superintendents, inspectors, engineers, surveyors, deputies, architects and workmen as shall be necessary to a proper discharge of their duties under this article, and fix their compensation; but no compensation to any of said persons shall be greater than is paid in the case of similar employments.

SEC. 4. The board shall establish all necessary rules and regulations for its government, and for the performance of its duties, and for the regulation and conduct of its officers and employes; and shall require adequate bonds from its officers and employes, except laborers, for the faithful performance of all their duties, in such sums as may be fixed by the Supervisors. Said bonds shall be approved by the Mayor and shall be filed in the office of the Auditor.

SEC. 5. The board shall hold regular meetings at least once each week at a place and time to be fixed by resolution entered on its minutes. No changes in place or time of regular meetings shall be made without a resolution passed at least two weeks before the time the change is to go into effect. Such special meetings may be held as the commissioners may deem necessary after notice of the same has been posted ten hours before the time of holding any such meeting. All meetings shall be public. No business shall be transacted at an adjourned meeting except such as may have been under, or proposed for, consideration at the meeting from which the adjournment was had. No business shall be transacted at a special meeting except that which is named in the notice of said meeting. Special meetings may be called by any member of the board. In every case where a power is exercised under this article by the board the vote thereon shall be taken by ayes and noes.

SEC. 6. The board shall keep and preserve a record of all its proceedings, and copies of all plans, specifications, reports, contracts, estimates, certificates, receipts, surveys, field notes, maps, plats, profiles, and of all papers pertaining to the transactions of the board. The secretary of the board shall keep a record of all its transactions, specifying therein the names of the commissioners present at all the meetings, and giving the ayes and noes upon all votes. The secretary shall post and publish all orders, resolutions, and notices as required in this chapter or which the board shall order to be posted or published. He shall perform such other duties as may from time to time be prescribed by the board.

SEC. 7. The board shall be the successor in office and shall have all the powers and perform all the duties of the Superintendent of Streets, Highways and Squares, of the New City Hall Commissioners, and of the commissions in existence at the time this charter goes into effect, for the opening, extending, widening, narrowing, straightening, closing or changing the grades of streets in the city and county.

SEC. 8. The board shall immediately after its organization take possession and have the custody and control of all maps, plats, surveys, field notes, records, plans, specifications, reports, contracts, models, machinery, instruments, tools, appliances, contract rights, privileges, books, documents and archives and other property belonging to the city and county, or which may be of value and importance to the city and county, and heretofore kept by or in the offices of the City and County Surveyor, the Superintendent of Public Streets, Highways and Squares, the Board of New City Hall Commissioners, and all commissions in existence at the time this charter goes into effect for the opening, extending, widening, narrowing, straightening, closing, or changing the grades of streets, and all other business and works pertaining to any of said offices or commissions.

SEC. 9. The Board of Public Works shall have charge, superintendence, and control, under such ordinances as may from time to time be adopted by the Supervisors:

1. Of all public ways, streets, avenues, lanes, alleys, places, courts, roads, highways, and boulevards now opened or which may hereafter be opened in the city and county; of the manner of their use; and of all work done upon, over, or under the same; and herein particularly the board shall have exclusive authority to prescribe rules and grant permits, in conformity with the ordinances of the Supervisors, for the moving of buildings through the streets thereof, and the building or placing of cellars or vaults under the streets or sidewalks, and of temporary fences enclosing areas upon the sidewalks; the laying down and construction of railroad tracks in the streets, the erection of telegraph and telephone poles, and poles for electric lighting, and the laying under the surface of the streets or sidewalks of telegraph or telephone wires, and wires for electric lighting and power; the construction of drains and sewers; the laying down and taking up of gas, steam, and water pipes, pneumatic or other tubes or pipes, and sewers and drains, and determining the location thereof; the using of the street, or any portion thereof, for the deposit of building material in front of a building during its construction or repair, or for any purpose other than such as ordinarily and properly belongs to the public from the dedication thereof to public use; and without such permission, in writing, from said board no person shall do any of the acts in this section

enumerated; but nothing in this section shall be so construed as to give said board the power to grant permits for or allow the permanent encroachment upon any sidewalk of any structure;

2. Of all sewers, drains, and cesspools, and of the work pertaining thereto or to the drainage of the city and county.

3. Of the cleaning and sprinkling of all public streets, avenues, alleys, places, courts, roads, highways, and boulevards, and the lighting of the same, and the lighting of the parks, squares, and other public places and public buildings,

4. Of the cleaning of all the public buildings of the city and county and of the appointment of such janitors and employes as are needed for such purpose;

5. Of the supervision of any and all building construction in the city and county;

6. Of the construction of any and all public buildings and structures, under plans duly approved by the various departments, including all school-houses and fire department buildings, and the repair and maintenance of any and all buildings and structures owned by the city and county;

7. Of any and all wires and conduits, the collection and disposal of street refuse, garbage and sewage, and the designing, construction, and maintenance of the sewerage and drainage systems of the city and county;

8. Of any and all public utilities owned, controlled, or operated by the city and county, or which may hereafter be so owned, controlled, or operated.

9. When at any time any person, company or corporation desires to have opened or torn up the roadway of any street, lane, alley, place or court in the city and county for any purpose, a written application shall be made to the Board of Public Works for permission to do so. The board shall thereupon make an estimate of the expense of opening or tearing up such street, lane, alley, place or court and of restoring the same to as good a condition as it was in before said opening or tearing up. Such person, company or corporation must thereupon deposit the amount of such estimate with the Board of Public Works, which shall thereupon pay the same into the General Fund.

The board shall thereupon proceed to open or tear up said street, lane, alley, place or court as in said application requested, and shall at the proper time restore such street, lane, alley, place or court to as good a condition as it was in before said opening or tearing up. Contracts for the doing of such work by the board may be let by it in the manner provided in this chapter, or the work may, at the option of the board, be done by days' labor.

If the expense of such work has been more than the aforesaid estimate, the person, company or corporation shall be indebted to the city and county for such balance; and the same shall constitute a lien upon the property of such person, company or corporation. Said lien shall remain in force until such balance has been paid, or until the lien shall be legally discharged. Said lien may be enforced by suit brought by the city and county in accordance with the provisions of the Code of Civil Procedure of the State of California. If the expense of such work has been less than the aforesaid estimate, then the surplus shall constitute a claim in favor of such person, company or corporation, against the city and county, and as such shall be presented, approved and paid as other claims.

Sec. 10. All examinations, plans and estimates required by the Supervisors in connection with any public improvements or utilities, shall be made by the Board of Public Works, and it shall, when requested to do so, furnish information and data for the use of the Supervisors.

Sec. 11. Said board shall appoint a civil engineer of not less than five years' practical experience as such, who shall be designated the City Engineer. He shall hold his office at the pleasure of the board.

He shall perform all the civil engineering and surveying required in the prosecution of the public works and improvements done under the direction and supervision of said board, and shall certify to the progress and completion of the same, and do such other surveying or other work as he may be directed to do by said board or by the Supervisors. He shall possess the same power in the city and county in making surveys, plats and certificates as is or may from time to time be given by law to City Engineers and to County Surveyors, and his official acts and all plats, surveys and certificates made by him shall have the same validity and be of the same force and effect as are or may be given by law to those of City Engineers and County Surveyors. No street assessment shall be valid without his certificate as to the quantities and unless it be to the effect that the work has been done to the official lines, elevations and grades.

Sec. 12. He shall serve the board exclusively and shall not be engaged in any other business while he is in its service. He shall receive no compensation except his salary. The board shall by resolution establish fees and charges for the services to be performed by the City Engineer for persons, companies and corporations, and may from time to time change and adjust the same. Said Engineer shall require such fees or charges to be paid in advance for any official act or service demanded of him, and such moneys thus paid shall be paid to the Treasurer and credited by him to such fund or funds as said board may direct.

Sec. 13. The board shall appoint the necessary heads of departments under its charge. Each such head shall have the sole executive control in his own department, subject to the rules and regulations prescribed by the board.

Sec. 14. All public work authorized by the Supervisors to be done under the supervision of the Board of Public Works shall, unless otherwise determined by the Board of Public Works, be done under written contract, except in case of urgent necessity as

hereinafter provided; and except as otherwise specifically provided in this charter, the following proceedings shall be taken in all cases in the matter of the letting of contracts by said board: Before the award of any contract for doing any work authorized by this article, the board shall cause notice to be posted conspicuously in its office for not less than five days, and published for the same time, inviting sealed proposals for the work contemplated; except, however, that when any repairs or improvement, not exceeding an estimated cost of five hundred dollars, shall be deemed of urgent necessity by the board, such repairs or improvement may be made by the board under written contract or otherwise, without advertising for sealed proposals.

SEC. 15. Said advertisement and notice shall invite sealed proposals to be delivered at a certain day and hour at the office of the board for furnishing the materials for the proposed work, or for doing said work, or for both, as may be deemed best by the board, and shall contain a general description of the work to be done, the materials to be furnished, the time within which the work is to be commenced, and when to be completed, and the amount of bond to be given for the faithful performance of the contract, and shall refer to plans and specifications on file in the office of the board for full details and description of said work and materials.

SEC. 16. All proposals shall be made upon printed forms to be prepared by the board, and furnished gratuitously upon application, with a form for the affidavit hereinafter provided for printed thereon. Each bid shall have thereon the affidavit of the bidder that such bid is genuine, and not collusive or sham; that he has not colluded, conspired, connived, or agreed, directly or indirectly, with any other bidder or person to put in a sham bid, or that such other person shall refrain from bidding, and has not in any manner sought by collusion to secure any advantage against the city and county, or any person interested in said improvement, for himself or any other person. All bids shall be clearly and distinctly written, without any erasure or interlineation, and if any bid shall have an erasure or interlineation it shall not be received or considered by the board. Any contract made in violation of any of the foregoing provisions, and in the case of improvement of streets, any assessment for the work done under such contract, shall be absolutely void.

All proposals offered shall be accompanied by a check, certified by a responsible bank, payable to the order of the clerk of the Supervisors, for an amount not less than ten per centum of the aggregate of the proposal, and no proposal shall be considered unless accompanied by such check.

No person, corporation, or firm shall be allowed to make, file, or be interested in, more than one bid for the same work. If on the opening of said bids more than one bid appear in which the same person, corporation, or firm is interested, all such bids shall be rejected.

SEC. 17. On the day and at the hour specified in said notice inviting sealed proposals the board shall assemble and remain in session for at least one hour, and all bids shall be delivered to the board while it is so in session, and within the hour named in the advertisement. No bid not so delivered to the board shall be considered. Each bid as it shall be received shall be numbered and marked "Filed" by the President and authenticated by his signature. At the expiration of the hour stated in the advertisement within which the bids will be received, the board shall, in open session, open, examine and publicly declare the same, and an abstract of each bid shall be recorded in the minutes of the board by the secretary. Before adjourning the board shall compare the bids with the record made by the secretary, and shall thereupon, at said time, or at such other time, not exceeding twenty days thereafter, as the board may adjourn to, award the contract to the lowest bidder, except as otherwise herein provided. Notice of such award shall forthwith be posted for five days by the secretary of the board in some conspicuous place in the office of the board, and be published for the same period of time.

The board may reject any and all bids, and must reject the bid of any party who has been delinquent or unfaithful in any former contract with the city and county, and all bids other than the lowest regular bid; and on accepting said lowest bid, shall thereupon return to the proper parties the checks corresponding to the bids so rejected. If all the bids are rejected, the board shall return all the checks to the proper parties and again invite sealed proposals as in the first instance.

The check accompanying the accepted bid shall be held by the secretary of the board until the contract for doing said work, as hereinafter provided, has been entered into, whereupon said certified check shall be returned to said bidder.

If said bidder fails or refuses to enter into the contract to do said work, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be forfeited to the city and county, and shall be collected and paid into the General Fund. Neither the Board of Public Works nor the Supervisors shall have power to relieve from or remit such forfeiture.

SEC. 18. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties, for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and the board shall advertise for a new contract for said work.

SEC. 19. In the case of improvement of streets, the owners of the major part of the frontage of lots and lands upon the street whereon the work is to be done, or which are liable to be assessed for said work, or, in the case of an assessment district, the owners of a major part of the superficial area embraced in such district, or their agents, shall

not be required to present sealed proposals, but may, upon making oath that they are such owners, or the agents of such owners, within ten days after the first posting of notice of said award, elect to take said work and enter into a written contract to do the whole work at the price at which the same has been awarded. Should such owners not enter into a written contract therefor within said ten days, or should they enter into such contract and fail to commence the work within the time stated therein, which time shall not be less than ten nor more than twenty days from the time of the execution of such contract, the board shall enter into a contract with the original bidder to whom the contract was awarded at the price specified in his bid. If the original bidder shall fail or refuse for fifteen days after the first posting of notice of the award to enter into the contract, the board shall again advertise for proposals as in the first instance.

SEC. 20. If the owners or contractor who may have entered into any contract do not complete the same within the time limited in the contract, or within such further time as is hereinafter provided, the board may relet the unfinished portion of said work in accordance with the provisions in this chapter prescribed for the letting of the whole.

SEC. 21. All contracts shall be drawn under the supervision of the City Attorney, and shall contain detailed specifications of the work to be done, the manner in which it shall be executed, and the quality of the material to be used.

Every contract entered into by the board shall be signed by all the members thereof and by the other contracting party. All contracts shall be signed in triplicate, one of which, with the specifications and drawings, if any, of the work to be done, and the materials to be furnished, shall be filed with the Clerk of the Supervisors; one thereof, with said specifications and drawings, shall be kept in the office of the board, and the other, with said specifications and drawings, shall be delivered to the contractor.

At the same time with the execution of the contract the contractor shall execute to the city and county and deliver to the secretary of the board a bond in the sum named in the notice for proposals, with two or more sufficient sureties, to be approved by the board, or shall deposit with the secretary a certified check upon some solvent bank for said amount, for the faithful performance of the contract. No surety on any bond, other than lawfully authorized surety companies, shall be taken unless he shall be a payer of taxes on real property, the assessed value of which, over and above all incumbrances, is equal in amount to his liabilities on all bonds on which he may be security to the city and county; and each surety shall justify and make an affidavit (for which a form shall be printed upon said bond), signed by him, that he is assessed upon the last assessment book of the city and county in his own name for real property in an amount greater than his liability on all bonds on which he is surety to the city and county, and that the taxes on such property so assessed are not delinquent.

The contract shall specify the time within which the work shall be commenced, and when to be completed, as was specified in the notice inviting proposals therefor. Upon the recommendation of the board, the Supervisors may extend said time; but in no event shall the time for the performance of said contract be extended by the Supervisors more than ninety days beyond the time originally fixed for its completion; but, on the unanimous recommendation of the Board of Public Works, a further extension may be granted by vote of fourteen members of the Board of Supervisors. In case of failure on the part of the contractor to complete his contract within the time fixed in the contract, or within such extension of said time as is herein provided, his contract shall be void, and the Supervisors shall not pay or allow to him any compensation for any work done by him under said contract; and, in the case of the improvement of streets, no assessment shall be made for the work done under said contract.

SEC. 22. The work in this article provided for must be done under the direction and to the satisfaction of the Board of Public Works; and the materials used must be in accordance with the specifications and be to the satisfaction of said board, and all contracts provided for in this article must contain a provision to that effect, and also, that in no case, except where it is otherwise provided in this charter, will the city and county, or any department or officer thereof, be liable for any portion of the expense, or in the case of improvement of streets, for any delinquency of persons or property assessed.

When said work shall have been completed to the satisfaction and acceptance of the board, it shall so declare by resolution, and thereupon the board shall deliver to the contractor a certificate to that effect.

Chapter II.—Improvement of Streets.

SECTION 1. All streets, lanes, alleys, places, or courts in the city and county now open, or dedicated, or which may hereafter be opened, or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places, or courts, for the purposes of this chapter; and the Supervisors are hereby empowered to fix the width and grade thereof, and to order to be done therein and thereon any and all street work and street improvement under the proceedings hereinafter described.

SEC. 2. Application for the doing of any such work or improvement must in the first instance, except where otherwise provided in this article, be made in writing to the Board of Public Works; and if the expense thereof is to be assessed upon private property, the board shall investigate the same; and if it determine that such improvement is expedient, it shall so report to the Supervisors; and the Supervisors shall not order any such improvement until the same has been recommended by said board. When the construction of any sewer or drain shall involve a cost of more than five dollars per lineal foot for any block, it shall not be authorized except by an ordinance

passed by the affirmative vote of not less than fourteen members of the Board of Supervisors. If an application is made for any work or improvement of which the expense is to be paid by the city and county, and the Board of Public Works shall not approve of such application, it shall report to the Supervisors its reasons for such disapproval, and the Supervisors may then, after having obtained from the Board of Public Works an estimate of the expense of said work or improvement, by ordinance passed by the affirmative vote of not less than fourteen members of the Board of Supervisors, order the doing of said work, or the making of said improvement.

The Board of Public Works may also, except as herein prohibited, recommend any improvement, the expense of which is to be paid by the city and county, though no application may have been made therefor, and must make, with said recommendation to the Supervisors, an estimate of the expense, and in such case the Supervisors may order the same done.

No street work or street improvements of any kind shall be ordered to be done by the Supervisors unless a written recommendation to do the same has been made to them by the Board of Public Works; and all such recommendations shall be made matters of record in the office of said board.

When the board shall recommend any work to be done on a street intersection or crossing, where the streets do not intersect each other at right angles it shall in each such case determine what lots in the blocks adjacent to such intersection or crossing will be benefited by said work, and shall cause a map to be made on which shall be delineated the lots so to be benefited. Such map shall be transmitted to the Supervisors with said recommendation.

SEC 3. Before recommending to the Supervisors the ordering of any work or improvement, the expense of which, or any part thereof, is to be assessed upon private property, the Board of Public Works shall pass a resolution of its intention to recommend the same, specifying the work to be recommended, and shall fix a day when it shall take final action upon said resolution.

Upon the passage thereof the secretary of the board shall forthwith, without any further authority cause a copy of said resolution to be posted conspicuously for five days in the office of said secretary, and to be published for a period of ten days (legal holidays excepted) and cause a copy to be deposited in the postoffice at the city and county, with postage prepaid, addressed to each person represented on the assessment book of the city and county for the next preceding fiscal year as being owner of land liable to be assessed for said improvement; but if said lot stand on said book in the name of unknown owners, such notice need not be sent.

The board shall also cause to be conspicuously posted along the line of said contemplated improvement, at points not more than one hundred feet in distance apart, notices, not less than three in all, of the passage of said resolution. Each of said notices shall be headed "Notice of Street Work" in letters of not less than two inches in length, and shall in legible characters state the fact of the passage of said resolution, its date, and briefly, the work or improvement proposed, and refer to the resolution of intention for further particulars.

SEC 4. The owners of a majority of the frontage of the property fronting on said proposed work or improvement, and, in the case of a district, those owning more than one half of the superficial area of the district, may make written objections to the same within ten days after the expiration of the time of the publication of said resolution of intention, which objections shall be delivered to the secretary of the Board of Public Works, who shall indorse thereon the date of its reception by him. Such objections shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvement, unless the owners of the one half or more of the frontage or of the district, as aforesaid, shall meanwhile petition for the same to be done, and the same shall, after the expiration of said six months, be continued under the resolution of intention first passed, if said board shall deem proper. If, however, the owners of at least two thirds of the property fronting on said proposed work or improvement, and, in the case of a district, those owning at least two thirds of the superficial area of the district, shall make written objections to the same within said six months, no further proceedings shall be taken under the aforesaid resolution of intention.

When the work or improvement proposed to be done is the construction of sewers, manholes, culverts or cesspools, and the objections thereto are signed by the owners of a majority of the frontage or of the district, as aforesaid, the board shall, at its next meeting, fix a time for hearing said objections, not less than one week thereafter. The secretary shall thereupon notify the persons making such objections, by depositing a notice thereof in the post office at the city and county, postage prepaid, and addressed to each objector or his agent when he appears for such objector. At the time specified the board shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive, and if said objections are overruled the proceedings shall be continued as though no objections had been made.

At any time before the making of the assessment as hereinafter provided, all owners of lots of land liable to assessment therein, who, after the first publication of the aforesaid resolution of intention, may feel aggrieved, or who may have objections to any proceedings in relation to the performance of the work described in said resolution, may file with the secretary a petition of remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object. Such petition or remonstrance shall be passed upon by the board, and its decision thereon shall be final and conclusive.

SEC. 5. When the contemplated work or improvement in the opinion of the Board of Public Works is of more than local or ordinary public benefit, it may recommend to the Supervisors that the expense of such work or improvement be made chargeable upon a district, and said board shall in its resolution set out the district benefited by said work or improvement and to be assessed to pay the expense thereof. Objections to the extent and boundaries of the district of lands to be benefited by said work or improvement may be made by any interested party, in writing, within ten days after the expiration of the time of publication of the resolution of intention.

The secretary of the board shall lay said objections before it and the board shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The secretary shall thereupon notify the persons making such objections by depositing a notice thereof in the post office at the city and county, postage prepaid, addressed to each objector. At the time specified the board shall hear the objections urged and pass upon the same, and if said objections are overruled, its decision shall be final and conclusive as to the extent and boundaries of the district.

If the objections are sustained, the board shall proceed to set out another district to the extent and boundaries of which objections may be made and a hearing had thereon as above provided; and so on in like manner until a district has been set out to the extent and boundaries of which all objections shall be overruled by the board—its decision in that behalf to be final and conclusive; and thereupon the proceedings shall continue the same as if no objections had been made. In its report to the Supervisors the board shall accompany its report with a diagram on which shall be delineated each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work or improvement proposed to be done within the limits of the district. Such diagram shall be certified to be correct by the secretary of the board.

SEC. 6. When the work under any contract shall have been completed, the contractor shall make and file in the office of the Board of Public Works an affidavit to the effect that he has not entered into any private agreement, verbal or written, with any person liable to be assessed for said work, or with any one on his behalf, to accept a price from him less than the price named in said contract, or to make any rebate or deduction to him from such price. Any such agreement shall be deemed a fraud upon all persons liable to be assessed for such work other than the property owners who were parties to the agreement, and shall make void, as to such persons so defrauded, any assessment made for the work done under such contract, and where there is more than one contractor each contractor shall make such affidavit.

SEC. 7. When any work in or upon any public street shall have been completed according to contract, and the affidavit mentioned in the next preceding section shall have been made, the board shall make an assessment to cover the sum due for the work performed and specified in said contract (including all incidental expenses), in conformity with the provisions of this article, according to the nature and character of the work. The assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot (if known to the board, and if not known, the word "unknown" shall be written opposite the number of the lot and the amount assessed thereon), the number of each lot assessed, and shall have attached thereto a diagram exhibiting the street or street crossing on which the work has been done, and showing the relative location of each distinct lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of front feet assessed for said work. A mistake in the name of the owner shall not invalidate any assessment.

When the expense of such work falls in part upon any person, company or corporation having railroad tracks upon the street where such work has been done, said assessment shall include an assessment against said person, company or corporation, for its legal proportion of said expense, and the same shall constitute a lien upon the road-bed, rolling stock, franchises and other property of such person, company or corporation, for a period of two years from the date of recording the warrant, assessment and diagram hereinafter provided for.

SEC. 8. The expense of all work or improvement done upon any part of said streets, lanes, alleys, places or courts, under the order of the Supervisors, shall be borne and paid for as follows:

First—The city and county shall pay out of the General Fund the expense: (a) Of all work done on streets, crossings and intersections of streets that have been or may be accepted by the city and county, after the acceptance of the same, and all repairs and improvements deemed of urgent necessity that may be made upon the public streets and highways. (b) Of all work done in front of, or that may be assessed to, property owned by the city and county or by any department thereof. (c) Of all work done in front of, or that may be assessed to, property owned by the United States.

Second—The expense of all sewers, cesspools, manholes, culverts and drains, and of all grading, planking, macadamizing, paving, piling and capping any street, or portion thereof, and of all curbs thereon, and of all work done on sidewalks, shall be assessed upon the lands within the block or blocks adjacent thereto as herein provided, except where by an assessment district it may be provided otherwise.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company or corporation, having railroad tracks thereon, shall be borne and paid for by such person, company or corporation, and shall be included in the assessment hereinbefore provided for.

No assessment shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per centum of the value at which said property was assessed upon the last preceding assessment book of the city and county.

SEC 9 Subdivision One—Except where the expense incurred for the street work and improvement authorized herein is to be assessed upon a district as hereinafter provided, such expense, other than that to be paid by a person, company or corporation having tracks on the street where such work and improvement has been done, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specifically provided; each lot or portion of a lot being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvement except such as is done by contractors under the provisions of section sixteen of this chapter, until the streets, avenues, street crossings, lanes, alleys, places, or courts are finally accepted, as provided in section twenty-three of this chapter, shall be assessed upon the lots and lands as provided in this section according to the nature and character of the work.

Subdivision Three—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot on the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, half way to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

Subdivision Four—Where a main street terminates in another main street, the expense of the work done on one half of the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main street, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Subdivision Five—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street if it does not meet another.

Subdivision Six—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half way to the next street, place, or court, on either side, respectively, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Seven—Where a subdivision street, avenue, lane, alley, place, or court, terminates in another street, avenue, lane, alley, place, or court, the expense of the work done on one half the width of the subdivision street, avenue, alley, place, or court opposite the termination, shall be assessed upon the lot or lots fronting on such subdivision street or avenue, lane, alley, place, or court so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, avenue, lane, alley, court, or place, or the end of such street, avenue, lane, alley, place, or court, if it does not meet another, and the other one half of the width upon the lots fronting such termination.

Subdivision Eight—Where any work mentioned in this chapter, manholes, cess-pools, culverts, crosswalks, piling and capping excepted, is done on either or both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street, the assessment to cover the total expense of said work so ordered shall be made upon the lots or portions of the lots only fronting the portions of the work so ordered. When sewerage or resewering is ordered to be done under the sidewalk or only on one side of a street for any length thereof, the assessment for its expense shall be made only upon the lots and lands fronting nearest upon that side, and for intervening intersections only upon the two quarter blocks adjoining and cornering upon that side.

Subdivision Nine—Any owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the Supervisors, may perform at his or their own expense (after obtaining permission from the Board of Public Works so to do, but before said board has passed its resolution of intention to recommend grading inclusive of this) any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon may procure, at his or their own expense, a certificate from the City Engineer setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter may file said certificate in the office of the board. Said certificate shall be recorded in a properly indexed book kept for that purpose in the office of the board. Whenever thereafter the Supervisors order the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contract must express the price by the cubic yard for cutting and filling in grading, and such owner or owners, and his or their successors in interest, shall be entitled to credit on the assessment upon his or their lots and lands fronting on said street for grading thereof, to the amount of the cubic yards of

cutting and filling set forth in his or their said certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been legally changed, only for so much of said certified work as would be required for grading to the grade as changed. Such owner or owners shall not be entitled to any credit that may be in excess of the assessments for grading upon the lots and land owned by him or them, and proportionately assessed for the whole of said grading. The board shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the changed grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned respectively by said certified owners and their successors in interest; but he shall not include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners or their successors in interest. When any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work, except grading, on such street, in front of any block, at his or their own expense, and the Supervisors shall subsequently order any work to be done of the same class in front of the same block, the work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done, as provided in subdivision ten of this section; but the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the Board of Public Works at the time said order is passed.

Subdivision Ten—The Board of Public Works may include in the resolution of intention any of the different kinds of work mentioned in this chapter, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made; but this shall not be construed so as to affect the special provisions as to grading contained in subdivision nine of this section.

Subdivision Eleven—When the resolution of intention declares that the expense of the work and improvement is to be assessed upon a district, immediately after the contractor has fulfilled his contract to the satisfaction of the Board of Public Works, or to the satisfaction of the Supervisors on appeal, the Board of Public Works shall proceed to estimate upon the lands, lots, or portions of lots within said assessment district, as shown by the diagram provided for in section five of this chapter, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the expense of such proposed work, and in so doing shall assess said total sum upon the several pieces, parcels, lots, or portions of lots, and subdivisions of land in said district benefited thereby, to wit: Upon each respectively in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the assessment shall be as provided in this chapter.

SEC. 10. If at any time there shall be any street work or improvement done, and none of the methods heretofore provided are legally sufficient to authorize the Board of Public Works to make an assessment to pay for the expense thereof, then said board shall, before it passes a resolution of its intention to recommend the ordering of said work or improvement, establish by resolution a method by means of which such assessment shall be made; and on the completion of the work or improvement to the satisfaction of said board, or to the satisfaction of the Supervisors on appeal, said board shall make an assessment to pay the expense thereof according to the method established by said resolution.

SEC. 11. In making all assessments the Board of Public Works shall act as a board, and the assessment shall be authenticated by the signatures of all the members thereof.

SEC. 12. To said assessment shall be attached a warrant which shall be signed by the president of the Board of Public Works and countersigned by the secretary thereof. Said warrant shall be substantially in the following form:

By virtue hereof the Board of Public Works of the City and County of San Francisco, by the authority vested in it, does authorize and empower (name of contractor) his (or their) agents, or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be his (or their) warrant for the same.

(Date) ———. (Name of president of Board of Public Works.)

Countersigned by (Name of secretary of Board of Public Works.)

Said warrant, assessment, and diagram shall be recorded in the office of the board. When so recorded the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment, and diagram, all persons interested in said assessment shall be deemed to have notice of the contents of the record thereof.

After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the board of the incidental expenses not previously paid by the contractor or his assigns. By virtue of said warrant said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments.

When it shall appear by the final judgment of any court in this State having jurisdiction to render such judgment that any suit brought to foreclose the lien of any assessment for street work made under this chapter, or in the recording thereof, has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality thereof or therein, or in the return on the warrant issued pursuant to any such assessment, or in the recording of any such warrant, any person interested therein may, at any time within seven months after the entry of said final judgment, apply to the board for another assessment to be issued in conformity to law; and the board shall, within sixty days after the time of said application, make and deliver to said applicant a new assessment, diagram, and warrant in accordance with law, and sign, record, and authenticate the same as above provided. Such assessment shall be a lien upon the lots of land set out therein for the period of two years from the date of its recording, and suit may be brought to enforce said lien as provided in this chapter. Should such final judgment be that of the Superior Court for the city and county, and an appeal therefrom to the Supreme Court of the State has been taken, no such other assessment shall be made until said appeal has been determined.

SEC. 13. The contractor or his assigns, or some person on his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person on his or their behalf, shall receipt the same upon the assessment in the presence of the person making such payment, and shall also give a receipt if demanded. When the persons so assessed, or their agents, cannot conveniently be found or when the owner of the lot is stated as "unknown" upon the assessment, then said contractor or his assigns, or some person on his or their behalf, shall publicly demand payment on the premises assessed.

The warrant shall be returned to the Board of Public Works within thirty days after its date with a return indorsed thereon, signed by the contractor or his assigns, or some person on his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the secretary of the board shall record the return so made in the margin of the record of the warrant and assessment.

The board can at any time receive the amount due upon any assessment and warrant issued by it and give a good and sufficient discharge therefor, but no such payment so made after suit has been commenced shall operate, without the consent of the plaintiff in the action, as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff.

The board may release any assessment upon the books of its office on the payment to it of the amount of the assessment with interest against any lot or on the production to it of the receipt of the party or his assigns to whom the assessment and warrant were issued. If any contractor shall fail to return his warrant within the time and in the form provided in this section he shall thenceforth have no lien upon the property assessed; but if any warrant is lost, upon proof of such loss a duplicate may be issued, upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of seven per centum per annum until paid.

SEC. 14. The owners, whether named in the assessment or not, the contractor or his assigns, and all other persons directly interested in any work provided for in this chapter, or in the assessment, feeling aggrieved by any act or determination of the Board of Public Works in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the board, shall, within thirty days after the date of the warrant, appeal to the Supervisors, by briefly stating their objections in writing and filing the same with the Clerk of the Supervisors. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations or proceedings objected to or complained of, shall be published for five days. Upon such appeal the Supervisors may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the board relative to said work, may confirm, amend, set aside, alter, modify or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the Supervisors, and may at their option direct the Board of Public Works to correct the warrant, assessment or diagram in any particular, or to make and issue a new warrant, assessment and diagram to conform to the decisions of the Supervisors in relation thereto.

All the decisions and determinations of the Supervisors, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities, which the Supervisors might have remedied and avoided, and no assessment shall be held invalid, except upon appeal to the Supervisors, as provided in this section, for any error, informality or other defect in the proceedings prior to the assessment, or in the assessment itself, where the Board of Public Works has acquired jurisdiction to make the same.

SEC. 15. At any time after the period of thirty-five days from the day of the date of the warrant, or if an appeal has been taken to the Supervisors, then, at any time after five days from the decision of the Supervisors on such appeal, or after the return on the

warrant, after the same may have been corrected, altered or modified, as herein provided, but not less than within thirty-five days from the date of the warrant, the contractor or his assignee may sue in his own name the owner or the mortgagee of the land, lots, or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of seven per centum per annum until paid.

In all cases of recovery under the provisions of this chapter the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs, as attorney's fees, but not any percentage upon said recovery. When suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall also be entitled to have and recover said sum of fifteen dollars as attorney's fees in addition to all taxable costs, notwithstanding that the suit may be settled or a tender be made before a recovery in said action, and he may have judgment therefor.

Said warrant, assessment and diagram, with the affidavit of demand and non-payment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the Board of Public Works and of the Supervisors upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the lots of land assessed, and to order such premises to be sold on execution as in other cases of the sale of real estate by the process of said courts. In all actions brought to enforce the lien of assessments made pursuant to the provisions of this chapter, the proceedings therein shall be governed and regulated by the provisions of this chapter, and, when not in conflict herewith, by the codes of this State.

SEC. 16. When any portion of the roadway of any street, avenue, lane, alley, court or place, or any portion of any sidewalk, in the city and county, none of which has been accepted by the Supervisors as in this chapter provided, shall be so out of repair as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the Board of Public Works shall require the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue, alley, lane, court or place, by a notice in writing, to be delivered to them or their agents personally, to repair forthwith said portion of said street, avenue, lane, alley, court or place, to the center line thereof, in front of the property of which he is the owner or tenant, or occupant. The board shall particularly specify in said notice what work is required to be done and what material shall be used in said repairs. If said repairs be not begun within five days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the board may make such repairs, or enter into a contract with any suitable person, at the expense of the owner, tenant or occupant, after the specifications for the doing of said work shall have been conspicuously posted by it in its office for three days, inviting bids for the doing of said work. Said bids shall be delivered to it at its office on or before the second day after the completion of said posting, and opened by it on the next day following; whereupon the contract shall be awarded to the lowest responsible bidder.

All of said bids shall be preserved in the office of the board, and shall be open at all times after the letting of the contract to the inspection of all persons; and such owner, tenant, or occupant, shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of the board. Upon the completion of such repairs by the contractor as aforesaid to the satisfaction of the board, it shall make and deliver to the contractor a certificate to the effect that such repairs have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that the Board of Public Works has accepted the same.

SEC. 17. If the expense of the work and material for the repairs provided for in the last preceding section be not paid on demand to the contractor so employed, or his agent or assignee, said contractor, or his assignee, shall have the right to sue such owner, tenant, or occupant for the amount contracted to be paid; and the certificate provided for in said section shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the Board of Public Works in a book kept by it in the office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien as in case of other assessments provided for in this chapter.

SEC. 18. In addition to the remedies above given the Supervisors may prescribe the penalties that shall be incurred by any owner or person neglecting or refusing to make repairs when required, as hereinbefore provided. Such penalties shall be enforced for the use of the city and county by prosecution in the name of the people of the State of California in the court having jurisdiction thereof, and may be applied in the case of fines, to the payment of expense of any such repairs not otherwise provided for.

SEC. 19. The person owning the fee, or the mortgagee of such fee, or the person who, on the day the action is commenced, appears by deed duly recorded in the County Recorder's office of the city and county, to have the legal title to the land, or the person in possession of lands, lots, portion of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as executor, administrator or guardian of the owner, shall be regarded, treated and deemed to be the "owner" for all the purposes of this chapter. And in case of property leased, the possession of the tenant or lessee

holding and occupying under such persons shall be deemed to be the possession of such owner.

SEC 20. Any tenant or lessee of any lot of land on which has been imposed an assessment under the provisions of this chapter may pay said assessment, or he may discharge any liability imposed thereon by virtue of the provisions of this chapter, or he may redeem the property within the time prescribed by law, if legally sold on execution, and may deduct the amount so paid from the rents due and to become due from him; and he shall have a lien upon, and may retain possession of, said lots until the amount so paid and advanced, with legal interest thereon, be satisfied from accruing rents or by payment by the owner.

SEC 21. The records kept by the Board of Public Works shall have the same force and effect as other public records, and duly certified copies therefrom may be used in evidence with the same effect as the originals. Said records shall, during all office hours, be open, free of charge, to the inspection of any citizen wishing to examine them.

SEC 22. Notices in writing required to be given by the board may be served by any person over the age of twenty-one years, and the fact of such service may be verified by the oath of the person making it. Such oath may be taken before the secretary of said board or before any member thereof.

SEC 23. When any street or portion of a street has been or shall hereafter be fully constructed to the satisfaction of the Board of Public Works and of the Supervisors, and is in good condition throughout, and a sewer, gas pipes, and water pipes are properly laid therein the same shall be accepted by the Supervisors by ordinance; and thereafter such street or portion of a street shall be kept in repair and improved by the city and county. The Supervisors shall not accept any portion of a street less than the entire width of the roadway including the curbing, and one block in length, or one entire crossing, but they may partly or conditionally accept any street, without a sewer, or gas pipes or water pipes therein, if the ordinance of acceptance expressly states that they deem such sewer, or gas pipes or water pipes to be then unnecessary. In such case the lots of land previously or at any time assessable for the cost of constructing a sewer shall remain and be assessable for such cost and for the cost of repairs and restoration of the street damaged in said construction, whenever the Supervisors shall deem a sewer to be necessary and shall order it to be constructed. The Board of Public Works shall keep in its office a register of all streets accepted by the Supervisors under this section, which register shall be indexed for easy reference thereto.

SEC 24. The Board of Public Works may at any time, without any application therefor, recommend to the Supervisors to order the paving or macadamizing of the portion of any street required by law to be paved or macadamized by the person, company or corporation having railroad tracks thereon. Upon such recommendation the Supervisors shall by ordinance order said work to be done and direct said board to notify said person, company, or corporation of the fact of the passage of such ordinance.

The secretary of said board shall thereupon forthwith in writing notify said person, company or corporation of the passage of said ordinance; and if said person, company or corporation shall not within ten days after receiving said notice commence in good faith to do said work and prosecute the same diligently to completion, the board shall invite sealed proposals for doing said work in the manner provided in this article; and all the provisions of this article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and to the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of the board the contractor shall be entitled to recover from such person, company or corporation the contract price for the expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action, the certificate of the board of the completion of said work to its satisfaction shall be prima facie evidence of the regularity of all the proceedings prior thereto and of plaintiff's right to recover in said action.

SEC 25. Except as otherwise in this charter specifically provided, no ordinance for the improvement of any street other than for sewers, sidewalks and curbs, except for the improvement of the streets constituting or lying along the water front of the city and county, and except for such work as is provided for in the next preceding section, shall be passed by the Supervisors without extending said improvement throughout the whole width of such street.

SEC 26. Wherever in this article the word "street" occurs, it shall be held to include all streets, lanes, alleys, places and courts which have been, or may be hereafter, dedicated and open to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossings of the main streets.

The word "improvement" shall be held to include grading, paving, planing, macadamizing, piling and capping, and the construction and repairs of sewers, cesspools, manholes, culverts, drains, sidewalks and curbs.

The term "main street" shall mean such street or streets as bound a block, and the term "street" shall include crossing.

The word "block" shall mean the blocks known or designated as such upon the maps and books of the Assessor.

The term "quarter block," as used in this chapter as to irregular blocks, shall be deemed to include all lots, or portions of lots, having any frontage on either intersecting street half way from such intersection to the next main street, or, when no main street intervenes, all the way to a boundary line of the city and county.

The word "paved" shall include any pavement of stone, iron, wood, or other material which the Supervisors may by ordinance order to be used; but no patented pavement shall be ordered during the existence of the patent therefor, until the owner of such patent shall have transferred to the city and county all right to the use of the same therein, with the privilege to any person to manufacture and lay the same upon its streets under any contract that may be awarded to him, or entered into by him with the city and county.

The term "expense" shall include the price at which the contract was awarded, and the term "incidental expenses" shall include all expenses incurred in printing and advertising the work contracted for, and all expenses for surveying, measuring and inspecting the work.

All notices and resolutions required in this article to be published shall be published daily, legal holidays excepted, in the official newspaper.

All notices herein required to be served, whether by delivery, mailing or posting, may be so served by any male citizen of the age of twenty-one years, and his affidavit thereof shall be prima facie evidence of such service. The affidavit by the publisher of the official newspaper, or his clerk, of the publication of any notice required in this article to be published, shall be prima facie evidence of such publication.

Sec. 27. When the owners of all the lands fronting upon any street which is less than forty feet in width, for the entire distance of said street, or for the distance of one or more entire blocks, shall petition the Board of Public Works that the said street, or that portion thereof upon which said lands front, be closed, the board may pass a resolution recommending that the same be closed. Before passing such resolution the board shall cause a notice of the application to be published in the official newspaper, and shall fix a time and place at which it will consider the same and hear objections thereto. Upon such hearing it shall determine whether it will recommend that the street be closed; and if it shall so determine, it shall transmit such recommendation to the Supervisors. Thereupon the Supervisors may pass an ordinance that the street be closed, and the same shall not thereafter be, or be deemed to be, a public street, or subject to any public expense or improvement; and the land theretofore included within the roadway and sidewalks of said street shall thereafter be the property of the city and county. No such ordinance shall be passed until the petitioners shall have paid all the expenses of said proceedings.

Sec. 28. In all cases where lands in the city and county shall be hereafter subdivided and laid out into blocks or plats, sub-lots, streets and alleys, or when new streets or public grounds shall be laid out, opened, donated or granted to the public by any proprietor, the map or plat thereof shall be submitted to the Board of Public Works for its approval, and if the board approves the same, such approval shall be by it indorsed upon the said map or plat, and said map with said approval shall then be filed in the office of the Recorder, and without such approval indorsed thereon no such map or plat shall be filed in the office of the Recorder, or have any validity; nor shall any street, alley, or public ground hereafter opened and dedicated as such, become or be a public street or be subject to any public improvement or expense without such approval, indorsement and record. No street hereafter laid out shall be approved or become a public street unless the same shall be at least forty feet in width and two hundred feet distant from any parallel street.

Sec. 29. The board shall annually invite proposals for cleaning and sprinkling such of the streets of the city and county as the board shall determine should be cleaned and sprinkled at the public expense. Before causing notice for such proposals to be published the board shall divide the city and county into such number of districts as in its judgment will best induce competition for bids, and secure the cleaning and sprinkling of the streets at the lowest cost. The secretary of the board shall, under its direction, on the first Monday in May of each year, cause to be published for a period of ten days a notice inviting proposals for cleaning and sprinkling each of said districts specifying in said notice the streets of each district which are to be cleaned and sprinkled, the number of times a week that they are to be cleaned and sprinkled, and the amount of security to be given with each contract. Bids shall be made for each district separately. All the provisions of this article in relation to the making and opening of bids, awarding of contracts and entering into and performance of contracts, shall be applicable to said contracts.

The board may, at the time it invites proposals for said cleaning and for said sprinkling, also invite proposals for said cleaning separately, and for said sprinkling separately, and may award such contracts accordingly as may be for the best interest of the city and county.

The board may also, with the consent of the Supervisors expressed by ordinance, purchase one or more machines for sweeping the streets, and may enter into contracts for sweeping the streets with said machines; but the board must give the preference to handsweeping so far as it can do so with reference to the proper sweeping of the streets and to the funds at its disposal.

Sec. 30. The board shall cause to be made all urgent repairs upon the public streets that may from time to time be requisite for the public safety, and for that purpose may employ such laborers as may be necessary, and at such wages as may be from time to time fixed by the board, but when the expense of the repairs upon any street or portion of a street shall exceed the sum of five hundred dollars, exclusive of materials to be furnished from the Corporation Store Yard, the same shall be done under contract awarded in the manner provided in this article.

SEC. 31. The board shall, from time to time, after it shall have been directed so to do by the Supervisors by ordinance, invite proposals for supplying to the city and county such materials as may be required for the repair of the public streets or for any improvement thereof, and such proceedings shall be had in awarding the contracts therefor as are in this article provided for awarding other contracts.

SEC. 32. The Supervisors shall select some place in the city and county which shall be known as the Corporation Store Yard, wherein shall be kept all supplies, material, implements and machines belonging to the city and county, to be used in repairing or cleaning and sprinkling the streets or for any improvement thereon. The Board of Public Works shall appoint a storekeeper for said yard, who shall hold his office during its pleasure. He shall have the custody of said yard and of all the supplies, material and implements therein, and shall keep books of account in which shall be kept a systematic account of all purchases, and of the receipt of supplies and material under any contracts awarded under the provisions of the preceding section, and of the delivery thereof, which books shall at all times show the amount of said material and supplies on hand and in store, and when, to whom, and for what purpose each article was delivered. He shall be responsible for all material and supplies in said yard, and shall not deliver any article except upon the written order or requisition of the president and secretary of the Board of Public Works, and he shall take the written receipt, indorsed upon said order, of each person to whom any delivery is made, specifying the date of such delivery and the amount and kind of material and supplies delivered. For any deficiency in his accounts or for the delivery of any article without such order or requisition and receipt, he shall be liable upon his official bond. All cobblestones, or stone blocks, or other material with which any street or portion of a street may have been paved or planked shall, if at any time removed from said street, be taken to said yard, and there kept, accounted for and disposed of by the storekeeper in the same manner as other supplies.

Chapter III.—Opening, Straightening, Widening, Extending and Changing the Grade of Streets.

SECTION 1. When an application shall be made to the Board of Public Works for the straightening, widening or extending of any street, or for the laying out, establishing or opening of a new street, signed by the owners of a majority of the frontage of the lands upon the line of said street, or proposed street, and such improvement requires the condemnation of private property, and the board shall by resolution determine that the improvement would be of public benefit, it shall make an estimate of the expense of such improvement, and determine by resolution the district which will be affected by, and should be assessed for, the expense of such improvement. No proceedings shall be had upon the filing of such petition until after the persons signing the same shall have deposited with the secretary of the board an amount of money which, as may be determined by the board, will be sufficient to defray all the expense that may be incurred in case the Supervisors shall not pass an ordinance for said improvement.

SEC. 2. If within three months after the passage of the resolution determining such district, a majority of the owners of the land within said district who shall also be the owners of two thirds of the superficial square feet of the property included within said district, and of three fourths in value of said property, including improvements thereon, estimating said value according to the last preceding assessment book of the city and county, shall present to the board a petition for said improvement, verified by their oaths and describing the lands of which they are the owners, and showing the amount at which the same was assessed upon the last preceding assessment book of the city and county, and stating that they are the owners and in possession of the lands named in said petition, the board shall pass a resolution of its intention to recommend such improvement to the Supervisors, and shall in such resolution specify a day upon which it will hear any objections that may be made to such improvement.

Before passing such resolution of intention, the board shall cause to be prepared a map or diagram of the district affected by and to be assessed for the expense of such improvement, upon which shall be delineated the several lots of land upon which said assessment is to be levied, and also the lots of land which are to be taken for such improvement, and showing the name of the person to whom the said lots were assessed upon the last assessment book of the city and county, together with the amounts of such assessments.

SEC. 3. The secretary of the board shall thereupon cause said resolution of intention to be published for a period of thirty days, non-judicial days excepted, and shall also cause a copy of said resolution to be deposited, postage prepaid, in the post office at the city and county, addressed to each person whose name is delineated upon said map, at least ten days before the day named for hearing objections thereto.

SEC. 4. At any time before the day fixed in such resolution for hearing objections to such improvement, any person interested therein may file with the secretary of the board his objections thereto, briefly stating the grounds thereof and the nature of his interest; and upon the day fixed for hearing the same, or some day to which the hearing thereof shall then be postponed, the board shall proceed to hear and determine the sufficiency of any objections which may have been filed.

SEC. 5. If the board shall determine that such objections are sufficient to prevent a recommendation of the improvement, it shall pass a resolution to that effect, and no further proceedings shall be had under said petition. If no objections have been filed, or if the board shall determine that the objections filed are insufficient, it may pass a

resolution recommending to the Supervisors said improvement, and in its recommendation shall specially report to the Supervisors whether in its opinion the land within the district specified as affected by said improvement will be benefited to the extent of the expense of said improvement.

SEC. 6. If the board shall pass a resolution recommending said improvement, the secretary shall forthwith transmit to the Clerk of the Supervisors a copy of said resolution, together with the petition, map, estimate of the expense of said improvement, and any objections that may have been filed; and the Supervisors shall at their first regular meeting thereafter, or at any meeting to which said hearing may have been adjourned, pass upon said recommendation, and may by resolution adopt or reject the same. If said recommendation is rejected no further action shall be had thereon or upon said petition. If the Supervisors shall adopt said recommendation, they shall within thirty days thereafter pass an ordinance providing for said improvement, and may in said ordinance prescribe such rules for the conduct of the Board of Public Works respecting the assessment and valuation to be made by said board and providing for the condemnation of said lands, and the collection of said assessment, in addition to, and not inconsistent with, the rules herein prescribed, as to said Supervisors shall seem expedient. Upon the passage of said ordinance the Clerk of the Supervisors shall transmit a certified copy thereof to the Board of Public Works.

SEC. 7. Upon the receipt by the board of a certified copy of said ordinance the board shall cause to be made an accurate survey of the contemplated improvement, and a map thereof, upon which shall be delineated each and every lot of land to be taken or appropriated for the purposes of the intended improvement, showing its extent in feet and inches, and also each and every lot of land within the district determined to be affected by, and which is to be assessed for, the cost and expense of said improvement. After said survey and map are made, the board shall pass a resolution fixing a day on or after which it will proceed to value the several lots of land to be taken for the purpose of the intended improvement, and ascertain and determine the damages and benefits which may result therefrom.

The secretary of the board shall cause said resolution to be published for a period of ten days before the day fixed in said resolution for proceeding to make said valuation.

In estimating the damage to any lot by reason of any portion of said lot having been taken for public use, as herein provided, the measure of damage to said lot shall be the difference at the time of said appropriation between the value of said lot in its entirety and its value as reduced in size by the appropriation of a part thereof to said public use. The expense of the improvement shall include the value of the land taken, with the improvements, if any, thereon, and the expense of the proceedings for its appropriation or condemnation.

SEC. 8. On the day named in said notice and upon such other days as the matter may be continued to, from time to time, the board shall proceed to value the several parcels of land necessary to be taken for the purpose of the intended improvement. Such value shall be ascertained as of the time of said inquiry, independently of any appreciation or depreciation that may be caused to the same by reason of such intended improvement, and the board shall fix such valuation as the amount to be given to the owners therefor. The board shall also assess the benefits and damages which may result from the contemplated improvement of the lands within said district, and shall distribute the total value of all the lands and improvements taken, together with the damages, if any, caused by said improvement to the adjacent lands, and the estimated cost and expense of said improvement, in the form of an assessment upon each and every lot of land within the district determined to be affected by said improvement in proportion to the benefits which the board shall determine will be received by said lots and lands.

SEC. 9. The meetings of the board, when engaged in making said valuation and assessment, shall be public and held at the office of the board, and all persons interested in such valuation and assessment shall have the right to be present and be heard in person or by counsel. All persons claiming any interest in the lands to be taken for said improvement, or that will be damaged thereby, are required at or during such hearing, to file with the board plats, and a description of their respective lots of land.

SEC. 10. In making said assessment and valuation the commissioners shall act as a board, and said assessment and valuation shall be authenticated by the signatures of said commissioners, and every assessment and valuation so authenticated and recorded in the book of assessments for condemnation shall be prima facie evidence of the correctness and regularity of all the proceedings of said board and of the Supervisors prior to the date of such record.

SEC. 11. In determining the valuation of the property which is taken for said improvement, the board shall in its report set forth, under appropriate headings, a brief description of each lot thereof, the amount allowed for the same, the name of the owner of each lot, when known (and if unknown, that fact shall be stated), and the name of any claimant thereto, or to any interest therein, and in making the assessment for the expense of said improvement the board shall set forth in the assessment, under appropriate headings, a brief description of each lot assessed, the amount assessed against the same, the person to whom said property was assessed upon the next preceding assessment book of the city and county, the owner thereof, if known (and if unknown, that fact shall be stated), and the total amount of the expense of said improvement.

SEC. 12. Upon the completion of said valuation and assessment, the board shall cause to be published for ten days a notice of the completion of said assessment and valu-

ation, notifying all parties therein to examine the same; and for that purpose said assessment, valuation and map shall be open and exhibited to public inspection at the office of the board for thirty days after the first publication of said notice. During said period of thirty days, but not thereafter, the board may alter, change or modify said assessment. Upon the expiration of said thirty days it shall complete the same in the form of a report and schedule, embracing the value of the lands taken and the assessment of said value, together with the expense of the improvement, as hereinbefore provided, upon the several lots of land embraced within the aforesaid district. Said report and schedule shall within sixty days after the first publication of the last mentioned notice, be filed in the office of the County Clerk, together with a petition signed by the president of said board, to the Superior Court, praying for a judgment of said court confirming the assessment contained therein against the respective lots therein described as assessed, and for the condemnation and conveyance to the city and county, upon the payment of the value thereof as ascertained by said report, of each of the lots of land alleged in said petition to be necessary to be taken for said improvement.

SEC 13. On filing such petition, and upon application to said court, the presiding judge thereof shall appoint some day, not less than ten nor more than thirty days thereafter as the time when any objections to the confirmation of said report will be heard by said court. The clerk of said court shall thereupon cause to be published for ten days in the official newspaper, a notice of the filing of said report and of the day assigned for the hearing of any objections that may be made thereto. Any party interested therein may at any time before the day assigned for the hearing thereof file in said court his objections in writing to the confirmation of the same, specifying his objections; and all objections not specified shall be deemed waived. Upon the day fixed in said order said court shall proceed to the hearing of any objections that may have been filed to the confirmation of said report. Upon proof of publication of said notice said court shall have and take jurisdiction of said report and of the subject matter thereof as a special proceeding; and upon said day and at any other time or times to which said hearing may be adjourned may hear the allegations of the parties and proofs adduced in support of the same, and may confirm said report, or change, alter or modify the same, or cause the same to be changed, altered or modified by said board. Said judgment of confirmation shall be a lien upon each lot of land described in said report for the amount assessed against the same, and shall provide for the conveyance to the city and county of each and every of the lots of land declared necessary for the purpose of said improvement, upon the payment of the value thereof as fixed by such judgment. Said lien shall remain in force until said assessment is paid or legally discharged.

SEC 14. Any person who has filed objections to the confirmation of said report may appeal from said judgment to the Supreme Court at any time within thirty days after the entry of such judgment. The amount of the undertaking on such appeal shall be fixed by said presiding judge and such undertaking shall be made payable to the city and county. For the purposes of such appeal the judgment roll of the proceedings in the Superior Court shall consist of the report, objections, judgment and bill of exceptions, or so much thereof as may be necessary to determine said appeal. If said judgment be reversed or modified the Superior Court shall take such proceedings as will cause said assessment and valuation to be made in accordance with the decision of the Supreme Court. The City Attorney shall act as the attorney for the Board of Public Works in proceedings under this chapter.

SEC 15. After the confirmation of said report, if the time for appealing has expired, or if an appeal has been taken and the judgment appealed from has been affirmed, upon the application of the Board of Public Works the Clerk of the Superior Court shall issue a certificate to that effect to said board; and said assessment shall then be recorded in the book of assessments for condemnation kept for that purpose, and the record thereof signed by the president and secretary of said board. The secretary shall then deliver to the Tax Collector the assessment so confirmed and recorded, together with said certificate of said clerk, and a warrant to the Tax Collector directing him to collect the said assessment. The Tax Collector shall, if any part of said assessment is not paid within twenty days after said assessment, certificate and warrant shall have been delivered to him, give notice in the official newspaper by ten days' publication therein that he will, on a day and time certain, to be not more than ten days after the expiration of said publication, sell such of the lots of land on which the assessment thereon remains unpaid, describing each of said lots so delinquent, together with the amount of the assessment and costs due on each, and shall include as part of said costs five per centum on the amount due on each assessment so delinquent, as and for the expenses of said sale. He shall thereupon sell such lots pursuant to such notice. Redemption may be made from such sale within the time and in the manner and on the terms as on sales made under execution as provided in the Code of Civil Procedure of this State. If any amount remain in the hands of the Tax Collector as a result of the collection of said assessment beyond that necessary to make the compensation provided for in the next succeeding section, and to pay the necessary expenses of said sale, such surplus shall be paid by him proportionately to those whose land has been sold as aforesaid.

SEC 16. Upon the report of the Tax Collector to the Supervisors that the amount of said assessment has been collected and paid into the treasury, the Supervisors shall order to be paid out of the treasury the sums fixed in said judgment as the compensation for the lands to be taken for said improvement; and upon the delivery to the Treasurer by any person entitled to receive compensation for any lot of land so taken, of

a conveyance of said lot of land to the city and county, approved by the City Attorney, and a certificate from the City Attorney that such person is entitled to the compensation for the lands described in said conveyance, the Treasurer shall pay to said person the amount awarded for said lot by said judgment of condemnation, after the demand therefor has been audited by the Auditor.

SEC 17 If the owner of any of said lots or subdivisions neglect or refuse for ten days to make and deliver such conveyance, or be unable by reason of incapacity to make a good and sufficient conveyance thereof to the city and county, or if the City Attorney shall certify that the title to any of said lots is in dispute or uncertain, or that there are conflicting claimants to the amount awarded as compensation therefor, or to any part thereof, a warrant upon the treasury for the payment of the amount so awarded shall be by order of the Supervisors drawn by the president and secretary of the Board of Public Works, together with a certificate of the Treasurer indorsed thereon that the said warrant has been registered by him and that there are funds in the treasury set apart to pay the same, shall be deposited with the County Clerk, and thereupon, upon a petition to said Presiding Judge by the president of the said board, setting forth said facts, said Judge shall issue an order ex parte directing the Sheriff to place said board in the possession of said land.

SEC 18 At any time thereafter any claimant to said award, or any part thereof, may file his petition in said Superior Court against all parties in interest for an adjudication of all conflicting claims to the same, or for an order that the same be paid to him, and thereupon such proceedings shall be had thereon as may be agreeable to law and equity. Upon entry of final judgment in such proceedings, the County Clerk shall, after said demand has been audited by the Auditor, collect the warrant and pay the proceeds to the person or persons named in said judgment as entitled thereto. It shall be provided in said judgment that before receiving the proceeds of said warrant said party, or some one authorized in his behalf, shall make and execute to said city and county and deliver to the County Clerk a sufficient conveyance of said lot of land. Immediately after taking possession of the land required for said street, the board shall report that fact to the Supervisors.

SEC 19 If any member of the board be interested in any of the land to be taken or assessed for such improvement, the Mayor shall appoint, for the purpose of making the said assessment and valuation only, some competent person to act as one of the commissioners therefor, who shall possess the same qualifications as are provided for said commissioners and who, before entering upon his duties, shall take the oath of office required of said commissioners, and enter into a bond for such amount as may be fixed by the Supervisors.

SEC 20 The Supervisors may, on the written recommendation of the Board of Public Works, change the grade of any street or street crossing in the manner and to the grade set out in such recommendation; but no grade shall be changed unless the same proceedings are taken by way of providing compensation to those who may suffer damage by such change of grade, so far as such proceedings may be applicable, as are hereinbefore provided in the matter of opening, straightening, widening, and extending streets; and where such proceedings are not applicable they may be supplemented by ordinance of the Supervisors.

Chapter IV.—Sewers and Drainage.

SECTION 1. The Board of Public Works shall devise a general system of drainage, which shall embrace all matters relative to the thorough, systematic, and effectual drainage of the city and county, and shall from time to time make to the Supervisors such recommendations upon the subject of sewerage and drainage as it may deem proper.

SEC 2 The board shall prescribe the location, form, and material to be used in the construction, reconstruction, and repairing of all public sewers, manholes, sinks, drains, cesspools, and all other appurtenances belonging to the drainage system, and of every private drain or sewer emptying into a public sewer, and determine the place and manner of the connection.

SEC 3 The board shall recommend to the Supervisors rules and regulations concerning the public and private sewers and drains in the city and county, and upon recommendation of said board, the Supervisors are authorized to pass an ordinance establishing the same and prescribing the penalties for any violation thereof.

SEC 4 No person shall connect with, or open or penetrate, any public sewer or drain without first obtaining a permit in writing from said board, and complying with the rules and regulations of the board in reference thereto.

SEC 5 The board may also recommend to the Supervisors the construction of such canals, sewers, tunnels, ditches, drains, embankments, reservoirs, pumping works, machinery and other works necessary for the proper and effectual drainage of the city and county, together with plans for connecting the same with sewers and private drains already constructed or thereafter to be constructed.

SEC 6 The Supervisors may, upon the recommendation of the Board of Public Works, by ordinance passed by not less than fourteen affirmative votes, authorize the purchase of any personal property or the acquisition by purchase or condemnation of any real estate which may be necessary for the construction of any sewer or the making of any improvement provided for in this chapter.

SEC 7 The board may, with the like approval of the Supervisors, agree with the owners of any real estate upon which it is deemed desirable to construct any sewer or other improvement relative to sewerage or drainage, upon the amount of damage to be

paid to such owners for the purpose of such improvement and for the perpetual use of said real estate for such purpose.

SEC. 8. The board may, when authorized by ordinance of the Supervisors passed by not less than fourteen affirmative votes, construct such sewers, reservoirs and pumping works as may be necessary to carry out the general system of sewerage for the city and county.

SEC. 9. When, upon the recommendation of the Board of Public Works, the Supervisors shall determine upon any improvement for the purpose of sewerage and drainage which necessitates the acquisition or condemnation of private property, and the board is unable to agree with the owner thereof, upon the amount of compensation or damages to be paid therefor, or when such owner is in any way incapable of making any agreement in reference thereto, and in all cases in which the board shall deem it most expedient, it shall, when authorized by the Supervisors expressed by ordinance, have the right to cause said property to be condemned, and to institute proceedings for the condemnation of such property, or for the ascertainment of such damages in the manner, so far as the same may be applicable, which is provided in this article for the condemnation of real estate when necessary for the opening of any new street.

Chapter V.—Harbors and Wharves.

SECTION 1. All the wharves, water front and harbor of San Francisco which now belong or may hereafter belong to the city and county, or over which it may at any time lawfully exercise jurisdiction and control, shall be under the management and control of the Supervisors. All said wharves shall be built and repaired by the Board of Public Works, after proceedings had as provided in this article for the improvement or repair of public buildings.

SEC. 2. The Supervisors shall by ordinance fix and regulate the tolls for wharfage and dockage, and shall provide for the collection of the same, except where the wharves are under the jurisdiction of the Board of State Harbor Commissioners, or may provide that no charges, tolls, dockage or wharfage be imposed or collected. The Supervisors shall not have power to dispose of any wharf, but they may lease any wharf for a term not exceeding two years.

ARTICLE VII.

PUBLIC SCHOOLS AND LIBRARIES

Chapter I—The Board of Education.

SECTION 1. The School Department shall be under the control and management of a Board of Education composed of four School Directors, who shall be appointed by the Mayor, and who shall give their entire time to the duties of their office. They shall each receive an annual salary of three thousand dollars. They shall not be less than thirty years of age and must have been residents of the city and county for at least five years prior to their appointment. The board shall never be so constituted as to consist of more than two members of the same political party. The term of office of the directors shall be four years. Those first appointed shall so classify themselves by lot that they shall respectively go out of office at the expiration of one, two, three and four years.

SEC. 2. The board shall organize by electing one of its members president, who shall serve for one year and until his successor is elected. The board may elect a secretary, who shall not be a member of the board, and who shall receive an annual salary of eighteen hundred dollars.

SEC. 3. The board shall meet at least once a week and at such other times as it may determine. It shall establish rules for its proceedings; but the concurrent vote of a majority of its members shall be necessary to transact business. In every instance where a power is exercised under this article by the board the vote thereon shall be taken by ayes and noes and entered in the minutes of the board.

Chapter II.—Schools.

SECTION 1. The School Department shall comprise all the public schools of the city and county and shall include primary and grammar schools and may include evening, deportment, technical, cosmopolitan, high and normal schools.

SEC. 2. Adults shall be entitled to free instruction in the evening schools; but no child under fourteen years of age shall be admitted to such schools.

Chapter III.—Powers of the Board of Education.

SECTION 1. In addition to the powers conferred by the general laws of the State the Board of Education shall have power:

1. To establish and maintain public schools as provided in this article, and to change, modify, consolidate or discontinue the same as the public welfare may require.

2. To employ such teachers and persons as may be necessary to carry into effect its powers and duties; to fix, alter and approve their salaries and compensation, and to withhold for good and sufficient cause the whole or any part of the wages, salary or compensation of any person or persons employed as aforesaid, and to promote, transfer and dismiss teachers, but no teacher in the department at the time of the adoption of this charter, or who shall be hereafter appointed, shall be dismissed from the department, except for insubordination, immoral or unprofessional conduct, or evident unfitness for teaching. All promotions of teachers shall be based solely on merit and successful teaching. Nothing in this section shall be construed to prevent the board from removing

teachers holding only special certificates or serving a probationary term. Charges against teachers must be formally made by the Superintendent after due investigation, and shall be finally passed upon by the board after giving the accused teacher due hearing.

3. To grant, to renew and, for the causes mentioned in section one, subdivision two of this chapter, to revoke, teachers' certificates

4. To establish and enforce all necessary rules and regulations for the government and efficiency of the schools and for carrying into effect the school system; to remedy truancy; to compel the attendance at school of children between the ages of six and fourteen years who may be found idle in public places during school hours.

5. To investigate charges against any person connected with or in the employ of the School Department, and to take testimony in such investigations.

6. To receive, to take on lease and to hold in trust for the city and county any real estate belonging to or claimed by the School Department. To hold in trust all personal property that may have been or may hereafter be acquired by the School Department.

7. On or before the first day in April in each year, to appoint school census marshals, and notify the Superintendent of Common Schools of such appointments. Any census marshal found incompetent may be discharged by the Superintendent of Common Schools. Should the board fail or neglect to fill the vacancy so caused within three days thereafter by the appointment of a person competent to perform the duties of census marshal, such vacancy may be filled by the Superintendent of Common Schools.

8. To sue in the name of the city and county for lots, lands and property belonging to or claimed by the School Department. To prosecute and defend all actions at law or special proceedings or suits in equity concerning the enjoyment and possession of such lots, lands and property. To require the services of the City Attorney in all actions, suits and proceedings by or against the Board of Education.

9. To establish regulations for the disbursement of all moneys belonging to the School Department or to the Common School Fund, and to secure strict accountability in the expenditure thereof; to provide for the prompt payment, on not later than the fifth day of every month, of all salaries due and allowed officers, teachers and other employees of the School Department. For this purpose the Auditor shall annually segregate so much of the Common School Fund as shall not exceed twenty-eight dollars for each pupil in average daily attendance in the public schools of the city and county during the preceding fiscal year. The amount so segregated shall not be applied to the payment of any demand against such Common School Fund during any fiscal year other than for salaries, until all salaries for that fiscal year have been fully paid or provided for. The board shall ascertain and transmit to the Auditor on or before the first Monday in April of each year an estimate of the amount required for such segregation within such limit of twenty-eight dollars.

10. SEC. 2 After such plans and estimates shall have been procured and filed, the Supervisors shall, at as early a date as they may deem for the best interests of the city and county, enter into negotiations for the permanent acquisition by the city and county, by original construction, condemnation or purchase, of such or any of said public utilities as they may regard most important to the city and county to be first acquired, and to formulate and submit to the electors of the city and county, at a special election, propositions for the permanent acquisition and ownership thereof.

Before submitting propositions to the electors for the acquisition by original construction or condemnation of public utilities, the Supervisors must solicit and consider offers for the sale to the city and county of existing utilities in order that the electors shall have the benefit of acquiring the same at the lowest possible cost thereof.

SEC. 3 When a petition or petitions signed by electors of the city and county equal in number to fifteen per centum of all the votes cast at the last preceding general election shall be presented to the Supervisors, setting forth that the signers thereof favor the acquisition by the city and county of any public utility, and requesting the board to prepare for submission to the electors of the city and county, as hereinafter provided, a proposition for the acquisition of such utility, it shall be the duty of the board to immediately take such steps or to enter into such negotiations as will enable it to formulate such a proposition for submission to the electors as aforesaid. Such proposition shall be so formulated and completed within six months from the date of the filing of such petition. The Clerk of the Supervisors must, immediately upon the filing of the aforesaid petition or petitions, after examining and verifying the signatures thereto, transmit an authenticated copy thereof, without the signatures, to the Board of Election Commissioners, and another such copy to the Mayor, together with a certificate that the required number of signatures are appended to the original. The Mayor shall also have the right to formulate and submit to the electors a separate proposition from that formulated by the Supervisors for the acquisition of the utility named in said petition. At the next municipal election after the formulation of such propositions by the Supervisors and the Mayor, the Board of Election Commissioners shall submit to the electors the two alternative propositions. The proposition receiving a majority of the votes cast thereon shall be adopted; but in case the votes cast in favor of both propositions shall not exceed one half the total number of votes cast thereon, both propositions shall be deemed rejected.

Nothing in this section shall be so construed as to prohibit the Supervisors from responding to the aforesaid petition of the electors requesting the acquisition of any public utility by proceeding at once, without the submission of propositions to the electors as aforesaid, to pass an ordinance declaring its determination to acquire the same as provided in section six of this article, and from proceeding thereafter to acquire the same in the manner hereinafter provided.

SEC. 4 In case the cost of any public utility sought to be acquired under the provisions of this article can be paid out of the annual revenues of the city and county, in addition to the other necessary expenditures thereof, it shall be lawful to acquire the same by a majority vote of the electors voting thereon at any special election. In submitting propositions to the electors for such acquisition the Supervisors shall specify in such proposition the cost of the public utility, the proposed method and manner of payment therefor, and submit to the electors the question whether the same shall be acquired upon such terms.

In case, however, the cost of such public utility sought to be acquired under the provisions of this article shall so far exceed the annual revenues of the city and county, in addition to the other necessary expenditures thereof, as to render it necessary to incur a municipal bonded indebtedness for such purpose, then the Supervisors, in submitting propositions to the electors for the acquisition thereof, shall specify therein the amount of the proposed bonded indebtedness, the rate of interest thereon, and whether such bonded indebtedness shall be incurred. At least two thirds of the electors voting thereon at such election shall be necessary to secure such acquisition and to warrant the issuance of municipal bonds therefor, as hereinafter set forth.

SEC. 5 When the electors by vote shall have determined, as hereinbefore set forth, to acquire any public utility, such action on the part of the electors shall be equivalent to the passing of the ordinance by the Supervisors declaring such determination as set forth in section six of this article, and the Supervisors shall proceed without delay to pass an ordinance calling a special election as required by section seven of this article.

SEC. 6 When the Supervisors shall determine that the public interest or necessity

demands the acquisition, construction or completion of any public utility, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the city and county, the Supervisors shall, by ordinance, specifically declare such determination, and shall publish the same for at least two weeks in the official newspaper.

SEC. 7. At the next regular meeting of the Supervisors after the publication of the ordinance declaring said determination as above set forth, or at an adjourned meeting thereof, or not less than two weeks nor more than four weeks after the electors by vote shall have determined to acquire any public utility, the Supervisors by ordinance shall call a special election, at which shall be submitted to the electors the proposition of acquiring such public utility, and of incurring a debt for the acquisition of the same as set forth in such ordinance. No question other than the acquisition of such utility and the incurring of the indebtedness therefor shall be submitted at such election.

SEC. 8. The ordinance calling such special election shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the proposed public utility, the necessity for the acquisition of the same, and that bonds of the city and county shall issue for the payment of the cost of the same as in such ordinance set forth (if the proposition be accepted by the electors), and shall fix a day on which such special election shall be held, the manner of holding such election, and the manner of voting for or against incurring such indebtedness. Such election shall be held as provided by law for holding elections in the city and county.

SEC. 9. Such ordinance shall be published daily for at least ten days in the official newspaper. At the expiration of said ten days the Supervisors shall cause to be published daily for not less than two weeks, in the official newspaper, a notice of such special election. Such notice shall specify the purpose for which the indebtedness is to be incurred, the number and character of the bonds to be issued, the rate of interest to be paid, and the amount of tax levy to be made for the payment thereof.

SEC. 10. No indebtedness shall be incurred for the acquisition of any public utility under the provisions of this article, which, together with the existing bonded indebtedness of the city and county, shall exceed at any one time fifteen per centum of the assessed value of all real and personal property in the city and county.

SEC. 11. The bonds issued under the provisions of this article shall be of the character of bonds known as serials, and shall be payable in lawful money of the United States. The Supervisors shall decide at the times of the issue of the bonds in what lawful money of the United States said bonds shall be payable. Not less than one-fortieth part of the whole amount of indebtedness shall be paid each and every year, on a day and at a place, to be fixed by the Supervisors, together with the interest on all sums unpaid at such date.

The bonds so issued shall be exempt from all taxation for municipal purposes, and shall be issued in denominations of not less than ten dollars nor greater than one thousand dollars, and preference in the sale and allotment thereof shall be given to subscribers for the smallest amounts and lowest denominations.

Said bonds must be payable on the day and at the place fixed therein, and with interest at the rate specified therein, but such interest shall not exceed four per centum per annum, payable annually, semi-annually, or quarterly, as the Supervisors may determine. Such bonds, when issued, may be sold by the Supervisors from time to time as required, and in such quantities as they may determine, but the same must be sold for cash, in lawful money of the United States, as aforesaid, to the highest bidder, at not less than par, after having been advertised in the official newspaper. They shall be sold under sealed proposals, and the Supervisors shall have the right to reject any or all bids made for the purchase thereof. The proceeds of such sales shall be placed in the treasury, to the credit of the proper fund, and shall be applied exclusively to the purposes and objects mentioned in the ordinance authorizing their issue, until such objects are fully accomplished, after which, if any surplus remains, such surplus shall be transferred to the General Fund.

SEC. 12. Such bonds shall be signed by the Mayor and the Treasurer, and shall be countersigned by the Auditor. The coupons shall be numbered consecutively and signed by the Treasurer, and the bonds and coupons shall be payable at the office of the Treasurer.

SEC. 13. At the time of levying the municipal tax and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also the proper aliquot part of the aggregate amount of such indebtedness so incurred. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

SEC. 14. A neglect or refusal on the part of the Supervisors to comply with the provisions of this article shall constitute cause for the removal from office of any member or members of the board guilty of such neglect or refusal.

ARTICLE XIII.

CIVIL SERVICE.

SECTION 1. Immediately upon the taking effect of this charter the Mayor shall appoint three persons, known by him to be devoted to the principles of civil service reform, who shall constitute the Civil Service Commission, one for one year, one for two years, and one for three years. Each year thereafter the Mayor shall in like manner appoint one person as the successor of the commissioner whose term of office

expires in that year, to serve as such commissioner for three years. All appointments shall be so made that not more than one commissioner shall at any time belong to the same political party. Each of such commissioners shall receive an annual salary of twelve hundred dollars.

SEC. 2. The commissioners shall classify all the places of employment in or under the offices and departments of the city and county mentioned in section eleven of this article, with reference to the examinations hereinafter provided for. The places so classified by the commissioners shall constitute the classified civil service of the city and county, and no appointment to any such place shall be made except according to the rules hereinafter mentioned.

SEC. 3. The commissioners shall make rules to carry out the purposes of this article, and for examinations, appointments, promotions, and removals, and in accordance with its provisions may, from time to time, make changes in the existing rules. All rules and all changes therein shall be forthwith printed for distribution by the commissioners.

SEC. 4. All applicants for places in the classified civil service shall be subjected to examination, which shall be public, competitive and free. Such examinations shall be practical in their character, and shall relate to those matters only which will fairly test the relative capacity of the persons examined to discharge the duties of the positions to which they seek to be appointed, and shall include, when appropriate, tests of physical qualifications, health, and of manual or professional skill.

SEC. 5. The selection of laborers shall be governed by priority of application only. No question in any examination shall relate to political or religious opinions or affiliations. The commissioners shall control all examinations, and may, whenever an examination is to take place, designate a suitable number of persons, either in or not in the official service of the city and county, to be examiners; and, if in the official service, it shall be a part of their official duty, without extra compensation, to conduct such examinations as the commissioners may direct, and to make return and report thereof to the commissioners. The commissioners may substitute any other person, whether in or not in such service, in the place of any one so selected, or may themselves act as such examiners.

SEC. 6. Notice of the time, place and general scope of every examination shall be given by the commissioners by publication for two weeks preceding such examination in the official newspaper, and such notice shall also be posted by the commissioners in a conspicuous place in their office for two weeks before such examination. Such further notice of examination shall be given as they may prescribe.

SEC. 7. From the returns of the examiners, or from the examinations made by the commissioners, the commissioners shall prepare a register for each grade or class of positions in the classified service of the city and county of the persons whose general average standing upon examination for such grade or class is not less than the minimum fixed by the rules of the commissioners and who are otherwise eligible. Such persons shall take rank upon the register as candidates in the order of their relative excellence, as determined by examination, without reference to priority of time of examination.

SEC. 8. The commissioners shall provide for promotion in the classified service on the basis of ascertained merit and seniority in service and standing upon examination, and shall provide, in all cases where practicable, that vacancies shall be filled by promotion. All examinations for promotion shall be competitive among such members of the next lower rank established by the commissioners for each department as desire to submit themselves to such examinations. The commissioners shall submit to the appointing power the names of not more than three applicants having the highest rating for each promotion. The method of examining, and the rules governing the same, and the method of certifying, shall be the same, as near as may be, as provided for applicants for original appointments.

SEC. 9. The head of the department or office, in which a position classified under this article is to be filled, shall notify the commissioners of that fact, and the commissioners shall then certify to the appointing officer the name and address of one or more candidates, not exceeding three, standing highest upon the register for the class or grade to which the position belongs; but laborers shall be taken according to their priority of application. In making such certification, sex shall be disregarded, except when some statute, the rules of the commissioners, or the appointing power specifies sex.

SEC. 10. The appointing officer shall notify the commissioners of each position to be filled separately, and shall fill such place by the appointment of one of the persons certified to him by the commissioners therefor. Such appointment shall be on probation for a period to be fixed by the rules of the commissioners; but such rules shall not fix such period at exceeding six months. The commissioners may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation, the head of the department or office in which a candidate is employed, may, by and with the consent of the commissioners, discharge him upon assigning in writing his reason therefor to the commissioners. If he is not then discharged, his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or office may, with the approval of the commissioners, make temporary appointments, to remain in force not exceeding sixty days, and only until regular appointments, under the provisions of this article, can be made.

SEC. 11. The provisions of this article shall apply to the following offices and departments of the city and county: The County Clerk, the Assessor, the Tax Collector, the Sheriff, the Auditor, the Recorder, the Coroner, the clerks and stenographers of the Justices' and Police Courts, the Board of Public Works, the Police Department, the Fire Department, the Board of Election Commissioners, the Board of Health, and all boards or departments controlling public utilities; but the following deputies, clerks, and employés in said offices and departments shall be exempted therefrom: the cashier of the County Clerk, the chief deputy and the cashier of the Assessor, the chief deputy and the cashier of the Tax Collector, the Under Sheriff, and the chief bookkeeper of the Sheriff, the Deputy Auditor, the chief deputy of the Recorder, the Chief Deputy Coroner, the City Engineer, the secretary and the architect of the Board of Public Works, the Registrar of the Board of Election Commissioners, the Chief of Police, the Chief Engineer of the Fire Department, and all physicians appointed by or on the Board of Health. All officers, courts, boards and heads of departments vested in this charter with the power to appoint deputies, clerks, stenographers, or employés in any of the offices or departments of the city and county mentioned in this section, shall make such appointments in conformity with the rules and provisions prescribed by this article, and any appointment not so made shall be void.

SEC. 12. No deputy, clerk, or employé in the classified civil service of the city and county, who shall have been appointed under said rules, shall be removed or discharged except for cause, upon written charges and after an opportunity to be heard in his own defense. Such charges shall be investigated by or before the Civil Service Commission, or by or before some officer or board appointed by the commissioners to conduct such investigation. The finding and decision of the commissioners, or such investigating officer, or board, when approved by the commissioners, shall be certified to the appointing officer or board, and shall be forthwith enforced by such officer. Nothing in this article shall limit the power of any officer or board to suspend a subordinate for a reasonable period, not exceeding thirty days.

SEC. 13. Immediate notice in writing shall be given by the appointing power to the commissioners of all appointments, permanent or temporary, made in such classified civil service, and of all transfers, promotions, resignations, suspensions or vacancies from any cause in such service, and of the date thereof; and a record of the same shall be kept by the commissioners. When any place of employment is created or abolished, or the compensation attached thereto altered, the officer or board making such change shall immediately report in writing to the commissioners.

SEC. 14. The commissioners shall investigate the enforcement of the provisions of this article, and of its rules, and the action of the examiners herein provided for, and the conduct and action of the appointees in the classified service in the city and county, and may inquire as to the nature, tenure and compensation of all places in the public service thereof.

SEC. 15. The commissioners shall, on or before the fifteenth day of January in each year, make to the Supervisors a report showing their acts, the rules in force, the practical effects thereof, and suggestions for the more effectual accomplishment of the purposes of this article. The Mayor may require a report from the commissioners at any time.

SEC. 16. The commissioners shall employ a chief examiner, who shall, under their direction, superintend any examination held in the city and county under this article, and who shall perform such other duties as the commissioners may prescribe. The chief examiner shall be secretary of the commission by virtue of his office. He shall keep minutes of its proceedings, preserve all the reports made to it, and keep a record of all examinations held under its direction. He shall receive an annual salary of twenty-four hundred dollars.

SEC. 17. The Supervisors shall furnish the commission with suitable offices, office furniture, books, stationery, blanks, heat, and light, and shall provide for the payment of such other expenses as may be necessarily incurred in carrying out the provisions of this article.

SEC. 18. No person or officer shall by himself, or in cooperation with other persons, defeat, deceive, or obstruct any person in respect to his or her right of examination; or falsely mark, grade, estimate, or report upon the examination or proper standing of any person examined hereunder, or aid in so doing; or make any false representations concerning the same, or concerning the person examined; or furnish to any person any special or secret information for the purpose of either improving or injuring the prospects or chances of any person of being appointed, employed or promoted.

SEC. 19. The commissioners shall certify to the Auditor all appointments to places of employment in the classified civil service, and all vacancies occurring therein, whether by dismissal, resignation, or death, and all findings made or approved by the commission under the provisions of section twelve of this article.

SEC. 20. The commissioners shall have power to institute and prosecute legal proceedings for violations of any of the provisions of this article.

ARTICLE XIV.

PARK COMMISSIONERS

SECTION 1. The lands designated upon the map of the outside lands of the city and county, made pursuant to Order Number One Hundred, by the word "park," extending from Stanyan Street to the Pacific ocean and known as Golden Gate Park; also the land

fronting on Haight street, designated upon said map by the word "park," and known as "Buena Vista Park"; also the lands designated upon said map by the word "avenue," extending from Baker street westward until it crosses Stanyan street; also that certain highway bounded on the west by the Pacific ocean, and designated upon said map as "Great Highway"; also "Mountain Lake Park"; also "Seal Rocks," as ceded to the City and County of San Francisco by Act of Congress; and all the other parks and squares in the city and county, and all the grounds surrounding public buildings in the city and county, and all parks and squares and public pleasure grounds hereafter acquired by the city and county shall be under the exclusive control and management of a Board of Commissioners, who shall be known and designated as Park Commissioners.

SEC. 2 The commissioners shall be successors in office of the Park Commissioners holding office in the city and county at the time this charter shall go into effect by virtue of appointment under any statute of this State.

SEC. 3 The commissioners shall be five in number, one of whom must be an artist. They shall be appointed by the Mayor for a term of four years and shall receive no compensation for their services. They shall so classify themselves by lot that one of them shall go out of office at the end of one year, one at the end of two years, one at the end of three years, and two at the end of four years.

SEC. 4. The commissioners shall organize by electing one of their number president, and they may elect a secretary who is not a member of the board. The board shall establish rules and regulations for its government and for the performance of its duties, and for the conduct of its officers and employes, and shall require adequate bonds from all of them, except laborers, for the faithful performance of their duties in such sums as may be fixed by it. Such bonds shall be approved by the Mayor and filed in the office of the Auditor. The person elected president shall hold his office for one year, or until his successor is elected. The board must hold regular meetings at least once in two weeks, and as many special meetings as it may deem proper.

Three of the commissioners shall constitute a quorum for the transaction of business. No contract shall be entered into authorizing the expenditure of money without the approval of four of the commissioners. Every contract exceeding five hundred dollars in amount shall be open to public competition, unless the board shall determine in any given case to have the work done by days' labor. All the provisions of the article in this charter on the department of public works relating to contracts shall be applicable to all contract work ordered by the commissioners.

SEC. 5. The commissioners may adopt ordinances for the regulation, use and government of the aforesaid parks, squares, avenues and grounds not inconsistent with the laws of the State of California or with this charter. Such ordinances shall, within five days after their passage, be published for ten days, Sundays excepted, in the official newspaper. Any person violating any of such ordinances shall be deemed guilty of a misdemeanor, and shall be punished therefor, on conviction, in any court of competent jurisdiction. None of such ordinances shall be valid unless it receives the vote of four members of the board. No ordinance shall be passed at the same meeting at which it is introduced, or at any other than a regular meeting. Such ordinances shall take effect in not less than ten days after their adoption.

SEC. 6 The commissioners shall have the complete and exclusive control, management and direction of the aforesaid parks, squares, avenues and grounds, and the exclusive right to erect, and to superintend the erection of, buildings and structures thereon; and to that end may employ and appoint superintendents, laborers, surveyors, engineers, and other officers and assistants, and prescribe and fix their duties, authority and compensation. They shall have the exclusive management and disbursement of all funds legally appropriated or received from any source for the support of said parks, squares, avenues and grounds.

The board may accept from donors suitable articles for the museum and art gallery situate in the aforesaid Golden Gate Park and shall manage and control said museum and art gallery.

Except as provided in section nine of this chapter, nothing in this section shall be so construed as to authorize the commissioners to lease any part of any of said parks, squares, avenues and grounds to any person, company or corporation for any purpose; or to permit any person, company or corporation to build or maintain any structure on any part of said parks, squares, avenues or grounds; but this shall not inhibit the board from leasing, for a period not greater than one year, such buildings as may be constructed by itself for the use of the public to such person, company or corporation who shall undertake to serve such use; and in every such lease the board shall reserve the right to enter at all times into and upon the premises so leased, and shall make the condition that the building so leased shall be used for park-pleasure purposes only. No such building shall be constructed by the board except it be within the objects and purposes for which said parks, squares, avenues and grounds were dedicated to the public.

Nothing, however, in this section contained shall inhibit the board from permitting the use of a limited portion of any one of the aforesaid parks or squares for the purpose of conducting thereon a fair or exposition, under such conditions and restrictions as may be necessary to conserve the integrity of said parks and squares, and for a period not greater than six months, and so as not to interfere with the use of any of the same by the public for park-pleasure purposes; but no such permission shall ever be granted except such fair or exposition be of National, State, or municipal importance. None of

the moneys in, or apportioned to, the Park Fund shall be used for the purposes of any such fair or exposition.

SEC. 7. The Chief of Police shall, on the request of the commissioners, detail such members of the police force of the city and county for service in said parks, squares, avenues, and grounds as may be necessary for the enforcement of the law and for the proper observance of the ordinances of the commissioners; and the commissioners may provide a place of detention within either of said public places, in which the persons arrested for violating any of the ordinances of the board may be detained temporarily.

SEC. 8. The board may receive donations from persons and corporations and legacies and bequests for the improvement of said parks, squares, avenues, and grounds. All moneys that may be derived from such donations, legacies, and bequests shall, unless otherwise provided by the terms of such gift, legacy, or bequest, be deposited in the treasury of the city and county to the credit of the Park Fund. The same may be withdrawn therefrom and paid out in the same manner as is provided for the payment of moneys legally appropriated for the support and improvement of such parks, squares, avenues, and grounds. If the moneys derived from such gifts, bequests, or legacies shall at any time exceed in amount the sum necessary for immediate expenditures on said parks, squares, avenues, and grounds, the board shall invest all or a part of the same in interest-bearing bonds of the United States, or of the State of California, or of any municipality thereof.

SEC. 9. The board may lease to the State of California, on such terms as it may deem proper, a plot of ground in Golden Gate Park, not more than seven hundred feet square, on which said State may erect and maintain an exposition building, in which may be exhibited the products of the several counties of the State, and in which the collection made by the State Mining Bureau may be maintained and exhibited; but said lease shall be upon the express condition that no fee shall ever be charged for admission to said building.

SEC. 10. Hereafter no work of art shall become the property of the city and county by purchase, gift, or otherwise, unless such work of art or design of the same, together with a statement of the proposed location of such work of art, shall first have been submitted to and approved by the commissioners; nor shall such work of art, until so approved, be erected or placed in or upon, or allowed to extend over or upon, any street, avenue, square, park, municipal building, or other public place belonging to the city and county. The board may require a complete model of the proposed work of art to be submitted. The term "work of art" as used in this section shall apply to and include all paintings, mural decorations, stained glass, statues, bas reliefs, or other sculptures, monuments, fountains, arches, or other structures of a permanent character, intended for ornament or commemoration. No existing work of art in the possession of the city and county shall be removed, relocated, or altered in any way without the similar approval of the board. When so requested by the Mayor, or the Supervisors, or the Board of Public Works, or the Board of Education, the Board of Park Commissioners shall act in a similar capacity, with similar powers, in respect of the designs of municipal buildings, bridges, approaches, gates, fences, lamps, or other structures erected or to be erected upon land belonging to the city and county, and in respect of the lines, grades, and plotting of public ways and grounds, and in respect of arches, bridges, structures, and approaches which are the property of any corporation or private individual, and which shall extend over or upon any street, avenue, highway, park, or public place belonging to the city and county. This section shall not be so construed as to impair the power of the Park Commissioners to refuse their consent to the erection or acceptance of public monuments or memorials or other works of art of any sort within any park, square, or public place in the city and county.

SEC. 11. The Supervisors shall provide all necessary money for the maintenance, preservation, and improvement of said parks, squares, avenues, and grounds, and to that end shall annually levy a tax on all property in the city and county not exempt from taxation, which shall not be less than five cents nor more than seven cents upon each one hundred dollars assessed valuation of said property.

ARTICLE XV.

BONDS OF OFFICIALS.

SECTION 1. Officers of the city and county, before entering upon the discharge of their official duties, shall respectively give and execute to the city and county such official bonds as may be required by law, ordinance, or this charter. When the amount of any bond is not fixed by law or by this charter, it shall be fixed by an ordinance of the Supervisors. All bonds, excepting those of the Mayor and Auditor, must be approved by the Mayor and Auditor; the bond of the Mayor must be approved by the Auditor, and the bond of the Auditor must be approved by the Mayor. The approval of every official bond must be indorsed thereon, and signed by the officers approving the same, after examination of the sureties, as hereinafter provided. Upon the approval of a bond it must be recorded, at the expense of the party giving the bond, in the office of the Recorder, in a book kept for that purpose, entitled record of official bonds. The bond of the Auditor shall be filed and kept in the office of the County Clerk. The bonds of all other officers shall be filed and kept in the office of the Auditor.

SEC. 2. The following officers shall respectively execute official bonds to the city and county, with sureties, in the following sums:

Mayor, twenty-five thousand dollars; Auditor, fifty thousand dollars; Treasurer, one hundred thousand dollars; Tax Collector, one hundred thousand dollars; Assessor, fifty thousand dollars; County Clerk, fifty thousand dollars; Recorder, ten thousand dollars; Sheriff, fifty thousand dollars; Coroner, ten thousand dollars; City Attorney, ten thousand dollars; District Attorney, ten thousand dollars; Public Administrator, fifty thousand dollars; Superintendent of Public Schools, five thousand dollars; each Commissioner of Public Works, twenty-five thousand dollars; Clerk of the Supervisors, ten thousand dollars; each Supervisor, five thousand dollars; each School Director, five thousand dollars; each Fire Commissioner, ten thousand dollars; each Police Commissioner, five thousand dollars; each Election Commissioner, ten thousand dollars; Property Clerk of Police Department, ten thousand dollars; the Warrant and Bond Clerk, ten thousand dollars.

SEC. 3. City and county officers shall not be accepted as surety for each other on official bonds. Every bond shall contain a condition that the principal will faithfully perform all official duties then, or that may thereafter be, imposed upon or required of him by law, ordinance, or this charter, and that at the expiration of his term of office he will surrender to his successor all property, books, papers, and documents that may come into his possession as such officer. Such bond must also be executed by two or more sureties, who shall each justify in the amount required for said bond; but when the amount of the bond is more than five thousand dollars, the sureties may become severally liable for portions of not less than twenty-five hundred dollars. When there are more than two sureties, such sureties may justify in an amount which in the aggregate shall equal double the amount of said bond.

SEC. 4. Every surety upon an official bond, other than lawfully authorized surety companies, must make an affidavit, which shall be indorsed upon such bond, that he is a resident and freeholder in the city and county, and worth in property situated in the city and county, exclusive of incumbrances thereon, double the amount of his undertaking over and above all sums for which he is already liable or in any manner bound, whether as principal, indorser or surety, and whether such prior obligation or liability be conditional or absolute, liquidated or unliquidated, due or to become due. All persons offered as sureties on official bonds may be examined on oath as to their qualifications by the officers whose duty it is to approve the bond.

SEC. 5. When under any of the provisions of this charter, or of any ordinance, an official bond shall be required from an officer, the Supervisors may, by resolution, require an additional bond, whenever, in the opinion of such board, such bond or any surety thereto becomes insufficient; and such additional bond shall also be required when a surety to a bond shall die or cease to be a resident of the city and county.

SEC. 6. Every officer shall be liable on his official bond for the acts and omissions of his deputies, assistants, clerks, and employes, appointed by him, and of any and each of them, and every official bond shall contain such a condition.

SEC. 7. Every board, department, or officer may require of their deputies, clerks, or employes bonds of indemnity with sufficient sureties for the faithful performance of their duties.

ARTICLE XVI.

MISCELLANEOUS.

SECTION 1. The words "city and county" wherever they occur in this charter mean the City and County of San Francisco; and every department, board, and officer, wherever either one of them is mentioned in this charter, means a department, board, or officer, as the case may be, of the City and County of San Francisco.

SEC. 2. All deputies, clerks, assistants, and other employes of the city and county must be citizens of the United States, and must, during their respective terms of office or employment, actually reside in the city and county, and must have so resided for one year next preceding their appointment.

SEC. 3. No officer of the city and county, except members of the Police Department acting under orders of the Chief thereof, shall absent himself from the State; but he may, once only during his term of office, so absent himself for a period of not more than sixty days upon the written permission of the Mayor so to do. Violation of this section shall be sufficient cause for the removal of any officer violating the same.

SEC. 4. Any person holding a salaried office under the city and county, whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the government of the United States or of this State, or who shall hold any other salaried office connected with the government of the city and county, or who shall become a member of the Legislature, shall be deemed to have thereby vacated the office held by him under the city and county.

SEC. 5. No department, board, or officer, shall, under any circumstances, employ more subordinates than are specifically provided for in this charter or buy supplies beyond the sum furnished therefor by the Supervisors.

SEC. 6. No Supervisor and no officer or employe of the city and county shall be or become, directly or indirectly, interested in, or in the performance of, any contract, work, or business, or in the sale of any article, the expense, price or consideration of which is payable from the treasury; or in the purchase or lease of any real estate or other property belonging to, or taken by, the city and county, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of the city and county. If any person in this section designated shall, during the time for which he was elected or appointed, acquire an interest in any contract with, or work done for, the city and

MINORITY REPORT OF COMMITTEE ON ATTACHÉS AND EMPLOYÉS.

ASSEMBLY CHAMBER, SACRAMENTO, January 17, 1899.

MR. SPEAKER: The undersigned members of your Committee on Attachés, to whom was referred Senate Bill No. 199, providing for an increase in the number of Senate and Assembly attachés, recommend that the bill do not pass, for the following reasons:

We believe that the Belshaw Act provides a sufficient number of attachés to do all the work required, if they were all appointed with strict regard to the duties they have to perform.

While we believe that a majority of the attachés of the Assembly are competent and efficient, we believe if the same could be said of all there would be no occasion for an increase.

We believe that the insistent demands of party workers for recognition, and their own necessities, rather than the necessities of the State, are largely responsible for the present bill.

As proof of our position, we call attention to the fact that the business of the session of 1881 was transacted with one half the attachés provided for in the Belshaw Act; that each of the four sessions of 1881, 1883, 1885, and 1887, was conducted with less attachés than is allowed by the Belshaw Act. Yet the number of Senators and Assemblymen at each of these sessions was exactly the same as at the present time.

We submit herewith figures showing the number of attachés, and the weekly pay-roll of the Senate and Assembly, taken from page 573 of the Journal of 1895, except the figures for 1897, which were obtained from the State Controller's office:

Session of	SENATE		ASSEMBLY	
	Number of Attachés.	Weekly Pay-roll	Number of Attachés	Weekly Pay-roll
1881.....	32	\$1,125	40	\$1,274
1883.....	42	1,527	51	1,718
1885.....	45	1,967	75	2,565
1887.....	72	2,523	78	2,742
1889.....	93	3,513	100	3,458
1891.....	64	2,261	70	2,534
1893.....	96	3,331	109	4,002
1895.....	144	5,145	129	4,734
1897.....	98	3,266	133	5,057

We do not believe that the American people are degenerating at a rate so rapid that it requires three people to do the work to-day that one person accomplished twenty years ago.

We believe that the Belshaw Act was a solemn promise to the people of this State that the scandal attending the appointment of so many useless attachés two years ago should not be repeated.

We are in favor of keeping faith with the people of this State, and are unalterably opposed to any increase, and we believe it to be a useless waste of the public money.

FRANK P. MESERVE.

RECESS.

At twelve o'clock and fifty minutes P. M., Mr. Dibble moved to take a recess until two o'clock P. M.

So ordered.

REASSEMBLED.

At two o'clock P. M. the Assembly reconvened.

Speaker pro tem. Anderson in the chair.

Mr. Cosper was granted unanimous consent to make a report out of order.

REPORT OF SPECIAL INVESTIGATING COMMITTEE—(OUT OF ORDER).

MR. SPEAKER: The committee to whom was referred the investigation of the charges of using illegal methods to influence members of the Assembly in connection with the election of a United States Senator, with full power to act in the premises, and to issue subpoenas, bring witnesses and examine them as to facts, or the purported facts, set forth in a special resolution adopted January 16, 1890, beg leave to report:

That in pursuance of that resolution Milton J. Green has appeared in accordance with the request of the committee and given testimony, wherein he has revealed the fact that he is the political manager and financial agent of one of the candidates for United States Senator, to wit: U. S. Grant, Jr.

On further examination he has refused to answer questions of your committee as follows:

Q. (By Mr. Cosper.) Now, Mr. Green, in the First Assembly District of this State, where Mr. C. B. Jilson was elected to the Assembly, did you assist in any manner in the campaign in that district?

A. Now, Mr. Cosper, I am perfectly willing to state in substance that I did assist and make contributions in a number of the Assembly districts in this State, and in no instance were they accepted with the condition that they should vote for Mr. Grant, and I never asked a man to pledge himself for Mr. Grant.

Q. That is a blanket answer, and we would rather have specific answers to specific questions, in order to get at the point ourselves. Will you kindly answer that question without this general blanket answer?

A. Under the circumstances, Mr. Cosper, I must decline to answer that question; not but what I can answer it properly and satisfactorily. I have no personal reasons for refusing to answer it, because I do not consider that I made a single improper or illegitimate expenditure of money.

Q. Then, on what ground do you decline to answer it?

A. Upon the ground that I do not think it is a proper method of conducting the inquiry.

Q. Mr. Green, did you on behalf of Mr. Grant contribute anything to the election of Mr. Marvin in the Second Assembly District of this State?

A. For the reasons given in my answer to the previous question I must decline to answer. I have made no improper expenditure of money in this campaign, and rendered no improper assistance in any instance; never attempted to influence the action of a single member of the Legislature by the use of money or other influence.

Q. Your declination is on the same grounds, I presume?

A. Yes, sir.

Q. Did you contribute anything on behalf of Mr. Grant to the election of Cyrus H. Boynton, from the Third Assembly District in this State?

A. I decline to answer that question for the same reason.

Mr. Green has also refused in a like manner and for like reasons to answer any like questions concerning any Assembly District in the State.

Wherefore, your committee renders the foregoing report and request further instructions from the Assembly.

Respectfully submitted.

COSPER, Chairman.

RESOLUTION.

By Mr. Johnson:

EXPLANATION OF VOTE.

I am willing the Assembly should have all necessary attachés. The Belshaw Act, passed after the Duckworth scandal, when such a large number of useless attachés were put on, did not furnish sufficient help to carry on the business to the best advantage of the State. A special committee having been appointed has now determined what attachés are necessary. Having determined this number, I believe the bars should be put up and further hiring of employés be checked by a four-fifths clause in the law.

Resolution adopted.

At two o'clock and forty minutes p. m., the Speaker pro tem. called Mr. Dibble to the chair.

STATEMENT.

Mr. Melick requested that the following statement be printed in the Journal.

So ordered.

I desire to present this written statement to the Assembly in reference to my position as a member of the Special Investigating Committee, appointed under resolution of January 16, 1899. At the time the committee was appointed, I ascertained then that there was no member appointed who was voting for Hon. D. M. Burns or Hon. U. S. Grant for United States Senator; also, that there were two men on the committee who were voting for Hon. R. N. Bulla. Believing that the committee should have represented all interests involved in the Senatorial contest, I requested that I be released and relieved from acting on the committee, which request, however, this Assembly saw fit to refuse. Recent developments have confirmed my belief that on the committee should be at least one member voting for each of the leading candidates for United States Senator. I accordingly, this morning, requested that the committee be enlarged and such additional members be added to the committee. When the Assembly refused my request I felt I could no longer, in justice to myself and the candidacy of Hon. R. N. Bulla, act on the committee. Since the adjournment of the morning session, however, I have consulted Senators Nutt, Jones, Smith, and Cutter and Assemblymen Works, Johnson, Devoto, and Kelsey, and these and other members all insist that it is my duty to remain on the committee. In accordance with their request and their expressions of belief that it was my duty to remain on the committee, I have decided to continue to act with the committee in its further work, but I desire to again enter and record my protest against the committee acting any further in the investigation unless there is added to it a representative of the Hon. D. M. Burns and a representative of the Hon. U. S. Grant, in order that, whatever report the committee should hereafter file and present, such report will be received with approval by all the members of the Assembly.

ARTICLE III.

LEGISLATIVE DEPARTMENT—THE BOARD OF CITY TRUSTEES.

SEC. 7. The legislative power of the City of Vallejo shall be vested in a legislative body, which shall be designated the Board of City Trustees.

SEC. 8. The Board of City Trustees shall consist of five members, whose term of office shall be four years. Two members shall be nominated from the First Ward, two members from the Second Ward, and one member from the Third Ward and they shall be elected at large. Each one must be at the time of his nomination an elector of the city, and must have been such for at least three years next preceding his election, and must be a bona fide resident of the ward from which he is nominated, and have been such for at least six months next preceding his election.

SEC. 9. The Board of City Trustees shall upon holding their first meeting under this charter elect a president from their own number, who shall preside at all meetings of the board in the absence of the Mayor.

SEC. 10. A majority of all the members of the board shall constitute a quorum, but a less number may adjourn from day to day, and compel the attendance of absent members in such manner and under such penalties as the board may prescribe.

SEC. 11. The board shall establish rules for its proceedings and have authority to punish its members for disorderly or contemptuous behavior in its presence.

All meetings of the board shall be public, and a journal of its proceedings shall be kept by the City Clerk under its direction, and the ayes and noes shall be taken and entered in the journal in the final action upon the granting of franchises, making of contracts, passage of any ordinance, or resolution ordering work to be done, supplies furnished, the ordering of assessments for street improvements, or building of sewers, and in all other cases upon the call of any member; all balloting for officers or confirmation of appointments must be by viva voce.

SEC. 12. The board shall meet on the first and third Wednesdays of each month, or if that day be a legal holiday, then on the next day. The board shall not adjourn to any other place than its regular place of meeting, except in case of great necessity or emergency. The first meeting of each board shall be held on the first Monday in April of the year in which they were elected.

SEC. 13. The clerk of the board, when required to do so, shall administer oaths and affirmations without charge, in all matters pertaining to the affairs of his office, and shall perform such other services as may be prescribed by the board or this charter. He shall have the custody of the seal, and of all leases, grants, and other documents, records, and papers of the city. His signature shall be necessary to all leases, grants, and conveyances of the city.

SEC. 14. The Board of City Trustees may from time to time appoint, out of their own body, such and so many committees, either of a special or general nature, and consisting of such a number of persons as they think fit for any purposes, which, in the opinion of the Trustees, would be better regulated or managed by means of such committees; but the acts of every such committee shall be submitted to the Trustees for approval. Whenever any matter is referred to a committee for investigation or action, said committee shall meet and give the matter such attention as it may require, but no committee shall have power to make any purchase or incur any indebtedness in the

name of the city, without first having reported to the board, in regular or special session, the result of their investigation, when the board shall take such action on their report as they may think proper. The board shall not recognize any report that is not made in writing and signed by at least a majority of the members of the committee; except such report be made as a minority report; and no committee shall expend more, or incur any greater indebtedness than they were authorized to by a vote of the board, without having first obtained the consent of the board. All indebtedness incurred contrary to this provision shall be forever void. Standing orders may be made by the Trustees regarding the proceedings and reports of the committees.

SEC. 15. Every legislative act of the city shall be by ordinance. The enacting clause of every ordinance shall be in these words: "Be it ordained by the people of the City of Vallejo, as follows." No ordinance shall be passed except by bill, and no bill shall be so amended as to change its original purpose.

SEC. 16. No bill shall become an ordinance, nor resolution be adopted, unless finally passed by a majority of all members of the board and the vote be taken by ayes and noes and the names of the members voting for and against the same be entered in the Journal, and approved by the Mayor.

SEC. 17. No ordinance shall be revised, reenacted, or amended by reference to its title, but the ordinance to be revised or reenacted, or the section thereof amended, shall be reenacted at length as revised or amended.

SEC. 18. An ordinance shall embrace but one subject, which subject shall be expressed in its title. If any subject be embraced in an ordinance and not expressed in its title, such ordinance shall be void only as to so much thereof as is not expressed in its title.

SEC. 19. When a bill is put upon its final passage in the board and fails to pass, and a motion is made to reconsider, the vote upon such motion shall not be acted upon before the expiration of twenty-four hours after adjournment. No bill for the grant of any franchise shall be put upon its final passage within ninety days after its introduction, and no franchise shall be renewed before one year prior to its expiration. Every ordinance shall, after amendment, be laid over for one week before its final passage.

SEC. 20. Every bill or resolution providing for any specific improvement, or the granting of any franchise or privilege, or involving a lease, appropriation, or disposition of public property, or the expenditure of public money, except sums less than two hundred dollars, or levying any tax or assessment, and every ordinance providing for the imposition of a new duty or penalty, shall, after its introduction, be published in one newspaper, with the ayes and noes, for at least five consecutive days (Sundays and legal holidays excepted) before final action upon the same. If such bill be amended, the bill as amended shall be advertised for a like period before the action thereon. But in cases of great necessity the officers and heads of departments may expend such sums of money, not to exceed two hundred dollars, as shall be necessary to meet the requirements of such necessity.

SEC. 21. No ordinance shall take effect until ten days after its passage, unless otherwise provided in such ordinance.

SEC. 22. All ordinances and resolutions shall be deposited with the clerk of the board, who shall record the same at length in a suitable book.

SEC. 23. No ordinance shall be repealed, except by ordinance adopted in the manner hereinbefore set out.

SEC. 24. Except as provided in this charter, all demands payable out of the treasury must, before they can be approved by the Auditor, or paid by the Treasurer, be first approved by the Board of Trustees.

SEC. 25. All books, papers, vouchers, franchises, contracts, bonds, and public documents of every name and description, belonging to the board or any officer of the city, shall be open for the inspection of the public during business hours, and no member of the board, clerk, or any elective officer or employé of the city, shall remove, or allow any one to remove from the office where it properly belongs, any book, paper, voucher, franchise, contract, bond, or other public document of any name or description belonging to the board or any officer of the city, except on the order of a legally organized court, or by order of the board when required for examination or investigation; any violation of this section shall constitute a misdemeanor, and each officer is charged with a knowledge of all books, papers, and documents, whatsoever, placed in his official charge.

SEC. 26. Whenever there shall be presented to the Board of Election Commissioners a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding state or city, county, state and county or city election, asking that an ordinance, to be set forth in such petition, be submitted to a vote of the electors of the city, the Board of Election Commissioners must submit such proposed ordinance to the vote of the electors at the next election.

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, and occupation. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The tickets used in such election shall contain the words, "For the Ordinance" (stating the nature of the proposed ordinance), and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the votes cast upon such ordinance shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact, and upon such proclamation such ordinance

shall have the same force and effect as an ordinance passed by the Trustees, and the same shall not be repealed by the Trustees. But the Trustees may submit a proposition for the repeal of such ordinance, or for amendments thereto, for vote at any succeeding election; and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly.

SEC. 27. The Mayor shall preside at all meetings of the board, but shall not have the right to vote.

Ordinances and resolutions are the formal acts of the board reduced to writing and passed under legal restrictions governing action thereon; orders embrace all other acts, which, being less formal in character, require only to be duly passed by the board and spread upon the minutes. No order, resolution, or ordinance shall have effect without the approval of the Mayor.

In case of orders the approval shall be presumed, unless at the same meeting at which the order was passed, the Mayor causes his disapproval, with his reasons therefor, to be spread upon the minutes. All resolutions and ordinances after passage must be certified to by the president of the board, and the City Clerk, and shall be submitted to the Mayor, who shall within five days after he has received the same indorse his approval or disapproval thereon, giving the reasons for his disapproval in writing. If he shall sign the same it shall then become an ordinance, but if he shall disapprove the bill he shall state his objections thereto in writing. If the resolution or ordinance is not returned with such approval or disapproval within the time specified, it shall take the same effect as if he had approved the same; *provided*, that when any ordinance or resolution be referred to the Mayor for his approval, within ten days of the end of any term, if he fails to return the same to the board, with his approval or disapproval, within five days after he has received the same, it shall become a law as though he had approved it.

ARTICLE IV.

SEC. 28. Subject to the provisions, limitations, and restrictions in this charter contained, the Board of Trustees shall have the power:

1. To manage and control the finances of the city.

To sell, use, lease, control, improve, and take care of the real estate and personal property; *provided, however*, that said board shall have no power to hypothecate any property of said city, for any purpose whatever; *be it further provided*, that nothing in this charter shall authorize, warrant, or empower said board to ever sell, lease, or assign, convey, mortgage, or hypothecate any part of, or interest in, the water system, or any property belonging thereto, or any rents or income therefrom, now belonging to the City of Vallejo or that may hereafter be acquired by said city, but the Board of City Trustees may rent, from year to year, such lands in Green and Wild Horse valleys, as they may think proper and that will not endanger the safety, supply, or quality of the water required for public use.
3. To make and enforce within the limits of the city, all necessary local, police, sanitary, and other laws and regulations.
4. Except as otherwise provided in this charter, or in the Constitution of the State of California, to regulate and control, for any and every purpose, the use of the streets, highways, wharves, piers, chutes, public thoroughfares, public places, alleys, and sidewalks of the city.

The Auditor shall audit no bill for lighting the streets, offices or public buildings, unless said bill is accompanied by the affidavit of the owner (if it be a private enterprise), or the president of the company (if it be a corporation), setting forth that all the provisions of the contract or agreement have been fully and unequivocally complied with, and it shall be the duty of the Mayor to have the power or strength of said illuminating substance

tested as often as in his judgment the interests of the city shall require it; and if it be shown that the gas lamps, or electric lights, or any other illuminating substances, have not been furnishing to the city the candle-power stipulated in said contract, the Board of City Trustees shall declare the contract forfeited, and shall impose such other penalty as in their judgment may seem proper.

9. The Trustees may, on the written recommendation of the Commissioners of Public Works, change the grade of any street or street crossing in the manner and to the grade set out in such recommendation; but no grade shall be changed unless proceedings are taken by way of providing compensation to those who may suffer damages by such change of grade, and all such proceedings shall be taken in conformity with the provision of the general law of the State or this charter provided for the making of such improvements; *provided*, that the grade heretofore adopted by the Board of Trustees shall be and is hereby established as the grade of the streets and alleys of said city.

38. To allow any railroad to enter the city with its roads and run its cars to the water front at the most suitable point for public convenience. Every ordinance granting such right shall be upon the condition that said company shall pave and keep in repair the street within their tracks and two feet on each side thereof, in such a manner and with such material as may from time to time be prescribed by the Trustees, and that such company shall allow any other company to use in common with it the same track or tracks, each paying an equal portion for the construction and repair of the tracks and appurtenances used by such railway jointly.

39. The Trustees shall have no power to grant franchises or privileges for the construction and maintenance of bridges, wharves, docks or piers, or for the operation of ferries, or for the erection of poles or wires for transmitting electric power or for lighting purposes along or upon any public street or highway of the city, except upon all the conditions and in the manner prescribed by the general law of the State. The board shall at all times have the right to regulate the charges of any person, company, or corporation using, enjoying, or possessing such franchise or privilege; and must expressly provide that the franchise shall not be renewed or regrantd; and that the whole of the stationary fixtures and improvements upon the public streets and highways of the city shall, upon the expiration or abandonment of the franchise, become the property of the city. 40. When, on the expiration of any franchise, it shall be deemed inexpedient by the Board to use any of the property reverting to it by reason of such expiration in the operation of such franchise, then the Board shall have the power to lease such property to any person, company, or corporation after the notice, on the terms, and in the manner above provided, as to the granting of franchises, as far as the same may be applicable. But no ordinance authorizing such lease shall be passed prior to ninety days next preceding the expiration of such franchise, *provided*, that such lease shall not be for a longer term than ten years.

41. To provide for the sale at public auction, after advertising for five days, of personal property unfit or unnecessary for the use of the city.

virtue of legal process at the suit of the city. Any member of the Board of Trustees or of any other board, officer or employé of the city, violating the provisions of this section, or who shall be directly or indirectly interested in any franchise, right, or privilege granted by the city, while he is such member, officer, or employé, unless the same shall devolve upon him by law, shall forfeit his office and be forever disqualified from holding any position in the service of the city, and all contracts, or rights, or franchises granted in violation of this section shall be absolutely void.

Upon such report the Mayor shall take such action as shall be necessary to protect the city, and may require new bonds when necessary, and he may suspend any officer until a sufficient bond is filed and approved.

SEC. 30. When an application is made for a franchise or privilege, by any person, company, or corporation, to the Board of City Trustees, said application must be accompanied by a sum sufficient to defray the preliminary expenses thereof.

Upon the receipt of such application the board shall consider the necessity of such franchise, or privilege; if it decides that such franchise or grant is a public necessity, or that it may be a public benefit, they shall, by resolution, advertise the fact that an application for such franchise or privilege has been made to the Board of Trustees, together with a statement that it is proposed to grant the same, must first be advertised in one newspaper of said city. Such advertisement must state that bids will be received for such franchise and that it will be awarded to the highest bidder, and such advertisement must be published in such daily newspaper once a day for ten successive days (Sundays and legal holidays not included), and thirty full days must elapse after the date of such advertisement before the board shall take any further action on the matter.

The advertisement must state the character of the franchise or privilege proposed to be granted, the term of its continuance that sealed bids or tenders will be received up to a certain hour on a day named therein, and the further statement that no bids will be received of a single sum or amount stated; but that all bids must be for the payment, in lawful money of the United States, of a stated per cent of the gross annual receipts

of the person, partnership, or corporation, or other authority to whom the franchise is awarded, arising from its use, operation or possession.

Every proposal submitted shall contain a check payable to the Mayor of the City, certified by a responsible bank, equal in amount to that named by the Board of Trustees in the advertisement calling for said bids.

The Board of Trustees must grant the franchise to the highest bidder; *provided*, that nothing in this section shall prevent the Board of Trustees from rejecting any or all bids whenever they may think that it would be for the best interests of the city to do so.

On the opening of said bids the board shall order all checks returned to the proper parties, except the check of the highest bidder, which shall be retained until the bond is filed with the clerk of the Board of Trustees with two good and sufficient sureties, to be approved by the Board of Trustees, in the penal amount as prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe, fulfill, and perform each and all of the terms, conditions, and obligations of such franchise, such bond must be filed with the clerk of the board within twenty days after the award of said franchise. SEC. 31. No franchise can be surrendered without the consent of the Board of Trustees; *provided*, that on the application of the Mayor or a majority of the Board of Trustees it shall be the duty of the Attorney General to sue for a forfeiture of any franchise granted when it is alleged by them in such suit non-compliance with the terms of such franchise or privilege.

SEC. 34. All franchises or privileges now existing, or that may hereafter be awarded, shall be declared forfeited whenever it is shown that they have not been in use for a period of six months, except the person, company, or corporation to whom the same has been awarded shall obtain from the Board of Trustees an extension of the time; *provided*, that no more than one extension shall be in any case granted; and said extension shall not be for a longer period than six months.

SEC. 35. Any ordinance granting a franchise, or authorizing a lease under the provisions of subdivision forty of section twenty-eight of this charter, shall be in force from and after the expiration of thirty days from the date of its passage by the Trustees, unless within said thirty days a petition signed by a number of the electors of the city equal to fifteen per centum of the votes cast at the last preceding election shall have been filed with the Trustees, asking that said ordinance be submitted to the vote of the people. In such cases said ordinance shall be submitted at the next election to the vote of the electors of the city, and unless said ordinance shall at said election receive in its favor a majority of all the votes cast thereon, it shall have no force or effect for any purpose. If a majority of the votes be in favor of such ordinance, the Board of Election Commissioners shall, on the conclusion of the canvass of the vote thereon, proclaim such fact, and upon such proclamation said ordinance shall have full force and effect as of the date aforesaid. Said petition and submission shall be made in accordance with the provisions of section twenty-six of this charter.

Contracts.

SEC. 80. All public work authorized by the City Trustees to be done under the supervision of this board, and all work for which the Board of Education shall make requisition upon the Commissioners of Public Works, and all contracts for materials and supplies in an amount exceeding two hundred dollars required by the Board of City Trustees, or any of the departments of the city, but not otherwise provided for in this charter, shall be done under written contract, except in cases of urgent necessity, as hereinafter provided. Before awarding any contract authorized by the preceding section, the commissioners shall cause notice inviting sealed proposals therefor, to be posted conspicuously in its office and published for not less than five days in one newspaper; *provided*, that when the estimated cost exceeds two thousand dollars, notice shall be posted and published for not less than ten days; except that when the estimated cost of any improvement or repair work does not exceed two hundred dollars, and shall be deemed an urgent necessity by the Board of Commissions, such repair or improvement may be made by the commissioners under written contract or otherwise, without advertising for sealed proposals; but no piece of repair work or improvement shall under any circumstances be subdivided for the purpose of bringing the estimated cost within the limit herein provided.

SEC. 81. Said advertisement and notice shall invite sealed proposals, to be delivered to the commissioners in open session, at a certain day and hour, for furnishing the supplies and materials, and if for work to be done, the materials for the proposed work, or for doing the said work, or for both, as may be deemed best by the commissioners, and shall contain a general description of the work to be done, the materials or supplies to be furnished, the time within which the work is to be commenced and when to be completed, and the amount of bonds to be given for the faithful performance of the contract, and shall refer to plans and specifications on file in the office of the commissioners for full detail and description of said work and material.

induced or solicited any other bidder to put in a sham bid, or any other person, or corporation, or firm, to refrain from bidding, and that the bidder has not, in any manner, sought by collusion to secure to himself an advantage over other bidders.

Any bid made without such affidavit, or in violation thereof, shall be absolutely void, and also any contract let thereunder.

If at any time discovery shall be made that a contract has been let to a bidder who has violated or evaded this oath, the contract shall be canceled and no recovery shall be had thereon, and the commissioners shall at once proceed as before to award a new contract.

All proposals offered shall be accompanied by a check, certified by a responsible bank, payable to the order of the City Clerk, for an amount not less than ten per cent of the aggregate of the proposal, and no proposal shall be considered unless accompanied by such check.

If, on the opening of said bids, more than one bid appear in which the same person, corporation, or firm is interested, all such bids shall be rejected.

Sec. 83. On the day at the hour specified in said notice inviting sealed proposals the commissioners shall assemble and remain in session at least one hour thereafter, and all bids shall be delivered to the commissioners by the bidder or his agent while it is so in session, and within the hour named in the advertisement. At the expiration of the hour stated in the advertisement, within which the bids will be received, the commissioners shall, in open session, open, examine, and publicly declare the same, and an abstract of each bid shall be recorded in the minutes of the commissioners by the secretary.

Before the commissioners adjourn they shall compare the bids with the record made by the secretary, and shall thereupon, at said time, or at such other time, not exceeding twenty days thereafter, as the commissioners may adjourn to, award the contract to the lowest responsible bidder, except as otherwise herein provided.

Notice of such award shall forthwith be posted for five days by the secretary of the commissioners in some conspicuous place in the office of the commissioners.

The commissioners may reject any and all bids, and must reject the bid of any party who has been delinquent or unfaithful in any former contract with the city, and any bids other than the lowest responsible bid; and on accepting said lowest bid shall thereupon return to the proper parties the checks corresponding to the bids so rejected. If all the bids are rejected the commissioners shall return all checks to the proper parties, and again invite sealed proposals, as in the first instance. The check accompanying the accepted bid shall be held by the secretary of the commissioners until the contract for doing said work, as hereinafter provided, has been entered into, whereupon said certified check shall be returned to said lowest bidder.

If said bidder refuses or fails to enter into the contract to do said work, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be forfeited to the city, and shall be collected and paid into the general fund. Neither the Commissioners of Public Works, nor the Board of Trustees, nor the Board of Education shall have power to relieve from or remit such forfeiture.

Sec. 84. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and no recovery shall be had thereon, and the commissioners shall advertise for proposals for a new contract.

Sec. 85. All contracts shall be drawn under the supervision of the City Attorney, and shall contain detailed specifications of the work to be done, the manner in which it shall be executed, and the quality of the supplies and material to be used. No change or modification in the plans or specifications shall be made after the proposals for doing the work have been called for.

Every contract entered into by the commissioners shall be signed by at least two of their members, and by the other contracting party, and attested by the City Clerk.

At the same time with the execution of said contract said contractor shall execute to the city and deliver to the secretary of the commissioners, a joint and several bond in the sum named in the notice for proposals, with two or more sufficient sureties to be approved by the commissioners, or shall deposit with the secretary a certified check upon some solvent bank for said amount, for the faithful performance of said contract.

No surety on any bond shall be taken unless he be a resident and householder, or freeholder within the State, and worth the sum specified in the bond over and above all just debts and liabilities exclusive of property exempt from execution; and each surety shall justify and make and sign an affidavit to that effect, of which affidavit a form shall be printed on the bond. But when the amount specified in the bond exceeds three thousand dollars, and there are more than two sureties thereon, they may state in their affidavits that they are severally worth amounts less than that expressed in the bond, if the whole amount be equal to two sufficient sureties.

The contract for work shall specify the time within which the work shall be commenced and when to be completed, as was specified in the notice inviting proposals therefor. Upon the recommendation of the commissioners the Board of City Trustees may extend said time, but in no event shall the time for the performance of said contract be extended by the Board of Trustees more than sixty days beyond the time originally fixed for its completion.

In case of failure on the part of the contractor to complete his contract, within the time fixed in the contract, or within such extension of said time, as is herein provided, his contract shall be void, and the Board of City Trustees shall not pay or allow him any compensation for any work done by him under said contract. But the Commissioners of Public Works shall proceed to complete the work as provided in said contract, at the expense of said contractor and his sureties; *provided*, that the Board of Trustees shall order to be paid to the contractor or his sureties whatever balance may remain after the commissioners shall have completed the work as provided for in this section.

SEC 86. The work in this article provided for must be done under the direction and to the satisfaction of the commissioners, and all materials and supplies furnished must be in accordance with the specifications, and to the satisfaction of said Board of Commissioners, and all contracts provided for in this article must contain a provision to that effect. When said contract shall have been completed to the satisfaction and acceptance of said Commissioners, they shall so declare by resolution, and thereupon said Commissioners shall deliver to the contractor a certificate to that effect.

SEC 87. The commissioners of said board shall not, nor shall either of them, or any person employed in said department, be interested, directly or indirectly, in any contract for labor, works, supplies, or material, entered into by said board; nor shall either of such commissioners, officers, or employés be allowed to receive any gratuity or advantage from any contractor, laboree, or person furnishing labor or material for the same.

SEC 88. Whenever the Commissioners of Public Works shall have perfected all preliminary work for the awarding of a contract for the furnishing of supplies, or the doing of any work, or the making of any improvement, said commissioners shall instruct their secretary to prepare a statement showing the nature and quantity of the supplies required, the work to be done, or the improvements to be made; such report must be accompanied by the proposed contract and a copy of all bids received, for the furnishing of the required supplies, doing the work, or making the improvements contemplated, to the Board of Trustees; said board shall then, or at its next meeting, consider the matter, and may order the Commissioners of Public Works to accept the bid of the lowest responsible bidder and award to him or them the contract, or it may order said board to reject any and all bids, and to call for new proposals.

SEC. 123. Except as otherwise in this charter prescribed, the Mayor and Board of Trustees in making the appointments of the members of the police force shall be guided

solely by the fitness of the applicant, and no person shall ever be appointed to or removed from the police force for, or on account of, partisanship, or for, or on account of, his political opinions. No member of the police force shall take any part whatever in any political caucus or convention, nor be a member of any political club or committee, or take any part in any general or primary election, except to vote; and any officer, member, or employé in said department violating any of the provisions of this section shall forfeit his position.

The Mayor may, also, by and with the consent of the Board of Trustees, upon the petition of any person, firm, or corporation, appoint at any time a special policeman for special service, to be paid for by such person, firm or corporation; *provided, however*, that the locality where such special policeman is to act shall be described in the warrant of appointment; *and provided further*, that no such appointment shall be made until the Board of Trustees, by affirmative vote of at least three of its members, authorize the appointment of a special policeman for such locality. The policeman so appointed shall not receive any pay from the city. All special policemen shall possess all the powers and discharge all the duties of regular policemen, and be under the direction and control of the Chief of Police, and be subject to and obey all rules and regulations of the Police Department. The term of office of any special policeman shall not extend beyond one year, nor shall such special policeman continue to act as such for a longer period than one year, unless reappointed.

ARTICLE XIX.

REVENUE AND TAXATION

SEC. 143. All property in the city, not exempt under the laws of the State or the United States, excepting property used exclusively for public schools, and such as may belong to the United States, the State, to Solano County, or to the city, is subject to taxation for municipal purposes. All taxable property must be assessed at its full cash value. The term "cash value" shall mean the amount at which the property would be appraised if taken in payment of a just debt due from a solvent debtor. Land and improvements thereon must be separately assessed. A mortgage, deed of trust, contract, or other obligation by which a debt is secured shall, for the purpose of assessment and taxation, be deemed an interest in the property affected thereby. In case of debts so secured, the value of the property, less the value of security, shall be assessed and taxed to the owner of the property, and the value of the security shall be assessed and taxed to the owner thereof, and the taxes so levied shall be a lien upon the property and security.

SEC. 144. The City Assessor must, between the first Mondays of March and July of each year, ascertain the names of all persons taxable, and of all property in the city subject to taxation, and must assess such property to the person by whom it was owned or claimed, or in whose possession or control it was at noon on the first Monday of March next preceding; but no mistake in the name of the owner or supposed owner shall render the assessment invalid. In assessing solvent credits not secured by mortgage or trust deed, a reduction therefrom shall be made of debts due to bona fide residents of the State. The Assessor shall have power to, and he must exact from, each person a statement, in writing, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control, at noon on the first Monday in March. If any person, after demand made by the Assessor, neglects or refuses to give under oath the statement herein provided for, or to comply with the other requirements of this charter relating to assessments and taxation, the Assessor must make an estimate of the value of the property of such person, and the value so fixed by the Assessor shall not be reduced by the Board of Trustees.

SEC. 145. If the owner or claimant of any property, not listed by another person, is absent or unknown, the Assessor must make an estimate of the value of such property. If the name of the absent owner is known to the Assessor, the property must be assessed in his name; if unknown, the property must be assessed to "unknown owners."

SEC. 146. Any property willfully concealed, removed, transferred, or misrepresented by the owner thereof to evade taxation, must, upon discovery, be assessed at not exceeding ten times its value, and the assessment so made must not be reduced by the Board of Trustees. Any property discovered by the Assessor to have escaped assessment for the last preceding year, if such property is owned or controlled by the same person who owned or controlled it for such preceding year, may be assessed at double its value.

SEC. 147. On or before the twenty-fifth day of February of each year, the County Recorder shall furnish the City Assessor a list of all transfers of city property, and the amount thereof, also the names of all persons who have acquired property during the past year or since the last report has been submitted.

SEC. 148. The City Assessor must annually prepare an assessment book, with appropriate headings, alphabetically arranged, in which must be listed all property within the city subject to taxation; which assessment book must be completed by the Assessor on or before the first Monday of July. The Assessor shall also make a map book showing a plan of the various blocks of the city, and mark thereon, in each subdivision thereof, the name of the person to whom it is assessed. As soon as completed, the assessment book, together with the map book and statements, must be delivered to the City Clerk, who must immediately give notice thereof, and of the time the Board of Trustees will meet to equalize assessments, by publication in a daily newspaper published in the city; and in the meantime the assessment book must remain in his office for the inspection of all persons interested.

SEC. 149. The Board of Trustees must meet on the first Monday of July of each year to examine the assessment book and equalize the assessment. It must continue for that purpose from time to time, until the business of equalization is disposed of, but not later than the third Monday in July. The board has power, after giving notice, in such manner as it may by rule prescribe, to increase or lower any assessment contained in the assessment roll, so as to equalize the assessment of property and make it conform to the true value of such property in money. No reduction must be made in the valuation of any property unless the party affected thereby, or his agent, files with the board a written application therefor, verified by his oath, and showing the facts upon which such reduction is claimed. No reduction must be made unless such person, or his agent, attends or answers, under oath, all questions relating to the value of the property. The board may subpoena such witnesses and hear such other evidence in relation to the matter as it may deem proper.

SEC. 150. During the session of the board it may direct the Assessor to assess any taxable property that has escaped assessment, or to add to the amount, number, or quantity of property, when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time canceling previous entries) when any assessment made by him is deemed by the board so incomplete as to render doubtful the collection of the tax. The clerk of the board must record, in a book kept for that purpose, all changes, corrections, and orders made by the board, and must enter upon the assessment book all changes and corrections so made, and must, on or before the first Monday in August, deliver the assessment book, so corrected, to the City Auditor.

SEC. 151. The City Auditor, as soon as the assessment book is delivered to him by the clerk, must proceed to add up the valuations and enter the total valuation of each kind of property, and the total valuation of all property on the assessment book; and must, before the third Monday in August, report a statement thereof, in writing, to the Board of Trustees.

SEC. 152. The Mayor, City Collector, and City Auditor shall constitute a Board of Estimate, of which board the Mayor shall be chairman and the Auditor shall be secretary. It shall be the duty of said Board of Estimate, on or before the second Monday of August of each year, to prepare and transmit to the Board of Trustees, accompanied by estimates and reports from the various departments of the city government, an estimate of the probable necessities of the city government for the next ensuing fiscal year, giving the amount required to meet the sinking and interest fund for any and all outstanding debts, together with the amount needed for salaries, and the probable wants of all the departments of the city government in detail, and showing specifically the necessities of each of the several specific funds to be provided for in the treasury. The estimate shall also show, as nearly as may be, what amount of income and revenue is likely to accrue to the treasury, and be collected, from fines, licenses, water rates, harbor dues, and all other sources of revenue, exclusive of taxes upon property, and shall give an estimate of what amount will be required to be levied and collected by tax upon all property in the city subject to taxation, in order to meet the necessities of such fiscal year. If such estimates shall show that an increased amount will be required in any specific fund over the amount required for such fund for the pending fiscal year, such estimates shall also state the reasons why such increase will be required. The salaries pertaining to the respective offices held by them shall be in full compensation for all services performed by the members of said Board of Estimate.

SEC. 153. The Board of Trustees shall annually fix the rate of taxation to be levied, and levy the taxes upon all property, both real and personal, in the city, necessary to raise sufficient revenue to carry on the various departments of the municipal government for the current fiscal year; *provided*, that the rate of taxation so levied shall not exceed in any year one dollar for each one hundred dollars upon the assessed value thereof, except for the payment of principal and interest of the bonded debt of the city, if any. Every tax has the effect of a judgment against the person, and every lien created by this charter has the effect of an execution levied against all property of the delinquent, and the judgment is not satisfied nor the lien removed until the taxes are paid or the property sold therefor. Every tax due upon personal property is a lien upon the real property of the owner thereof from and after twelve o'clock noon, of the first Monday in March in each year. Every tax due upon real property is a lien against the property assessed; and every tax due upon improvements on real property assessed to others than the real owner of the real property, is a lien on the land and improvements, which several liens attach at twelve o'clock noon, of the first Monday in March in each year.

SEC. 154. As soon as the Board of Trustees has fixed the rates of taxes for the year, the Auditor must compute and enter in a separate column in the assessment book, the respective sums, in dollars and cents, rejecting the fractions of a cent, to be paid on the property therein enumerated, and foot up the columns, showing the total amount of such taxes, and on or before the fourth Monday in September he must deliver said corrected and completed assessment book to the City Collector, and charge the Collector with the full amount of the taxes levied.

SEC. 155. Upon receipt by him of the assessment book, the Collector must publish, for at least five days, a notice in some daily newspaper published in the city, specifying:

First—That the taxes on all personal property, secured by real property, and one half the taxes on all real property, will be due and payable at the office of the City Collector on the first Monday in October, and will be delinquent on the last Monday in November next thereafter, at six o'clock p. m., and that unless paid prior thereto fifteen per cent

will be added to the amount thereof, and that if said one half be not paid before the last Monday next thereafter, at six o'clock p. m., an additional five per cent will be added thereto; that the remaining one half of the taxes on all the real property will be payable on, or after, the first Monday in January next thereafter, and will be delinquent on the last Monday in April next thereafter, at six o'clock p. m., and that unless paid prior thereto five per cent will be added to the amount thereof.

Second.—That all taxes may be paid at the time the first installment is due and payable.

SEC. 156. At any time after the duplicate assessment book has been received by the Tax Collector, and the taxes have become payable, the owner of any property assessed therein, who may claim that the assessment is void in whole or in part, may pay the same to the Tax Collector under protest, which protest shall be in writing, and shall specify whether the whole of the assessment is claimed to be void, or, if a part only, what portion, and in either case, the grounds upon which such claim is founded; and when so paid under protest, the payment shall in no case be regarded as a voluntary payment, and such owner may at any time within six months after such payment bring an action against the city in the Superior Court, to recover back the tax so paid under protest, and if it shall be adjudged that the assessment, or the part thereof referred to in the protest, was void on the ground specified in the protest, judgment shall be entered against the city therefor.

SEC. 157. The City Collector must mark the fact and date of payment or partial payment, as the case may be, in the assessment book opposite the name of the person assessed. He must also give a receipt to the person making the payment.

SEC. 158. On the last Monday in November of each year, at six o'clock p. m., all taxes then unpaid, except the last installment of the real property taxes, are delinquent, and thereafter the Collector must collect an addition of fifteen per cent thereon; provided, that, if they are not paid before the last Monday in April next succeeding, at six o'clock p. m., he shall also collect an additional five per cent thereon. On the last Monday of April of each year, at six o'clock p. m., all the unpaid portions of the remaining one half of the taxes on real property are delinquent, and thereafter the Collector must collect an addition of five per cent thereon; provided, that the entire tax on real property may be paid at the time the first installment is due; and provided further, that the taxes on all personal property unsecured by real property shall be due and payable immediately after the assessment of said personal property is made.

SEC. 159. On the second Monday in December of each year, the City Collector must attend at the office of the Auditor, with the assessment book, and the Auditor must carefully examine the same, and if satisfied that the statements there appearing of the taxes due and unpaid, are correct, he must foot up the amount of all taxes so due and unpaid, and must settle with him for the taxes paid, and require from him the Treasurer's receipt therefor.

SEC. 160. On the third Monday in May of each year, the Collector must attend at the office of the Auditor, with the assessment book, and must furnish and deliver to the Auditor at said time a complete "delinquent list" of all persons and property then owing taxes, in which list must be set down in numerical or alphabetical order all matters and things contained in the assessment book and relating to the delinquent persons or property. The Auditor must carefully compare the "delinquent list" with the assessment book, and if satisfied that it contains a full and true statement of all taxes due and unpaid he must foot up the amount of taxes so remaining unpaid, and credit the Collector therewith, and must settle with him for the taxes and percentages therein, collected since the December settlement, and require from him the Treasurer's receipt therefor. After such settlement with the Collector, the Auditor must charge the Collector with the amount of taxes due on the delinquent list, with five per cent added thereto, and within three days thereafter deliver said delinquent list, duly certified, to such Collector.

SEC. 161. After April thirtieth, and on or before the second Monday of each year, the Tax Collector must notify all persons, or their agents, by mail where postoffice address can be obtained, that their taxes have become delinquent, the amount of said taxes, and that the property will be sold unless paid prior to the third day of July of said year.

SEC. 162. On or before the fifth day of June of each year, the Collector must publish the delinquent list, which must contain the names of the persons and a description of the property delinquent, and the amount of taxes and costs due, opposite each name and description, with the taxes due on personal property added to the taxes due on real estate, where the real estate is liable therefor, or the several taxes are due from the same person. The expense of the publication shall be a charge against the city. The Collector must append to and publish with the delinquent list, a notice that unless the taxes delinquent, with the costs and percentages, are paid, the real property upon which such taxes are a lien will be sold at a time and place designated in the notice. The time of sale must not be less than twenty-one nor more than twenty-eight days from the first publication, and the place of sale must be at the City Tax Collector's office in the City of Vallejo. The publication must be made once a week for three successive weeks in one daily newspaper, or supplement thereto, published in the city. A copy of the publication, with the affidavit of the Collector attached thereto that it is a true copy of the same, that the publication was made in a newspaper, or supplement thereto, published in the city, and the date of each appearance, shall be filed with the City Auditor, which affidavit shall be prima facie evidence of all the facts therein stated.

SEC. 163. The City Collector must collect, in addition to the taxes and percentages due on the delinquent list, fifty cents on each tract of land separately assessed, as costs for preparing the lists.

SEC. 164. On the day and hour fixed for the sale, all the property delinquent, upon which the taxes of all kinds, penalties, and costs have not been paid, shall, by operation of law and the declaration of the Tax Collector, be sold to the city, and said Tax Collector shall make an entry, "Sold to the City," on the delinquent assessment list, opposite the tax, and he shall be credited with the amount thereof in his settlement, made pursuant to law; *provided*, that on the day of sale the owner or person in possession of any property offered for sale for taxes due thereon, may pay taxes, penalties, and costs due.

SEC. 165. Immediately upon completion of the sale provided for in the preceding section, the Tax Collector must transmit to the Auditor and Assessor a statement or report in proper form, showing in detail each sale wherein the city became such purchaser.

SEC. 166. The Tax Collector must make out a certificate of delinquent tax sale for each piece or tract of land sold, dated on the day of the sale, stating (when known) the name of the person assessed, a description of the land sold, that it was sold for delinquent taxes to the city, and giving the amount and year of the assessment, and specifying when the city will be entitled to a deed.

SEC. 167. A redemption of the property sold may be made by the owner, or any party in interest, within five years from the date of sale to the city, or at any time prior to the entry or sale of said land by the city, in the manner provided by the following section herein.

SEC. 168. In all cases where real estate has been or may hereafter be sold to the city for delinquent taxes, and the city has not disposed of the same, the person whose estate has been or may hereafter be sold, his heirs, executors, administrators, or other successors in interest, shall, at any time after the same has been sold to the city, and before the city shall have disposed of the same, have the right to redeem such real estate by paying to the City Treasurer the amount of taxes due thereon at the time of said sale, with interest thereon at the rate of seven per cent per annum; and also all taxes that were a lien upon said real estate at the time said taxes became delinquent; and also for each year since the sale for which taxes on said land have not been paid an amount equal to the percentage of taxes for that year upon the value of the real estate as assessed for that year, or, if not so assessed, then upon the value of the property as assessed in the year nearest the time of such redemption, with interest from the first day of January of each of said years, respectively, at the same rate, to the time of redemption; and also all costs and expenses of such redemption, as hereinafter specified, the penalties as follows, to wit: Ten per cent, if redeemed within six months from date of sale; twenty per cent, if redeemed within one year therefrom; forty per cent, if redeemed within two years therefrom; sixty per cent, if redeemed within three years therefrom; eighty per cent, if redeemed within four years therefrom; and one hundred per cent, if redeemed within five years or any greater number of years therefrom. The penalties shall be computed upon the amount of each year's taxes in like manner, reckoning from the time when the lands would have been sold for the taxes of that year, if there had been no previous sale thereof. The Auditor shall, on the application of the person desiring to redeem, make an estimate of the amount to be paid, and shall give him duplicate certificates of the amount, specifying the several amounts thereof, which certificates shall be delivered to the Treasurer, together with the money, and the City Treasurer shall give duplicate receipts, written or indorsed upon said certificates, to the redemptioner, who shall deliver one of said receipts to the City Auditor, taking his receipt therefor. The City Treasurer shall settle for the moneys received as for other city moneys. Upon the payment of the money specified in said certificate, and the giving of the receipts aforesaid by the Treasurer and Auditor, any deed or certificate of sale that may have been made to the city shall become null and void, and all right, title, and interest acquired by the city, under and by virtue of the tax sale, shall cease and determine. The receipts of the City Treasurer and City Auditor may be recorded in the Recorder's office of the County of Solano, in the book of deeds, and the record thereof shall have the same effect as that of a deed of conveyance of the interest conveyed by such deed or certificate of sale.

SEC. 169. If the property is not redeemed within the time allowed by law for its redemption, the Tax Collector, or his successor in office, must make the city a deed of the property, reciting in such deed the name of the person assessed (when known), the date of the sale, a description of the land sold, the amount for which it was sold, that it was sold for delinquent taxes, giving the assessed value and the year of assessment, the time when the right of redemption had expired and that no person has redeemed the property in the time allowed by law for its redemption. No charge shall be made by the Tax Collector for the making of any such deed, and the acknowledgment of all such deeds shall be taken by the City Clerk free of charge. All such deeds shall be recorded in the office of the County Recorder of Solano County. The City Clerk shall provide uniform blank deeds, upon which all conveyances to the city under the provisions of this section shall be made. All such deeds, after being duly recorded, as herein provided, shall be forwarded by the County Recorder to the City Clerk. The City Clerk shall record all such deeds in a book to be provided for that purpose, in which book a marginal space shall be left to show the subsequent disposition of the property by the city.

In all cases where land has heretofore been sold to the city for delinquent taxes, the deed therefor shall be made to the city within one year after this charter takes effect ; *provided*, five years shall have elapsed after the date of such sale.

SEC. 170. The City Collector shall, after the first Monday in February of each year, collect the taxes due on personal property, except where real estate is liable therefor, by seizure and sale at public auction of any property owned by the delinquent. The sale must be made, after five days' notice, given by publication or by posting in three public places in the city, and must be of a sufficient amount to pay the taxes, percentages, and costs. For seizing and selling personal property, the Collector may charge, in each case, the sum of three dollars costs. On payment of the price bid, the delivery of the property, with a bill of sale, vests the title in the purchaser. All excess over the taxes, percentages, and costs of proceeds of any property sold must be returned to the owner, and, until claimed, must be deposited in the city treasury for his benefit. The unsold portions of the property seized may be left at the place of sale at the risk of the owner.

SEC. 171. The City Collector must, on the second Monday of July of each year, attend at the office of the City Auditor with the delinquent list, and the Auditor must then carefully compare the list with the assessments of persons and property not marked "paid" on the assessment book, and when taxes have been paid must note the fact in the appropriate column in the assessment book. The Auditor must then administer to the Collector an oath, to be written and subscribed on the delinquent list, that every person and all property assessed on the delinquent list, on which taxes have been paid, has been credited in the list with said payment, and that the taxes not marked "paid" have not been paid, and that the Collector has not been able to discover any property of the persons liable to pay the same, out of which to make the collection. The Auditor must then foot up the amount of taxes unpaid, and credit the Collector therewith, and have a final settlement with him ; and the delinquent list must remain on file in the Auditor's office. Interest must be collected on all such delinquent taxes, at the rate of one per cent per month from the time delinquent until paid.

SEC. 172. Any taxes, percentages, or costs, erroneously or illegally collected, may, by order of the Board of Trustees, be refunded by the Treasurer.

SEC. 173. The Assessor, between the first Monday in March and the first Monday in July in each year, must collect the taxes on all personal property, when the owner thereof has no real estate, or when, in his opinion, said taxes are not a lien on real property sufficient to secure the payment ; he may enforce such collection by seizure and sale of any personal property owned by the person liable to pay the tax. Such seizure and sale shall be conducted in the same manner as provided to be done by the Collector by section one hundred and seventy hereof. The Assessor and Collector are governed as to the amount of taxes so collected on personal property, by the rate of the previous year. When the rate is fixed for the year in which the collection is made, then, if a sum in excess of the rate has been collected, the excess shall be repaid by the Treasurer to the person from whom it was collected, and if a sum less than the rate has been collected, the deficiency must be collected as are other taxes on personal property.

SEC. 174. The Assessor must settle with the City Treasurer and pay into the treasury, daily, the personal property taxes collected by him, and the Auditor must, as soon as the assessment book for the year comes into his hands, note opposite the name of each person from whom taxes have been so collected, the amount thereof, and as soon as the rate for the year is fixed, he must also note on the assessment book, in connection with the previous entry, the amount of excess or deficiency.

SEC. 175. Omissions, errors, or defects of form in the assessment book, or in the delinquent list, may, with the written consent of the City Attorney, be supplied or corrected by the Assessor at any time prior to the sale for delinquent taxes. In the assessment, advertisement, and sale of taxes, initial letters, abbreviations, and figures may be made use of, and no assessment or act relating to the assessment or collection of taxes is illegal on account of informality, nor because the same was not completed within the time designated.

SEC. 176. All taxes assessed before this charter takes effect must be collected at the time provided for, and under the laws in force at the time the assessment was made, and all such taxes shall be valid and collectible the same as if this charter had not been adopted.

SEC. 177. Should the Board of Trustees at any time deem it necessary for the interest and protection of the city at large, or any portion thereof, or the property or health of the citizens thereof, or any other matter or thing, the object of which would be to advance the interests of the city, to contract and create any debts or obligations against the city for materials furnished and labor and services performed without having the funds in the treasury to pay the same, the said Board of Trustees may enter into contracts, and create debts or obligations, without interest, and are hereby empowered and authorized to levy and collect a special tax, annually or in one levy, to pay such debts and obligations so created, and provide the mode and manner of their payment ; *provided*, that no such debts, obligations, or claims shall be contracted or created against the city without first having been voted upon by the qualified electors thereof, unless expressly provided by this charter. Notice shall be given of such elections by publication for not less than two weeks theretofore in one daily newspaper published in the city, in which notice the contemplated repairs or improvements, and the cost or estimated cost of the same, and the manner it shall be paid for, shall be distinctly

stated. If two thirds of the votes cast at such election be in favor of the proposition named, then the board shall be authorized to proceed with the work, and to create the liability against the city to the extent so voted for. For all debts and obligations so contracted and created the said board shall issue warrants therefor, under the seal of the city, and specifying therein the date of election by which the issuance thereof was authorized and the total amount of warrants then issued under and by virtue of such authority.

SEC. 178. The aggregate amount of the bond and floating debt of the city shall never be allowed to exceed ten per cent of the value of all the real and personal property of the city, as shown on the last preceding assessment roll of the city.

ARTICLE XX.

IMPROVEMENT OF STREETS.

Public Streets.

SEC. 179. All streets, lanes, alleys, places, and courts in said City of Vallejo, now open or dedicated to public use, and of which the grade and width have been legally established, shall be deemed and held to be open public streets for the purposes of this article.

Expense of Work.

SEC. 180. The cost and expense of all work or improvements done upon any part of said streets, lanes, alleys, places, or courts, under the orders of the Board of City Trustees, shall be borne and paid for as follows:

First—The city shall pay out of the General Fund the cost and expense of all work done upon street crossings and intersections of streets, that have been or may be accepted by the city, after the acceptance of the same, of all work done in front of or that may be assessed to property owned by the city, or any of the departments thereof.

Second—The cost and expense of all grading, macadamizing, paving, planking, piling, and capping any street or portion thereof, and all curbs and gutters thereon, shall be assessed upon lands within the block or blocks adjacent thereto, as herein provided.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company, or corporation having railroad trucks thereon, shall be borne and paid by such person, company, or corporation.

No assessments shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per cent of the value at which said property was assessed upon the last assessment book of said city.

Accepting Streets.

SEC. 181. When any street or portion of a street, not less than one block, or any entire crossing shall have been paved with stone, or with such material as may be recommended by the Commissioners of Public Works and approved by the Board of Trustees, by ordinance, throughout the entire width of the roadway thereof, and curbs of stone and sidewalks shall have been constructed thereon, and a brick sewer or ironstone pipe shall have been constructed, as may have been adopted by said board, the same shall be accepted by the Board of Trustees, upon the recommendation of said commissioners, and all improvements of said streets, except for sidewalks, shall thereafter be done at the expense of the city. The Board of Trustees shall not accept any sidewalk or incur any liability against said city for the construction or repair of any sidewalk, except in front of or with respect to public property.

Applications for Street Work.

SEC. 182. When application is made to said board for any work or improvement, the cost and expense of which, or any part thereof, is to be assessed upon private property, the board shall investigate the same, and if it determine that such improvement is expedient, it shall so report to the Board of Trustees, and the Board of Trustees shall not order any such improvement until the same has been recommended by the Commissioners of Public Works. The commissioners may also, except as herein prohibited, recommend any improvement, the cost and expense of which is to be paid by the city, though no application may have been made therefor; and must make, with said recommendations to the Board of Trustees, an estimate of the expense, and in such case the Board of Trustees may order the same done.

When said board shall recommend any work to be done on a street intersection or crossing, where the streets do not intersect each other at right angles, it shall in each case determine what lots in the blocks adjacent to such intersection or crossing will be benefited by said work, and shall cause a map to be made on which shall be delineated the lots so to be benefited. Said map shall be transmitted to the Board of City Trustees with such recommendation. The commissioners shall not recommend, nor the Board of Trustees shall not authorize, any work to be done, or any improvements to be made on any street, lane, alley, court, or place in front of private property, except the cost of all work to be done, or improvements to be made, including incidental expenses, shall be assessed to the property so improved, except otherwise provided in this charter.

SEC. 183. The Commissioners of Public Works may recommend the making of any repairs or improvements that they may deem necessary for the public good, but before recommending to the Board of Trustees the ordering of any work or improvement, the

cost and expense of which, or any part thereof, is to be assessed to private property, said commissioners shall pass a resolution of their intention to recommend the same, specifying the work to be recommended, and shall fix a day when they shall take final action upon such resolution, and within ten days thereafter the secretary of said commissioners shall, without any further authority, cause a copy of said resolution to be published in one newspaper for a period of ten days. Said Board of Commissioners shall cause to be conspicuously posted along the line of said contemplated improvements, at points not more than one hundred feet distant apart, notices, not less than three in all, of the passage of said resolution. Each of said notices shall be headed, "Notice of Street Work," in letters of no less than two inches in length, and shall, in legible characters, state the fact of the passage of said resolution, its date, and briefly, the work of improvement proposed, and refer to resolution for particulars.

SEC. 184. At any time within ten days after the first publication of said resolution of intention, the owner of, or any person interested in, any lot liable to be assessed for the proposed improvement, may file with the secretary of the commissioners his objection to said improvement, stating briefly the ground thereof; and if at any time within said period of ten days the owners of a majority of the frontage of the lands liable to be assessed for said improvement shall file written objections to the same, the commissioners shall not recommend the ordering of said improvement, and shall not, within six months thereafter, pass any resolution of their intention to recommend the same, unless prior thereto they shall receive a petition therefor signed by the owners of a majority of the frontage of the lands liable to be assessed for said improvement.

Upon the day fixed in their resolution of intention for final action thereon, or at their next regular meeting, the commissioners shall consider and pass upon said objections.

If the commissioners shall consider that the objections are sufficient, they shall adopt a resolution to that effect, and shall not recommend the ordering of said improvement. If they shall consider that said objections are not sufficient, or if no objections are filed, the commissioners may recommend the ordering of said improvement, and must, with their recommendation, transmit to the Board of Trustees all objections to such recommendation that may have been filed.

At the next regular meeting after receiving from said commissioners their recommendations of such improvement, or at such time within thirty days thereafter, to which the hearing thereof by the Board of City Trustees may be postponed, the Board of City Trustees shall act upon such recommendation; and if any objections to the ordering of such improvement have been transmitted with said recommendations they shall consider and dispose of said objections before passing upon said recommendation. If the Board of Trustees shall consider the objections, or any of them, sufficient, it shall so declare by resolution. If the Board of Trustees consider the objections insufficient, it may, by ordinance, order the work or improvement done. Their action on said recommendations must, in each case, be certified to the secretary of the Commissioners of Public Works, and the secretary shall thereupon enter the facts so certified in his records of street work.

Street Assessments.

SEC. 185. When any work in or upon any public street shall have been completed according to contract, the commissioners shall make an assessment to cover the sum due for the work performed and specified in the contract, including all incidental expenses, in conformity with this article, according to the nature and character of the work; which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot, if known to said commissioners, and if not known the word "unknown" shall be written opposite the number or letter of each lot assessed, and shall have attached thereto a diagram exhibiting the street or streets crossing on which the work has been done, and showing the relative location of each distinct lot to the work done, numbered to correspond with the number in the assessment, and showing the number of front feet assessed for such work. A mistake in the name of the owner shall not invalidate the assessment.

SEC. 186. After making said assessment said commissioners shall cause notice thereof to be published for five days and to be delivered to the owner of each lot assessed, which notice shall state the day and hour when the commissioners will at their office take final action upon said assessment. If any of said lots are unoccupied said notice shall be posted in a conspicuous place upon said lots.

SEC. 187. If the owner of any lot affected by said assessment is dissatisfied with the action of the commissioners as to said assessment, he may appeal to the Board of City Trustees at its next regular meeting, or at any time within ten days after such final action, by filing with the secretary of the Commissioners of Public Works a notice of such appeal, and thereupon the secretary shall, within two days after receiving such notice of said appeal, transmit said assessment and diagram, with said objections and notice of appeal, to the Board of Trustees, and said board shall, in not less than ten days from the receipt thereof, consider and determine the sufficiency of said objections.

If it shall determine that said objections are well taken, it shall direct the Commissioners of Public Works to modify or change said assessment in the particulars wherein it is erroneous, and thereupon the like proceedings shall be had in making the assessment as in the first instance.

If the Board of City Trustees shall determine that the objections to the assessment

are not well taken, the clerk of said board shall certify such determination upon said assessment, and return said assessment so certified to the Commissioners of Public Works, and thereupon said assessment shall become final and conclusive.

When said assessment shall have become final and conclusive, it, together with the diagram of the lots assessed, shall be recorded in the book of assessments, to be kept in the office of the Commissioners of Public Works for that purpose, and the record thereof shall thereupon be signed by the President and Secretary of said board, and thereafter the assessment shall be a lien upon the respective lots assessed until the same is canceled or discharged as provided in this article, if not otherwise provided for in this charter.

SEC. 188. The expense incurred for any work authorized by this article, except for such portion of any street as is required by law to be kept in order or repair by any person, company, or corporation having railroad tracks thereon, shall be assessed upon the lots and land fronting thereon, except as herein otherwise specifically provided, each lot or portion of a lot being separately assessed in proportion to its frontage at a rate per front foot sufficient to cover the total expense of the work.

Street Crossings.

SEC. 189. The expense of the work on all street crossings where the streets intersect each other shall be paid by the city out of the Street Fund.

Other Street Work.

SEC. 190. The expense of all other work, not herein specifically provided for, shall be assessed according to such rules and regulations as the Commissioners of Public Works may have prescribed prior to the recommendation of said work.

Manner of Making Assessments.

SEC. 191. In making an assessment the Commissioners of Public Works shall act as a board, and the assessment shall be authenticated by the signature of a majority of said commissioners as "Commissioners of the Board of Public Works," and every assessment so authenticated and recorded in the book of assessments shall be prima facie evidence of the correctness and regularity of all proceedings of said commissioners and of the Board of Trustees prior to the date of such record.

SEC. 192. Upon the recording of an assessment as aforesaid, the president and secretary of the Commissioners of Public Works shall sign a warrant for its collection, and thereupon said assessment and diagram, with the warrant attached thereto, shall be delivered to the Tax Collector of said city for collection, who shall immediately give notice thereof by publication for ten days, except otherwise provided for in this charter. Said notice shall set forth in general terms the locality and character of the work or improvement for which the assessment was made, and shall notify all persons interested that a warrant for its collection has been given to said Tax Collector, and that unless payment is made within thirty days from the first publication of said notice the property so assessed will be sold to satisfy said assessment, if not otherwise provided for in this charter.

SEC. 193. When the assessment upon any of the lots delineated on said diagram shall be paid, the Tax Collector shall write the word "paid," together with the date of payment, opposite the number of said lot upon the assessment, and shall give to the person paying the same a receipt therefor, showing upon which lot said payment was made, and shall report the payment of said assessment to the secretary of the Commissioners of Public Works. Upon presentation of said receipt to the secretary of the Commissioners of Public Works he shall immediately enter upon the records of such assessment the fact and date of such payment.

SEC. 194. After the expiration of thirty days from the first publication of said notice by the Tax Collector, the assessment therein named shall be delinquent, and within twenty days thereafter, having published a notice for ten days, he shall sell the land upon which said assessments are delinquent. He shall add to the amount of the assessment on each lot its portion of the cost of advertising said sale. After making such sale the Tax Collector shall return the assessment and warrant, with a report of his doings indorsed thereon, to the office of the Commissioners of Public Works, and the secretary of said commissioners shall forthwith note in the record of said assessment, and opposite the number of each lot sold, the fact of payment or of the sale of said lot by the Tax Collector, together with the date and name of said purchaser. Said report of the Tax Collector shall be prima facie evidence of the correctness of all the proceedings taken by him in the matter of collecting said assessments.

Sale of Property for Delinquent Assessments

SEC. 195. The general revenue law of the city, in force at the time of said sale, in reference to the manner of sale of property for delinquent taxes, the execution of certificates of sale and deeds therefor, the force and effect of such certificates and deeds, and the provisions of said laws, in relation to the redemption from tax sales, except as herein otherwise provided, shall be applicable to the proceedings for the sale of land for delinquent assessments.

Payment of Contractor.

SEC. 196. When said sale is completed, the contractor shall present his demand for the work done under his contract, to the Commissioners of Public Works, who shall act upon the same; if the said commissioners approve said demand, or any part thereof, the

same must then be presented to the Board of Trustees, who shall pass on the same, and when audited by the Auditor, shall be paid by the Treasurer, out of the street fund: *provided*, that at any time before said sale, the Commissioners of Public Works, under such regulations as they may establish, may allow partial payments to be made to the contractor, as the work progresses, not to exceed twenty-five per cent of the value of the work done by the contractor at the time.

Plancking, Paving, and Macadamizing

SEC. 197. The Commissioners of Public Works may at any time, without application therefor, recommend to the Board of Trustees to order the plancking, paving, or macadamizing of the portion of any street required by law to be plancked, paved, or macadamized, by the person, company, or corporation having railroad tracks thereon. Upon such recommendation the Board of Trustees may, by ordinance, order such work to be done, and direct said commissioners to notify said person, company, or corporation of the fact of the passage of such ordinance. The secretary of the said commissioners shall thereupon forthwith, in writing, notify said person, company, or corporation of the passage of said ordinance; and if said person, company, or corporation shall not, within ten days after receiving said notice, commence in good faith to do said work, and prosecute the same diligently to completion, said Commissioners of Public Works shall invite sealed proposals for doing said work in the manner provided in the article on powers and duties of the Commissioners of Public Works, and all the provisions of said article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of said commissioners, the contractor shall be entitled to recover from such person, company, or corporation, the contract price for the cost and expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action the certificate of said commissioners of the completion of said work to their satisfaction shall be prima facie evidence of the regularity of all proceedings prior thereto, and of plaintiff's right to recover in said action.

Improvement Must Extend Full Width.

SEC. 198. No ordinance for improvement of any street, other than for sewers, sidewalks, and curbs, except for the improvement of the streets constituting or lying along the water front of said city, and except for such work as is provided for in the last preceding section, shall be passed by the Board of Trustees without extending the said improvement throughout the whole width of said street.

Definitions.

SEC. 199. Whenever in this article the word "street" occurs it shall be held to include all streets, lanes, alleys, places, and courts which have been, or may be hereafter, dedicated to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossing of the main streets. RESOLUTION.

SENATE JOINT RESOLUTION No. 6.

Relative to the construction of navy yards and ship building.

WHEREAS, The United States has expended for plants and sites for navy yards and stations more than one hundred million dollars. The expenditure of this vast amount of public money was made that the nation might have under its immediate control a number of navy yards and stations conveniently located and properly equipped where it could build, repair, and equip its ships of war. We now have at least three navy yards that are equal to any demand which may be made upon them; one of these is located in California, namely, Mare Island Navy Yard. Notwithstanding that the nation has its own navy yards fully equipped, the policy pursued by those in charge of the Navy Department has been to give the building of the navy to private establishments; such a policy is neither wise nor economical, and is directly opposite that followed by all of the great naval powers of the world. England and France never lose sight of the interest of the dock yards of the nation; they keep the dock yards always full of work, even if the private establishments of the country be forced to remain idle. We believe that it is both wise and patriotic to assist the development of private enterprise to the fullest possible degree, having a due regard to the public good. We condemn any policy that will favor private enterprise to the total neglect of the public dock yards of the country, as we would equally oppose the total neglect or discouragement of private enterprise—by having all work required for our navy done in the navy yard. We believe that both should be encouraged and assisted, so that in time of great emergency the country would find it possible to have its work done in either or both places with dispatch. We favor the encouragement and building up of our navy yards because it is the best possible safeguard the country can have against the formation of trusts or combines in ship building; it also will be the means of securing under the control of the Navy Department a trained corps of mechanics who can be relied upon at all times. England, the greatest naval power in existence, almost entirely relies on her dock yards for the construction of her ships of war. To such a state of perfection has the dock yard system of England been brought, that the Board of Admiralty can estimate almost to a dollar the cost of the heaviest battle ship, and to a day as to the time needed for its construction. She has demonstrated beyond a doubt that the cheapest, quickest, and most economical place to have her war ships constructed is in her own dock yards. We believe that what England has been able to do in this line, we can do, if the proper encouragement be given; therefore, be it

Resolved by the Senate, the Assembly concurring, That our Senators in Congress be instructed, and our Representatives therein be requested and urged, to have inserted in the present Naval Appropriation Bill a provision providing that a fair proportion of the vessels provided for in that bill shall be constructed in the navy yards of the country, and that at least one of them be constructed at the Mare Island navy yard. We also call their attention to the fact that all the ships provided for in the Naval Appropriation Bill for the fiscal year of eighteen hundred and ninety-seven and eighteen hundred and ninety-eight have not yet been contracted for, nor assigned, and we hope that they may use their influence with the Navy Department to have some portion of them built at Mare Island;

Resolved, That the Secretary of the Senate be requested to immediately transmit to each of said Senators and Representatives a copy of these resolutions.

The roll was called, and Senate Joint Resolution No. 6 passed by the following vote:

AYES—Messrs Anderson, Arnerich, Atherton, Barry, Beecher, Blood, Boynton, Brown, Caminetti, Cargill, Clough, Cobb, Conrey, Cowan, Crowder, Crowley, De Lancia, Devoto, Dibble, Dunlap, Fairweather, Feliz, Griffin, Hanley, Hoey, Jilson, Kelley, Kelsey, Kenneally, Knights, Knowland, La Barea, Le Baron, Lardner, Mack, McDonald of Tuolumne, McKeen, Merrill, Meserve, Milce, Miller of San Francisco, Muentner, O'Brien, Radcliff, Raub, Raw, Robinson, Sanford, Stewart, Eugene Sullivan, E. ASSEMBLY JOINT RESOLUTION No. 5.

Resolution as to making upon the Island of Molokoi a leper hospital for the care of all lepers in the United States.

WHEREAS, There has been lately annexed to these United States a large island known as Molokoi, one of the Hawaiian Islands; and

WHEREAS, There are within this State many unfortunates cursed with the dreadful disease of leprosy; and

WHEREAS, It is absolutely necessary that those so afflicted should be so isolated in order that the health of the masses be not contaminated; and

WHEREAS, The expense to our State and to the municipalities therein, in maintaining separate hospitals and pesthouses therein, is very great and entirely unsatisfactory; and

WHEREAS, Upon the said Island of Molokoi there is a leper hospital, devoted entirely to the care and cure of lepers, and which island, on account of its locality and conditions, is peculiarly adapted for such purposes; therefore, be it

Resolved by the Assembly and Senate, jointly, That we hereby recognize the great necessity of having all those afflicted with leprosy confined within and upon the said Island of Molokoi, both because of its isolated condition and equable climate, and also because it will be a great financial saving to our State and to the municipalities therein; and be it

At two o'clock p. m., the Assembly reconvened.

Speaker Wright in the chair.

Mr. Dibble moved that the minority report of the Committee on Contested Elections, in re Jones vs. Wardell, be printed in the Journal.

So ordered.

MINORITY REPORT OF COMMITTEE ON CONTESTED ELECTIONS.

MR. SPEAKER: The undersigned hereby presents the following report of the action of the Committee on Contested Elections *in re* Leon E. Jones, contestant, vs J. S. Wardell, contestee:

The original majority of Wardell appeared to be 13. On counting the ballots the committee were unanimously of the opinion that 12 votes for Jones and 4 votes for Wardell should not be counted because of identifying marks, such as a cross appearing after a line for other offices where no name was printed. The committee at first reserved its opinion on 134 votes, and found that Wardell had a majority of 6 votes with that reservation. Of these 134 votes, 88 for Wardell and 46 for Jones were marked by the stamp at least after two candidates for offices other than Assemblymen, and of these also 11 for Wardell and 3 for Jones had one of the said two marks erased—either by rubbing with the finger, or other soft substance—so that the ballots were identified by blurs. Of these, also, 1 for Wardell was marked sixteen times. Of these, also, 1 was marked twice “no” and once “yes” for Amendment No. 7; thus making at least 10 more votes for Wardell than for Jones, which were identified ballots. By the decisions of the Supreme Court of four States having statutes with provisions such as those of our Codes, relative to their invalidity because of identification, such ballots are held illegal. [See Michigan—*Illis vs Glaser*, 61 N. W. Rep. 648; New York—*People vs. Feeney*, 156 N. Y. 36; Indiana—*Zeis vs Lasswater*, 142 Ind. 375; Indiana—*Sego vs Stoddard*, 136 Ind. 297, Nevada—*Sweeney vs. Hjul*, 48 Pac Rep. 1036.] Consequently, by the provisions of Section 1215 of the Political Code, 13 more of the votes for Wardell and 3 more of the votes for Jones, held in abeyance as aforesaid, should have been declared illegal because of identification as aforesaid, thus leaving Jones with a majority of 4.

The minority of the committee signing this report was obliged to be absent from the deliberations of the committee because of other pressing duties, but was present at the final argument, and understands the matters above recited relative to the ballots to be undisputed. Consequently a minority of said committee report in favor of the following resolution:

WHEREAS, Leon E. Jones has received four more legal votes than Justus S. Wardell, and is the elector who has received the highest number of legal votes for the office of Assemblyman of the Thirty-ninth Assembly District, at the election held therein on November 8, 1898; be it

Resolved, That Leon E. Jones be and he is hereby declared the duly elected Assemblyman, to represent the Thirty-ninth Assembly District in this session of the Legislature, and that he be requested to forthwith present himself to take his oath of office as such Assemblyman.

E. T. COSPER,
Minority of Committee on Contested Elections.

EXPLANATION OF VOTE.

By Mr. Dibble:

In explanation of my vote on the final passage of Senate Bill No. 345, I desire to state that I consider the bill violative of that provision of the Constitution which reserves to each house of the Legislature the right to choose such officers as may be necessary for the conduct of legislative business. I consider such a law violative of the fundamental principles of representative government, particularly in that it tends to destroy the independence of the separate departments of government.

SPECIAL ORDER—IN RE JONES VS. WARDELL CONTEST.

MAJORITY REPORT OF COMMITTEE ON CONTESTED ELECTIONS.

ASSEMBLY CHAMBER, SACRAMENTO, January 20, 1899.

MR. SPEAKER: Your Committee on Contested Elections, to whom was referred the contest of Leon E. Jones vs. J. S. Wardell, for a seat in the Assembly from the Thirty-ninth Assembly District, in the City and County of San Francisco, beg leave to report that we have had the same under consideration, and after an examination of the testimony and counting the ballots, under authority of the Assembly, we find that the contestant, Leon E. Jones, received fourteen hundred and seventy-six legal votes, and that the contestee, J. S. Wardell, received fourteen hundred and eighty-two legal votes, being a plurality of six votes, and we therefore find, and so report to the Assembly, that the contestee, J. S. Wardell, is legally elected, and is entitled to retain his seat in the Assembly as a member thereof from the Thirty-ninth Assembly District, in the City and County of San Francisco, and we recommend the adoption of the following resolution, to wit:

Resolved, That J. S. Wardell is and he is hereby declared to be entitled to retain his seat, and to retain the office of Assemblyman from and in and for the Thirty-ninth Assembly District of the State of California.

MINORITY REPORT OF COMMITTEE ON CONTESTED ELECTIONS.

MR. SPEAKER: The undersigned hereby presents the following report of the action of the Committee on Contested Elections *in re* Leon E. Jones, contestant, vs. J. S. Wardell, contestee:

The original majority of Wardell appeared to be 13. On counting the ballots the committee were unanimously of the opinion that 12 votes for Jones and 4 votes for Wardell should not be counted because of identifying marks, such as a cross appearing after a line for other offices where no name was printed. The committee at first reserved its opinion on 134 votes, and found that Wardell had a majority of 6 votes with that reservation. Of these 134 votes, 88 for Wardell and 46 for Jones were marked by the stamp at least after two candidates for offices other than Assemblymen, and of these also 11 for Wardell and 3 for Jones had one of the said two marks erased—either by rubbing with the finger, or other soft substance—so that the ballots were identified by blurs. Of these, also, 1 for Wardell was marked sixteen times. Of these, also, 1 was marked twice “no” and once “yes” for Amendment No. 7; thus making at least 10 more votes for Wardell than for Jones, which were identified ballots. By the decisions of the Supreme Court of four States having statutes with provisions such as those of our Codes, relative to their invalidity because of identification, such ballots are held illegal. [See Michigan—Ellis vs. Glaser, 61 N. W. Rep. 648; New York—People vs. Feeney, 156 N. Y. 36; Indiana—Zeis vs. Passwater, 142 Ind. 375; Indiana—Sego vs. Stoddart, 136 Ind. 297; Nevada—Sweeney vs. Hjul, 48 Pac. Rep. 1036.] Consequently, by the provisions of Section 1215 of the Political Code, 13 more of the votes for Wardell and 3 more of the votes for Jones, held in abeyance as aforesaid, should have been declared illegal because of identification as aforesaid, thus leaving Jones with a majority of 4.

The minority of the committee signing this report was obliged to be absent from the deliberations of the committee because of other pressing duties, but was present at the final argument, and understands the matters above recited relative to the ballots to be undisputed. Consequently a minority of said committee report in favor of the following resolution:

WHEREAS, Leon E. Jones has received 4 more legal votes than Justus S. Wardell, and is the elector who has received the highest number of legal votes for the office of Assemblyman of the Thirty-ninth Assembly District, at the election held therein on November 8, 1898; be it

Resolved, That Leon E. Jones be and he is hereby declared the duly elected Assemblyman, to represent the Thirty-ninth Assembly District in this session of the Legislature, and that he be requested to forthwith present himself to take his oath of office as such Assemblyman.

E. T. COSPER.

Mr. Cosper moved that the majority and minority report be referred to Committee on Judiciary.

Mr. Wade moved to amend by substituting "that the report of the majority be adopted."

Mr. Dibble raised the following point of order: "That the main motion cannot amend a subsidiary motion."

The Speaker ruled the point of order well taken.

At ten o'clock and fifty-five minutes A. M., the Speaker called Mr. Valentine to the chair:

The question being on the motion to refer to the Committee on Judiciary.

The roll call was demanded by Messrs. Dibble, Works, and Cowan.

The roll was called, and the motion lost by the following vote:

AYES—Messrs. Arnerich, Cobb, Cosper, Dibble, and McKeen—5.

NOES—Messrs. Anderson, Atherton, Barry, Belshaw, Bliss, Blood, Boone, Boynton, Brooke, Brown, Burnett, Caminetti, Cargill, Clark, Clough, Conrey, Cowan, Crowder, Crowley, Dunlap, Fairweather, Feliz, Glenn, Greenwell, Griffin, Hanley, Hoey, Jilson, Kelsey, Knights, Knowland, La Bree, Le Baron, Lardner, Mack, Marvin, McDonald of Alameda, McDonald of Tuolumne, Mead, Melick, Merritt, Meserve, Milice, Miller of Los Angeles, Miller of San Francisco, Muentner, O'Brien, Pierce, Radcliff, Raub, Raw, Rickard, Robinson, Sanford, Stewart, Eugene Sullivan, E. D. Sullivan, Wade, White, Works, and Mr. Speaker—61

Mr. Wade moved that the majority report be adopted.

SUBSTITUTE FOR ASSEMBLY BILL NO 30.

An Act to amend Sections 2579, 2588, 2589, 2590, 2591, and 2605 of an Act entitled "An Act to add thirty-four sections to an Act of the Legislature of the State of California to establish a Political Code, approved March 12, 1872, said sections to be known, numbered, and designated as Sections 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, all relating to the establishing of a Board of Harbor Commissioners for the Bay of San Diego," approved March 18, 1889, relating to the powers and duties of said Board of State Harbor Commissioners for the Bay of San Diego.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section 2579 of the above entitled Act is hereby amended to read as follows:

Section 2579. The commissioners shall have possession and control of the entire bay of San Diego, together with the improvements, rights, privileges, easements, and appurtenances connected therewith, or in anywise appertaining thereto, for the purposes in

this article provided. And said commissioners, in addition to a general control over said premises, shall have authority to use, for loading and landing merchandise, with a right to collect dockage, wharfage, and tolls thereon, such portions of the streets of the City of San Diego, or any city or town ending or fronting upon the waters of the bay of San Diego, as may be used for such purposes without obstructing the same as thoroughfares, and authority to rent an office in any portion of the City of San Diego, and purchase from time to time suitable books for the records of the secretary and accounts of the wharfingers, together with such stationery as may be required by the board, and to fix and regulate from time to time the rates of dockage, wharfage, cranage, tolls and rents, and collect such an amount of revenue therefrom as will enable the commissioners to perform the duties required of them by authority of this article. And the commissioners may so modify and establish such rates of dockage and wharfage, collecting, as near as possible, equal amounts from dockage and wharfage. When such modification has been made, the collection of tolls must be abolished, and the toll collectors discharged. The commissioners shall construct such number of wharves as the wants of commerce shall require, and shall locate such wharves at such points and upon such lines as the board may deem most suitable for the best interest of commerce, and shall repair and maintain all the wharves, piers, quays, landings, and thoroughfares the wants of commerce may require, and generally to erect all such improvements as may be necessary for the safe landing, loading, and unloading, and protection of all classes of merchandise, and for the safety and convenience of passengers passing into and out of the City of San Diego, or any city or town on the bay of San Diego, by water. But no wharf shall be constructed upon such place or line as will cause any slip or dock to be less than one hundred and thirty-six feet wide at the most narrow point between the wharves. When they determine that a new wharf shall be erected, or any other necessary improvements constructed, or repairs made, or dredging machines, scows, steam tugs, and any necessary machinery, the cost of which shall exceed \$3,000, they shall advertise for sealed proposals for a period of not less than ten days in one or more of the daily newspapers in the City of San Diego. Every proposal shall be accompanied by a certified check for an amount equal to five per cent of the amount of such proposal, such check to be made payable to the order of the secretary of said board, conditioned if the proposal is accepted and the contract awarded, and if the bidder shall fail or neglect to execute the contract and give the bond required within six days after the award is made, in that case said sum mentioned in said check shall be paid into the State treasury by said secretary as liquidated damages for such failure and neglect, as a portion of San Diego Harbor Improvement Fund. Such advertisement shall contain a general description of the work to be done, the materials to be used, the place where to be used, and must refer to specifications, which must contain a full and accurate description of the work to be performed, the material to be used, which specifications shall be kept in the office of the secretary of the board in such manner that all persons may inspect the same during the usual business hours of all days except Sundays and holidays. On a day named in the advertisement, the commissioners shall open the bids in the presence of such bidders as are present, and award the contract to the lowest bidder, who shall furnish sufficient sureties to guarantee the performance of the work. If, in the opinion of the commissioners, the bids are too high, they may reject them, and advertise anew in like manner as before. If, in the opinion of the commissioners, the second bids are too high, they may reject them likewise, and enter into contract with responsible parties without giving further notice. Or if, in the opinion of the commissioners, any such work may be more economically performed by themselves, they may do so. Any contract entered into without giving further notice and receiving bids must be at least ten per cent lower than the lowest rejected bid. The board may construct such harbor, embankment, or seawall as shall be necessary to protect the harbor of San Diego, and dredge such number of slips and docks as the commerce of the port of San Diego may require, to a depth that will admit of the easy and free ingress and egress of all classes of watercraft that load and discharge cargoes at the wharves, piers, quays, landings, and thoroughfares in the harbor of San Diego, to perform which dredging said Board of State Harbor Commissioners for the Bay of San Diego are hereby authorized and empowered to hire, employ, purchase, or construct dredging machines, scows, steam tugs, and the necessary machinery, and employ men for operating the same. When any portion of the premises described in this article shall be dredged, the sand, mud, or other substances shall be deposited in a place designated by the board. All classes of watercraft that use or make fast to any wharf, pier, quay, landing, or thoroughfare, and lands upon or loads therefrom any goods, wares, or merchandise, shall be liable, and must pay to the commissioners such rates of dockage as shall be fixed by authority of this article; and all such watercraft as shall discharge or receive any goods, wares, or merchandise while moored in any slip, dock, or basin within the jurisdiction of the commissioners, shall pay one half the regular rates of dockage. Any watercraft that shall leave any wharf, pier, quay, landing, thoroughfare, slip, dock, or basin, unless forced to do so by stress of weather, without first paying regular rates of dockage due from such vessel, shall be liable to pay a fine not to exceed \$500. The charge for wharfage and tolls shall be a lien upon all goods, wares, and merchandise landed upon any of the wharves, piers, quays, landings, or thoroughfares upon the premises described in this article, and the commissioners, their agents, or lessees, may hold possession of any such goods, wares, or merchandise so landed as aforesaid, to secure the payment of such wharfage and tolls, and for the purpose of such lien are deemed to have possession of such goods, wares, and merchandise so landed, until such charges of wharfage and toll are paid. The commis-

sioners shall have power to make reasonable rules and regulations concerning the control and management of the property of the State which is intrusted to them by virtue of this article; and said commissioners are hereby authorized and required to make, without delay, and from time to time, and publish not less than thirty days in a daily newspaper of general circulation published in the City of San Diego, all needful rules and regulations, not inconsistent with the laws of the State or of the United States, in relation to the moving and anchorage of vessels in said harbor, providing and maintaining free, open, and unobstructed passageways for steam ferry-boats and other steamers navigating the waters of the bay of San Diego, so that such steamers can conveniently make their trips without impediment from vessels at anchor, or other obstacles. And said commissioners may also make all needful rules and regulations governing the removal of such vessels from the wharves and other landings, and from slips and docks as are not engaged in receiving or discharging cargo, prescribing the time during which goods, wares, and merchandise landed upon any wharf, pier, quay, landing, or thoroughfare shall be permitted to remain thereon, and may divide the same into several classes, and may, by such rules and regulations, provide that in case any such goods, wares, or merchandise remain upon any wharf, pier, quay, landing, or thoroughfare, beyond the time so prescribed, the respective wharfinger may, under the order of the commissioners, remove and deposit the same in a suitable place, at the charge, risk, and expense of the owner thereof. When any goods, wares, or merchandise shall have remained upon any wharf, pier, quay, landing, or thoroughfare more than twenty-four hours, the commissioners may, in their discretion, charge such additional rates for each subsequent day as in their opinion is just and equitable. The commissioners may, in their discretion, set apart and assign for the exclusive use of the watercraft used by the officers of the federal government such convenient and safe landings as such officers may require together with suitable premises near such buildings as may be set apart and assigned for their use, upon which premises such officers may cause to be erected offices and storehouses to suit their convenience, and the commissioners shall charge a reasonable compensation per month for the use of such landings, and office and storehouse premises; set apart and assign a suitable and proper locality for the use of the harbor police of the City of San Diego, and also a suitable place for a boathouse station for the exclusive use of the quarantine and health officers of said city, without compensation; set apart and assign for the exclusive use of steam ferry-boats suitable ships, in which such structures may be erected as will secure the safe and convenient landing of passengers, and safe landing and delivery of freight; set apart and assign suitable wharves, berths, or landings for the exclusive use of vessels; to construct suitable sheds, gates, and other temporary structures as may be necessary for the safe and convenient landing of passengers, and safe landing and delivery of freight; and set apart and assign for the sole and exclusive use of the fishermen of the City of San Diego, such place or places as the said commissioners shall deem proper and sufficient, and for no other purpose. The commissioners may assign suitable places for the landing of horses, cattle, sheep, and swine, and when such places have been assigned, it shall be a misdemeanor for a commander of any watercraft to land any greater number than ten at one time from any watercraft at any other place. The commissioners may set apart for the uses and purposes of dry-docks and marine railways such portions of the waterfront as the wants of commerce may require, and lease the same for a period not to exceed fifty years. When the commissioners lease premises for marine railways, and drydock purposes, as provided in this section, they shall advertise for sealed proposals, for a period of not less than ten nor more than twenty days, in one of the daily newspapers of the largest circulation, printed in the City of San Diego, which advertisement shall contain a description of the premises to be leased. On the day named in the advertisement the commissioners shall open the bids in the presence of such of the bidders as are present, and award the premises to the highest responsible bidder that shall furnish sufficient sureties to guarantee the payment of the rent, and may negotiate for and accept, and cancel, any lease of any portion of the premises described in this article, and pay a reasonable compensation for any structures upon any such leased premises as in the opinion of the board and engineer may be useful for such commercial purposes as this article is intended to promote. No person or company shall, without the consent of the Board of State Harbor Commissioners, land or remove any goods, wares or merchandise, or other thing, upon or from any wharf, pier, quay, landing, or thoroughfare situate upon the premises described in this article, unless authorized to do so by virtue of valid lease; nor shall any person collect dockage, wharfage, crantage, rent or toll, within the boundaries of the premises described in this article, except by virtue of valid leases, without first obtaining permission to do so from said commissioners; nor shall any person or company place or cause to be placed any obstruction in the bay of San Diego, nor upon any wharf, pier, quay, landing, or thoroughfare, without the consent of the Board. Whenever any wharf, pier, quay, landing, or thoroughfare in the harbor of San Diego shall be incumbered, or their free use interfered with, by goods, wares, merchandise, or other substance, whether loose or built upon or fixed to any such wharf, pier, quay, landing, or thoroughfare, it shall be the duty of the commissioners to notify in writing (which notice may be served by a wharfinger, or by the Secretary or Assistant Secretary of the Board), the owner, agent, occupant, or person placing or keeping such obstructions thereon, to remove the same within twenty-four hours after the serving of such notice; and in case of failure to comply with such notice, and remove such obstructions, the owner, agent, occupant, or person so notified shall be liable to pay the commissioners the sum of \$25 for each and every day during which said obstructions shall remain

upon any such wharf, pier, quay, landing, or thoroughfare; and the commissioners shall have power, in their discretion, to remove any such incumbering substance, and store the same in any suitable, convenient, and safe place, and a sum equal to the amount of the expenses of removal, together with all other necessary charges, shall be paid by the owner of such incumbering substance, to the commissioners, and such sum and necessary charges shall be a lien on such substance until paid. The commissioners are authorized to assign berths or slips for the exclusive use of sea-going steamers, ferryboats, and steamboats navigating the waters of the bay of San Diego and its tributaries, and to construct suitable offices, sheds, and inclosures for the accommodation of their business, and may charge for such exclusive use a reasonable sum, irrespective of their tonnage, or the number of days such berth is occupied. For the purpose of enforcing the charge for wharfage, or toll on goods, wares, and merchandise landed on any wharf, pier, or thoroughfare, or remaining thereon longer than the time prescribed by the harbor regulations, the said commissioners are authorized to take possession of such goods, wares, and merchandise; and if such charge be not paid within two days thereafter, may remove and store the same at the charge, risk, and expense of the owner or consignee thereof, or may sell the same by public auction, with or without notice, at their discretion; and for the purpose of keeping the wharves, piers, and thoroughfares free of obstructions, the said commissioners shall cause a written notice to be served on the owner, agent, consignee, or person in possession of any such obstructing material or structure; or may post a notice thereon, at their discretion, requiring its removal within twenty-four hours thereafter; and on failure to comply therewith, the commissioners may remove, store, or sell the same by public auction, at their discretion. From the proceeds of any such sale they shall retain all the wharfage and tools due, with ten per cent thereon; and, in case of obstructions, \$25 for each and every day during which the wharf, pier, or thoroughfare has been obstructed, and also all the expenses attending such sale, and the surplus, if any, shall be paid to the proper party. Such sale shall be made subject to immediate removal.

Section 2588. The Board of State Harbor Commissioners are hereby authorized and empowered and directed, as soon after the passage of this Act as they may deem proper, to employ two consulting civil engineers, to act in concert with the engineers of the board, to make a survey, select and locate a line for a harbor embankment or seawall, and to make a plan of the harbor for the construction of piers and wharves, and any improvements that said board may deem advisable, and make a report of their doings to said commissioners, who shall, after receiving the same, appoint a time for holding, at the office of the board, a special meeting of the board, to consider the question of adoption or rejection of the same. The board shall, at least ten days previous to said meeting, notify the Governor of the State, and the Mayor of the City of San Diego, and the Mayor of National City, of the time, place, and object of said meeting of said board, and shall request them to be present and take part in the consideration of the question; and at said meeting, or any adjourned meeting thereof, the Governor and said mayors shall be deemed additional members of said board, with like powers and rights as the other members thereof. If they are not present at the meeting the board shall adjourn to a day certain, and notify them anew as before; and if either be present at the adjourned meeting, with three commissioners, action may be had, and an affirmative vote of all four present shall determine the question; any less vote shall be a negative vote. But the board may from time to time, as it may be necessary, order new surveys and locations, and changes in said plan of improvement, which may be adopted or rejected, in like manner as before. If the vote is in the affirmative, the line adopted shall be thenceforth the line of the harbor embankment and seawall of the harbor of San Diego; said survey and plan, as so adopted, shall be followed in the construction of said seawall, piers, and wharves, as the same may be made.

SEC. 3. Section 2589 of the above entitled Act is hereby amended to read as follows:

Section 2589. On and after the passage of this Act, the Treasurer of the State shall keep the money remitted to him by the Board of State Harbor Commissioners for San Diego, and any other money received by him for the purpose of said fund, to the credit of a fund to be known as the San Diego Harbor Improvement Fund, after which all drafts drawn by this board shall be paid by the Treasurer out of the San Diego Harbor Improvement Fund.

SEC. 4. Section 2590 of the above entitled Act is hereby amended to read as follows:

Section 2590. The State Treasurer shall receive all moneys paid by the said State Harbor Commissioners for San Diego, and any moneys that may be received for the purpose of said fund, and keep the same in a separate fund, to be known as the San Diego Harbor Improvement Fund, and pay out the same as provided for in this article, and shall keep an accurate account of all moneys received by him and paid out under the authority of this article, in books kept solely for that purpose, which said books shall be open at all times to the inspection of the Governor, Controller of State, and of any committee appointed by the Legislature, or by either branch thereof.

SEC. 5. Section 2591 of the above entitled Act is hereby amended to read as follows:

Section 2591. When the commissioners determine to construct any part of the seawall, they must advertise for sealed proposals for not less than thirty days, in not less than two daily papers in San Diego. The advertisement must give a full and accurate description of the work to be done, the place where to be done, and the material to be used. On the day dated in the advertisement the bids must be opened in the presence of such bidders as are present, and the contract awarded to the lowest bidder, who

shall give a bond with two or more responsible sureties, to be approved by the commissioners, for the due performance of the work. Their approval must be indorsed on said bond. If, in the opinion of the commissioners, the bids are too high, they shall reject them and advertise anew in like manner as before. And if, in the opinion of the commissioners, the second bids are also too high, they shall reject them likewise and may enter into a contract with responsible parties without giving further notice. Or, if in the opinion of the commissioners, the work may be more economically performed by themselves, they may do so. The parties entering into a private contract with the commissioners must give a bond, with two or more responsible persons as sureties, to be approved by the commissioners, which approval shall be by writing indorsed upon said bond, conditioned for the faithful performance of the contract. But the consideration agreed to be paid in any contract entered into without giving public notice must be five per cent lower than the lowest responsible bid rejected. The work to be performed under any one contract shall not exceed one thousand lineal feet of harbor embankment or seawall. But the commissioners may enter into as many contracts at the same time as they deem expedient; *provided*, the amount in the Harbor Improvement Fund, together with the revenue estimated to accrue pursuant to Section 2582 of the Political Code, shall be sufficient to meet the contract price of such work, after deducting the current expenses of the commission, and the amount required for the erection and repair of the wharves, dredging the docks, and slips, and incidental expenses; but in no event shall the State be liable on such contracts for any deficiency in the Harbor Improvement Fund. Separate contracts may be entered into for the dredging of a canal for the reception of the rock required for the construction of a harbor embankment; *provided*, that the advertising of sealed proposals, the receiving and opening of bids, and the awarding of contracts required in this section, shall be complied with in the letting of such work in separate contracts. The commissioners may, if in their opinion it will be more economical, dredge with the dredger belonging to the State, the channel necessary for the reception of the stone used in the construction of the seawall. No contractor who enters into a contract to construct any portion of said seawall shall be required to commence the work in less than thirty days after the awarding of the contract. The board shall, at least ten days previous to the holding of any meeting, as provided in this section, notify the Governor of this State, and the Mayors of San Diego City and National City of the time, and place, and object of the meeting, and request them to be present and take part therein; and at said meeting the Governor, and the Mayors of the City of San Diego and of National City, shall be deemed additional members of said board, with like powers and rights as other members thereof; and no contract shall be entered into under the authority of this section without the consent of either the Governor, or Mayor of San Diego City, or the Mayor of National City. Every proposal shall be accompanied by a certified check for an amount equal to five per cent of the amount of such proposal, to be made payable to the order of the secretary of the board, conditioned that if the proposals are accepted and the contract awarded, and if the bidder shall fail or neglect to execute the contract and give the bond required within six days after the award is made, in that case said sum mentioned in said check shall be deemed liquidated damages for such failure and neglect, and shall be paid into the San Diego Harbor Improvement Fund, and all contracts made pursuant to this title shall provide, under penalties of forfeiture of contract, at the option of the commissioners, that no Chinese or Mongolian labor shall be employed on the work. The right to construct, maintain, and operate railroads on said bulkheads, embankment, or seawall, shall vest absolutely in said Board of Harbor Commissioners, to be operated by them with their own engines, and at such charges as they may see fit to make, but they shall give all railways terminating at the bay of San Diego equal facilities for bringing ship and car together; and as long as they have no engines of their own, they may hire such engines, or temporarily allow railroad or other companies to move their cars with other suitable engines.

SEC 6. Section 2605 of the above entitled Act is hereby amended to read as follows: Section 2605 Whenever the Board of State Harbor Commissioners for San Diego shall have located a line for a harbor embankment or seawall for any part of the harbor, as provided in Section 2588, they shall make a plan and plat of all the lands of the State included between the said embankment and the shore line of the bay, and file a copy of the same with the Recorder of the County of San Diego. The Commissioners shall have the right to lease said lands under such established rules and regulations as they may adopt and publish. But no lease shall be made or be valid for a term of more than fifty years, nor shall any lease be made or valid except made to the highest bidder, at public auction, after notice has been given in the official newspaper of the city, daily, for at least thirty days prior to said auction. And all leases shall provide for the payment of monthly rentals; and that the lessee or his assigns shall not use said lands in any manner to decrease the amount of the tidal waters of the bay; and shall also provide for the forfeiture of said leases upon non-fulfillment of any of the covenants in said leases. No portion of said lands shall be leased in one lease in quantity to exceed one acre, except when leased for railroad purposes, nor shall the leases of more than three acres in quantity of said lands be sold at any one public auction, except when leased for railroad purposes. Whenever the Board of State Harbor Commissioners for San Diego shall have adopted the plans for the construction of piers and wharves in said harbor and the improvements thereof as provided in Section 2588, they shall have the power to grant to any person permission to construct in said harbor piers and wharves according to said plan and according to specifications, rules, and regulations adopted by said board, at the cost and expense of said persons to whom such permission may be granted, but no such permis-

sion shall be granted for a term of more than fifty years, nor shall any such permission be made, or be valid, except to the highest bidder at public auction, after notice has been given in the official newspaper of the city, daily, for at least thirty days prior to said auction; and in granting such permission said board shall provide and require the payment of monthly rentals therefor, and such persons to whom such permission shall be granted shall use the said premises and the structures erected thereon by them according to the rules and regulations that may be adopted by said board, and shall also provide for the forfeiture and termination of such permission upon non-fulfillment of any of the covenants agreed to be performed by such persons, or violation of the rules and regulations of said board. All funds derived from said leases and permissions shall be reported to, and paid out from, the State treasury, as provided in Section 2584.

SEC. 7. All Acts or parts of Acts in conflict herewith are hereby repealed.

REPORT OF ASSEMBLY SPECIAL COMMITTEE ON INVESTIGATION OF THE METHODS
EMPLOYED IN THE ELECTION OF A UNITED STATES SENATOR.

MR. SPEAKER: Your Special Committee on Investigation beg leave to report that on the 16th day of January, 1899, the Assembly duly passed the following resolution:

By Mr. Johnson:

"WHEREAS, Direct charges have been made that improper means have been used to influence the action of Hon. Howard E. Wright, a member of and Speaker of the Assembly, in the election of a United States Senator by the Legislature; and

"WHEREAS, It has been charged that some persons have used, and are using, illegal methods to influence the action of members of the Assembly in the said election; and

"WHEREAS, It has been indirectly charged that members of the Assembly have been improperly influenced in their votes for United States Senator; and

"WHEREAS, Such charges have been given wide publicity, and should be investigated to the end that if found to be true the guilty should be punished, and if found to be untrue the originators thereof should be punished; now, therefore, be it

"Resolved, That a select committee of seven members of the Assembly be appointed by the Speaker pro tem., to immediately and fully, thoroughly and carefully, investigate each and all of said charges, whether direct or indirect, and also to investigate in like manner the methods used to influence members of the Assembly in their votes for United States Senator, and that said committee have full power to send for persons, books, telegrams, and papers, and to employ a clerk and stenographer, and that it have leave to sit during the sessions of the Assembly, and that said committee report fully, as speedily as possible, with such recommendations as it may deem proper."

That immediately upon the adoption of the resolution, we entered upon our duties in that behalf, and have diligently prosecuted the inquiry to this time, holding our sittings daily and nightly.

A great number of witnesses have been examined, and a wide range of inquiry has been instituted, entering even into the domain of rumor and conjecture, that no hidden truth might escape us.

We herewith report our findings:

First.—That the Hon. Howard E. Wright, Speaker of this the thirty-third session of the Legislature of the State of California, received from Ulysses S. Grant, Jr., through his duly accredited political manager, Milton J. Green, the sum of \$900 as a contribution.

to assist him to secure his election to this Assembly; which sum of money, as testified by said Wright, was expended by the said Wright in advancing his nomination and election prior to the primaries next preceding the general State election on November 8, 1898.

Second—That the said Wright also received from the same sources the further sum of \$750 after his nomination, and preceding his election, which sum was a loan to be repaid.

Third—That the said Wright, prior to his election as Speaker of this Assembly, led John D. Spreckels and W. S. Leake, owner and manager, respectively, of the San Francisco Call, to believe that he was wholly unpledged and under no obligations relative to the election of United States Senator, and thereby secured to himself the supporting influence of the San Francisco Call in the furtherance of his candidacy for the Speakership.

Fourth—That the said Howard E. Wright secured to himself the influence of Robert N. Bulla, and his friends, in aid of his election to the Speakership, by an express promise that, if elected, he would vote for Robert N. Bulla for United States Senator.

Fifth—That the said Howard E. Wright, by the acceptance of said contribution of \$900 in aid of his election, and in the acceptance of said loan of said sum of \$750 from Ulysses S. Grant, Jr., led the said Grant to believe that if the said Howard E. Wright were elected to the Assembly he would be friendly to the candidacy of the said Ulysses S. Grant, Jr., for United States Senator.

Sixth—That the said Howard E. Wright sought and obtained the influence of Daniel M. Burns in aid of his candidacy for the Speakership in such manner as to lead the said Daniel M. Burns to expect the vote of the said Howard E. Wright after the said Daniel M. Burns had become a candidate for United States Senator, by reason of the obligations he (Wright) was under for such aid and influence.

Seventh—That in receiving said sums of money from the said Ulysses S. Grant, Jr., and in receiving such aid and assistance from the said Daniel M. Burns, there was no consideration given therefor by the said Howard E. Wright by way of an express promise to vote for either of said candidates for United States Senator.

Eighth—That the said Howard E. Wright applied to W. F. Herrin, of the Law Department of the Southern Pacific Company, for transportation mileage tickets, instead of making application to the officers of the said company, who usually sell such tickets, and that the said Howard E. Wright, on the receipt of the same, paid therefor the regulation price.

Ninth—That as to the charge that the said Howard E. Wright applied to the said W. F. Herrin for \$1,200, or any other sum of money, we are unable to obtain any evidence whatever in support thereof.

Tenth—That Milton J. Green, of San Francisco, was the duly appointed and accredited political manager of Ulysses S. Grant, Jr., of San Diego, a candidate before the Legislature for United States Senator.

Eleventh—That the said Milton J. Green had the full power to manage such candidacy in such manner and method as he might choose; and to expend such moneys as he saw fit, in any sum, and in any manner, at any places, that he might deem proper, saving and excepting that such expenditures should be legitimate, and only for legitimate purposes, as testified by the said Milton J. Green and Ulysses S. Grant, Jr.

Twelfth—That the said Milton J. Green expended large sums of money, exceeding in amount \$20,000, but the exact sum of which this committee has been unable to learn, for the reason that the said Milton J. Green refused to answer certain questions which were calculated to develop that fact, and for which refusal he now stands committed to appear before the bar of the Assembly to show cause why he should not be held for contempt.

Thirteenth—That on behalf of the said Ulysses S. Grant, Jr. the said Milton J. Green sent various sums of money, ranging in amounts from \$100 to \$500, into many of the legislative districts for the purpose of assisting in the election of a Republican Legislature.

In at least ten of such districts the Republican candidates therein had no knowledge of the money so expended in their behalf.

Fourteenth—That the said Milton J. Green, on behalf of the said Ulysses S. Grant, Jr., gave to Dan T. Cole the sum of \$500, to be expended by the said Cole in aid of the candidacy of the said Ulysses S. Grant, Jr. for United States Senator; that of the said sum of \$500 the said Dan T. Cole expended \$100 in traveling and hotel expenses for himself, and the remaining \$400 the said Cole gave to Assemblyman Jilson of the First Assembly District, which amount, as testified by the said Jilson, was expended in aid of the election of the Republican candidates for Governor, Railroad Commissioner, Justices of the Supreme Court, member of Congress, and the State Senator in the Second District, but that no part thereof was by the said Jilson expended in aid of his own candidacy.

Fifteenth—That the said Milton J. Green, for the purpose of aiding the candidacy of Ulysses S. Grant, Jr., for United States Senator, offered to Assemblyman Alden Anderson, representing the Nineteenth Assembly District, the sum of \$250, or thereabouts, to aid the said Anderson's election; which tender was by the said Anderson rejected.

Sixteenth—That in no case where the said Milton J. Green expended money in aid of the candidacy of the said Ulysses S. Grant, Jr., for United States Senator, so far as the evidence adduced shows, was a direct promise exacted from any legislative candidate into whose district money was sent, that he, the said candidate, should vote for the said Ulysses S. Grant, Jr., for United States Senator.

Seventeenth—That the moneys so expended as aforesaid by the said Milton J. Green, in aid of the candidacy of Ulysses S. Grant, Jr., were not expended through the medium of the State Central or the various County Central Committees to aid in the election of the general ticket, but were expended by the said Milton J. Green in aid of the legislative ticket, except the money expended by Assemblyman Jilson, as above set forth. However, the said Ulysses S. Grant, Jr., did make a personal contribution of \$450 to the County Central Committee of San Diego County in aid of the general ticket.

Eighteenth—That the evidence does not reveal that Daniel M. Burns, Robert N. Bulla, W. H. L. Barnes, or any other candidate for United States Senator, except as herein stated, has expended any money, promised any patronage, or threatened to withhold any patronage under their control in aid of their candidacy.

Nineteenth—That A. H. Merrill, Assemblyman, representing the Thirty-sixth District, solicited Daniel M. Burns to use his influence to secure two railroad tickets from W. F. Herrin, Chief Counsel of the Southern Pacific Company, for the use of a friend who had assisted said Merrill in his candidacy for the Assembly. That said Daniel M. Burns did purchase said tickets for the friend of said Assemblyman Merrill, and a few days thereafter paid the said Herrin \$132.50 for the same. It is testified to by the said Merrill and the said Burns that the said tickets were purchased and paid for only as an act of charity and fraternal obligation.

Twentieth—In the case of Assemblyman E. T. Cosper, the testimony shows that Charles G. Lamberson, an attorney of Visalia, in talking with Milton J. Green, suggested as others were making a money fight perhaps he (Green) had better offer Cosper five or six thousand dollars. The testimony further shows that this intimation was made wholly without the knowledge or consent of said Cosper, and was flatly refused and rebuked by Green. The testimony further shows that said Cosper is wholly exonerated from the intimation of improper influences.

That in view of the above findings of fact, your committee concludes and recommends:

First—That the conduct of Howard E. Wright, Speaker of the Assembly, as above set forth, be held to be reprehensible in an extreme degree, and that no mere censure on the part of the Assembly can meet the requirements of justice.

Without recommending what shall be done in the premises, whether deposition from the Speakership or other adequate punishment, we leave the course to be pursued to the judgment of the Assembly.

Second—That the expenditure of large sums of money in aid of the candidacy of United States Senator in the manner above set forth, is wrong and reprehensible; in that it is calculated to corrupt morals, to debauch the political system, to deter poor men of ability from entering upon a Senatorial campaign, and to give to the rich an unwarranted and unjustifiable advantage over men of equal ability and qualification, but of limited means.

That the receiving of money by legislative candidates from probable Senatorial candidates, either directly or indirectly, in aid of their own candidacy, is reprehensible for the same reasons.

COMMUNICATION AND RESIGNATION.

SACRAMENTO, January 30, 1899.

To the Assembly, Thirty-third Session California Legislature, and to the Secretary of State:

GENTLEMEN: In view of the circumstances attending the recent investigation and the report of the select committee (now familiar to the Assembly), I deem it due to myself and to the Assembly to present this communication.

I feel that in many respects the findings and conclusions of the committee are unjust and unwarranted by the evidence.

It cannot be asserted that I ever denied to any one a single fact sustained by the testimony.

It is due to me to say that I freely and frankly stated all of the facts that are alleged by the committee to be censurable.

It is not pretended by any one, nor do I admit for a moment, that I have been guilty of any crime; I therefore repeat that I feel that the committee has done me a grave injustice.

Nevertheless, as shown by the report of the committee, it appears that some members of the Assembly suggested that I ought not to continue to preside as Speaker. I do not wish to do so for that reason.

Therefore, thanking the members of the Assembly for their kindness and courtesy in the past, I now tender my resignation as Speaker, and ask that it be accepted at once.

HOWARD E. WRIGHT.

Mr. Dibble moved that the Speaker's communication be made the special order for to-day at two o'clock P. M.

WHEREAS, There is now pending in the Congress of the United States a measure providing for the construction of the Nicaragua Canal by the United States Government;

Resolved by the Senate of the State of California, the Assembly thereof concurring, That our Senators in Congress be instructed, and our members of the House of Representatives of the United States be requested, to earnestly support the passage of this measure; and be it further

Resolved, That we favor the absolute ownership and operation of the said Nicaragua Canal by the United States Government;

The decision or judgment of said board as to the fact of the ability or disability, or its duration, or the amount of relief at any time to be granted, shall be binding and final as against the claimant of relief. Such fund shall be used for such purposes, and to pay the necessary expenses of stationery and office rent for said board, and for no other purpose. The relief granted shall not exceed twenty-five dollars (\$25) per month to each enrolled member so disabled.

"SEC. 6.
